46 82 83 00-0211	EA	1/2" Outside Diameter Probe, 0-5 VDC, 4-20mA Outputs, RS485 Modbus RTU, Insertion Flowmeter With Integral Electronics (Eldridge 8840MP-SSS-133).....	2,983.53	22.54
		Note: • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C • Accuracy including linearity (Ref.: 21°C): ± (1% of Reading + 0.5% of Full Scale + GTC) • Repeatability ± 0.2% of Full Scale • Turn down ratio 100:1 @ 15 SFPM (.076 NMS) Minimum Reading • Ambient electronics temperature range -40° to 158°F (-40° to 50°C) • Gas temperature range -40° to 392°F (-40° to 200°C) • EPICom Windows based communication software (RS232, RS485 or USB) • EPI-Val Field Calibration Validation • INTEGRAL Electronics; 2-line 16 character display & 4-button keypad; Output 4-20mA, 0-5VDC(2nd 4-20mA available); RS232 & RS485 Modbus RTU; Probe 1/2" OD • REMOTE Flow Indicator Transmitter (FT/FIT) - Remote Enclosure (10" x 8"); with 2-line 16 character LCD display & 4-button keypad; Output 4-20mA, 0-5VDC(2nd 4-20mA available), two 1-amp @ 30 VDC Relays, user selectable alarm functions; Signal Interface - RS232 & RS485 Modbus RTU; For use in Ordinary Locations ONLY; (Provide required "Cable Length" option upon order. \$2/ft 10ft standard) 24 VDC (Standard) Gas Temperature Maximum (77°F / 25°C) Gas Temperature Maximum (150°F / 50°C)		
		For Enclosure Type DCEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) DCEX Double-sided, explosion-proof remote enclosure for DC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; two 1-amp @ 30 VDC Relays, user selectable alarm functions; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Enclosure Type ACEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) ACEX Double-sided, explosion-proof remote enclosure for AC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Sensor Type SSH, Add	1,961.76	
		Note: Available for insertion meters only Available for AIR, Stack/Exhaust gas only (Consult factory if other) 316 Stainless Steel High Temperature -400 to 800°F (Insertion probe limited to 3/4", 1" diameter) ** Non-certified product, No Approvals **		
		For Sensor Type HAS, Add	2,163.94	
		Note: C276 Hastelloy up to 400°F (Consult factory, other wetted parts may be needed) (Insertion probe 1/2", 3/4", 1" diameter)		
		For Display Type 133, Add	163.94	
		Note: Display and Keypad - Flow Indicator Transmitter (FIT)		
		For Power Option AC115 (115 VAC), Add	202.19	
		For Power Optin AC230 (230 VAC), Add	202.19	
		For 6" Probe, Add	10.93	
		For 12" 316L Stainless Steel Probe, Add	21.86	
		For 18" 316L Stainless Steel Probe, Add	43.72	
		For 24" 316L Stainless Steel Probe, Add	65.57	
		For 36" 316L Stainless Steel Probe, Add	87.43	
		Note: Max length for 1/2" probes		
		For Option MW075, Gas Temperature Maximum (167°F / 75°C), Add	65.57	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW100, Gas Temperature Maximum (212°F / 100°C), Add	237.16	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW125, Gas Temperature Maximum (257°F / 125°C), Add	409.84	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW150, Gas Temperature Maximum (302°F / 150°C), Add	581.42	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add	754.10	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add	925.69	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Mounting Type FBL1502, Add	125.68	
		Note: 1/2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1503, Add	136.61	
		Note: 3/4" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1504, Add	147.54	
		Note: 1" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1505, Add	163.94	
		Note: 1-1/4" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1506, Add	180.33	
		Note: 1-1/2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1508, Add	213.12	
		Note: 2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1510, Add	251.37	
		Note: 2-1/2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1512, Add	295.08	
		Note: 3" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations

		Note: • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C • Accuracy including linearity (Ref.: 21°C): ± (1% of Reading + 0.5% of Full Scale + GTC) • Repeatability ± 0.2% of Full Scale • Turn down ratio 100:1 @ 15 SFCM (.076 NMS) Minimum Reading • Ambient electronics temperature range -40° to 158°F (-40° to 50°C) • Gas temperature range -40° to 392°F (-40° to 200°C) • EPICom Windows based communication software (RS232, RS485 or USB) • EPI-Val Field Calibration Validation • INTEGRAL Electronics; 2-line 16 character display & 4-button keypad; Output 4-20mA, 0-5VDC(2nd 4-20mA available); RS232 & RS485 Modbus RTU; Probe 1/2" OD • REMOTE Flow Indicator Transmitter (FT/FIT) - Remote Enclosure (10" x 8"); with 2-line 16 character LCD display & 4-button keypad; Output 4-20mA, 0-5VDC(2nd 4-20mA available), two 1-amp @ 30 VDC Relays, user selectable alarm functions; Signal Interface - RS232 & RS485 Modbus RTU; For use in Ordinary Locations ONLY; (Provide required "Cable Length" option upon order. \$2/ft 10ft standard) 24 VDC (Standard) Gas Temperature Maximum (77°F / 25°C) Gas Temperature Maximum (150°F / 50°C)		
		For Enclosure Type DCEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) DCEX Double-sided, explosion-proof remote enclosure for DC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; two 1-amp @ 30 VDC Relays, user selectable alarm functions; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Enclosure Type ACEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) ACEX Double-sided, explosion-proof remote enclosure for AC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Sensor Type SSH, Add	1,961.76	
		Note: Available for insertion meters only Available for AIR, Stack/Exhaust gas only (Consult factory if other) 316 Stainless Steel High Temperature -400 to 800°F (Insertion probe limited to 3/4", 1" diameter) ** Non-certified product, No Approvals **		
		For Sensor Type HAS, Add	2,163.94	
		Note: C276 Hastelloy up to 400°F (Consult factory, other wetted parts may be needed) (Insertion probe 1/2", 3/4", 1" diameter)		
		For Display Type 133, Add	163.94	
		Note: Display and Keypad - Flow Indicator Transmitter (FIT)		
		For Power Option AC115 (115 VAC), Add	202.19	
		For Power Option AC230 (230 VAC), Add	202.19	
		For 6" Probe, Add	10.93	
		For 12" 316L Stainless Steel Probe, Add	21.86	
		For 18" 316L Stainless Steel Probe, Add	43.72	
		For 24" 316L Stainless Steel Probe, Add	65.57	
		For 36" 316L Stainless Steel Probe, Add	87.43	
		Note: Max length for 1/2" probes		
		For 48" 316L Stainless Steel Probe, Add	109.29	
		Note: 3/4" and 1" OD only		
		For 60" 316L Stainless Steel Probe, Add	131.15	
		Note: 3/4" and 1" OD only		
		For 72" 316L Stainless Steel Probe, Add	153.01	
		Note: 1" OD only		
		For 84" 316L Stainless Steel Probe, Add	174.86	
		Note: 1" OD only		
		For Option MW075, Gas Temperature Maximum (167°F / 75°C), Add	65.57	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW100, Gas Temperature Maximum (212°F / 100°C), Add	237.16	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW125, Gas Temperature Maximum (257°F / 125°C), Add	409.84	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW150, Gas Temperature Maximum (302°F / 150°C), Add	581.42	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add	754.10	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add	925.69	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Mounting Type FBL1502, Add	125.68	
		Note: 1/2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1503, Add	136.61	
		Note: 3/4" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1504, Add	147.54	
		Note: 1" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1505, Add	163.94	
		Note: 1-1/4" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1506, Add	180.33	
		Note: 1-1/2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1508, Add	213.12	
		Note: 2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1510, Add	251.37	
		Note: 2-1/2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1512, Add	295.08	
		Note: 3" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1516, Add	466.33	
		Note: 4" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL2000, Add	466.33	
		Note: 4" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations

46 82 83 00-0216	EA	1" Outside Diameter Probe, 0-5 VDC, 4-20mA Outputs, RS485 Modbus RTU, Mounted Master-Touch Flow Element/Flow Indicator Transmitter (FE/FIT), Insertion Flowmeter With Remote Electronics (Eldridge 8280MP-SSS-133).....	4,008.97	34.90
		Note: • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C • ENCLOSURE: ( Select Remote enclosure type: REM, ACEX, DCEX) • Accuracy including linearity (Ref.: 21°C): ± (1% of Reading + 0.5% of Full Scale + GTC) • Repeatability ± 0.2% of Full Scale • Turn down ratio 100:1 @ 15 SFPM (.076 NMS) Minimum Reading • Ambient electronics temperature range -40° to 158°F (-40° to 50°C) • Gas temperature range -40° to 392°F (-40° to 200°C) • EPICom Windows based communication software (RS232, RS485 or USB) • EPI-Val Field Calibration Validation • INTEGRAL Electronics; 2-line 16 character display & 4-button keypad; Output 4-20mA, 0-5VDC(2nd 4-20mA available); RS232 & RS485 Modbus RTU; Probe 1/2" OD • REMOTE Flow Indicator Transmitter (FT/FIT) - Remote Enclosure (10" x 8"); with 2-line 16 character LCD display & 4-button keypad; Output 4-20mA, 0-5VDC(2nd 4-20mA available), two 1-amp @ 30 VDC Relays, user selectable alarm functions; Signal Interface - RS232 & RS485 Modbus RTU; For use in Ordinary Locations ONLY; (Provide required "Cable Length" option upon order. \$2/ft 10ft standard) 24 VDC (Standard) Gas Temperature Maximum (77°F / 25°C) Gas Temperature Maximum (150°F / 50°C)		
		For Enclosure Type DCEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) DCEX Double-sided, explosion-proof remote enclosure for DC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; two 1-amp @ 30 VDC Relays, user selectable alarm functions; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Enclosure Type ACEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) ACEX Double-sided, explosion-proof remote enclosure for AC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Sensor Type SSH, Add	1,961.76	
		Note: Available for insertion meters only Available for AIR, Stack/Exhaust gas only (Consult factory if other) 316 Stainless Steel High Temperature -400 to 800°F (Insertion probe limited to 3/4", 1" diameter) ** Non-certified product, No Approvals **		
		For Sensor Type HAS, Add	2,163.94	
		Note: C276 Hastelloy up to 400°F (Consult factory, other wetted parts may be needed) (Insertion probe 1/2", 3/4", 1" diameter)		
		For Display Type 133, Add	163.94	
		Note: Display and Keypad - Flow Indicator Transmitter (FIT)		
		For Power Option AC115 (115 VAC), Add	202.19	
		For Power Option AC230 (230 VAC), Add	202.19	
		For 6" Probe, Add	10.93	
		For 12" 316L Stainless Steel Probe, Add	21.86	
		For 18" 316L Stainless Steel Probe, Add	43.72	
		For 24" 316L Stainless Steel Probe, Add	65.57	
		For 36" 316L Stainless Steel Probe, Add	87.43	
		Note: Max length for 1/2" probes		
		For 48" 316L Stainless Steel Probe, Add	109.29	
		Note: 3/4" and 1" OD only		
		For 60" 316L Stainless Steel Probe, Add	131.15	
		Note: 3/4" and 1" OD only		
		For 72" 316L Stainless Steel Probe, Add	153.01	
		Note: 1" OD only		
		For 84" 316L Stainless Steel Probe, Add	174.86	
		Note: 1" OD only		
		For Option MW075, Gas Temperature Maximum (167°F / 75°C), Add	65.57	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW100, Gas Temperature Maximum (212°F / 100°C), Add	237.16	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW125, Gas Temperature Maximum (257°F / 125°C), Add	409.84	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW150, Gas Temperature Maximum (302°F / 150°C), Add	581.42	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add	754.10	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add	925.69	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Mounting Type FBL1502, Add	125.68	
		Note: 1/2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1503, Add	136.61	
		Note: 3/4" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1504, Add	147.54	
		Note: 1" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1505, Add	163.94	
		Note: 1-1/4" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1506, Add	180.33	
		Note: 1-1/2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1508, Add	213.12	
		Note: 2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1510, Add	251.37	
		Note: 2-1/2" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1512, Add	295.08	
		Note: 3" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations		
		For Mounting Type FBL1516, Add	426.23	
		Note: 4" Flange; 150# ANSI Flange welded to probe; Refer to ANSI specifications for application design considerations

		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) DCEX Double-sided, explosion-proof remote enclosure for DC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; two 1-amp @ 30 VDC Relays, user selectable alarm functions; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Enclosure Type ACEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) ACEX Double-sided, explosion-proof remote enclosure for AC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Sensor Type HAS, Add	2,163.94	
		Note: C276 Hastelloy up to 400°F (Consult factory, other wetted parts may be needed) (Insertion probe 1/2", 3/4", 1" diameter)		
		For Display Type 133, Add	163.94	
		Note: Display and Keypad - Flow Indicator Transmitter (FIT)		
		For Power Option AC115 (115 VAC), Add	202.19	
		For Power Option AC230 (230 VAC), Add	202.19	
		For Option MW075, Gas Temperature Maximum (167°F / 75°C), Add	65.57	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW100, Gas Temperature Maximum (212°F / 100°C), Add	237.16	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW125, Gas Temperature Maximum (257°F / 125°C), Add	409.84	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW150, Gas Temperature Maximum (302°F / 150°C), Add	581.42	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add	754.10	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add	925.69	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Gas Option, AIR, Add	177.66	
		Note: Air (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, AR, Add	321.84	
		Note: Argon (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, CO2, Add	229.95	
		Note: Carbon Dioxide (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, C2H6, Add	735.35	
		Note: Ethane (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, C2H4, Add	735.35	
		Note: Ethylene (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, He, Add	708.02	
		Note: Helium (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, CH4, Add	508.20	
		Note: Methane (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, CH4/CO2, Add	576.57	
		Note: Methane and Carbon Dioxide - Mix (As Req'd.) (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, Nat.Gas., Add	508.20	
		Note: Natural Gas (Methane Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, N2, Add	161.57	
		Note: Nitrogen (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, O2, Add	177.66	
		Note: O2 (Air Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, C2H8, Add	358.30	
		Note: Propane (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Mounting Type FSW1502, Add	251.37	
		Note: 1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1503, Add	273.22	
		Note: 3/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1504, Add	300.55	
		Note: 1" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1505, Add	322.41	
		Note: 1-1/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1506, Add	360.66	
		Note: 1-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1508, Add	420.77	
		Note: 2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1510, Add	502.73	
		Note: 2-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1512, Add	590.17	
		Note: 3" Flange (150# Included with 3" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1516, Add	857.93	
		Note: 4" Flange (150# Included with 4" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW3002, Add	344.26	
		Note: 1/2" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW3003, Add	377.05	
		Note: 3/4" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW3004, Add	400.04	
		Note: 1" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations

Note: AIR, Stack/Exhaust gas only. Consult factory if other		
For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add	754.10	
Note: AIR, Stack/Exhaust gas only. Consult factory if other		
For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add	925.69	
Note: AIR, Stack/Exhaust gas only. Consult factory if other		
For Gas Option, AIR, Add	177.66	
Note: Air (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, AR, Add	321.84	
Note: Argon (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, CO2, Add	229.95	
Note: Carbon Dioxide (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, C2H6, Add	735.35	
Note: Ethane (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, C2H4, Add	735.35	
Note: Ethylene (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, He, Add	708.02	
Note: Helium (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, CH4, Add	508.20	
Note: Methane (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, CH4/CO2, Add	576.57	
Note: Methane and Carbon Dioxide - Mix (As Req'd.) (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, Nat.Gas., Add	508.20	
Note: Natural Gas (Methane Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, N2, Add	161.57	
Note: Nitrogen (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, O2, Add	177.66	
Note: O2 (Air Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, C2H8, Add	358.30	
Note: Propane (Gas prices for pressure above 125 PSI, Consult Factory)		
For Mounting Type FSW1502, Add	251.37	
Note: 1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1503, Add	273.22	
Note: 3/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1504, Add	300.55	
Note: 1" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1505, Add	322.41	
Note: 1-1/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1506, Add	360.66	
Note: 1-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1508, Add	420.77	
Note: 2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1510, Add	502.73	
Note: 2-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1512, Add	590.17	
Note: 3" Flange (150# Included with 3" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1516, Add	857.93	
Note: 4" Flange (150# Included with 4" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW3002, Add	344.26	
Note: 1/2" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW3003, Add	377.05	
Note: 3/4" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW3004, Add	400.04	
Note: 1" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-0226 EA 0-5 VDC, 4-20mA Outputs, RS232/RS485 Modbus RTU, Mounted Master-Touch™ Flow Element/Flow Transmitter (FE/FT), Stainless Steel, Inline Flowmeter With Remote Electronics For 2-1/2" Outside Diameter x 14" Length Pipe (Eldridge 8120MP-SSS-133)	3,728.33	69.07
For Enclosure Type DCEX, Add	322.41	
Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) DCEX Double-sided, explosion-proof remote enclosure for DC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; two 1-amp @ 30 VDC Relays, user selectable alarm functions; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
For Enclosure Type ACEX, Add	322.41	
Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) ACEX Double-sided, explosion-proof remote enclosure for AC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
For Sensor Type HAS, Add	2,163.94	
Note: C276 Hastelloy up to 400°F (Consult factory, other wetted parts may be needed) (Insertion probe 1/2", 3/4", 1" diameter)		
For Display Type 133, Add	163.94	
Note: Display and Keypad - Flow Indicator Transmitter (FIT)		
For Power Option AC115 (115 VAC), Add	202.19	
For Power Option AC230 (230 VAC), Add	202.19	
For Option MW075, Gas Temperature Maximum (167°F / 75°C), Add	65.57	
Note: AIR, Stack/Exhaust gas only. Consult factory if other		
For Option MW100, Gas Temperature Maximum (212°F / 100°C), Add	237.16	
Note: AIR, Stack/Exhaust gas only. Consult factory if other		
For Option MW125, Gas Temperature Maximum (257°F / 125°C), Add	409.84	
Note: AIR, Stack/Exhaust gas only. Consult factory if other		
For Option MW150, Gas Temperature Maximum (302°F / 150°C), Add	581.42	
Note: AIR, Stack/Exhaust gas only. Consult factory if other		
For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add	754.10	
Note: AIR, Stack/Exhaust gas only. Consult factory if other		
For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add	925.69	
Note: AIR, Stack/Exhaust gas only. Consult factory if other		
For Gas Option, AIR, Add	177.66	
Note: Air (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, AR, Add	321.84	
Note: Argon (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, CO2, Add	229.95	
Note: Carbon Dioxide (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, C2H6, Add	735.35	
Note: Ethane (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, C2H4, Add	735.35	
Note: Ethylene (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, He, Add	708.02	
Note: Helium (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, CH4, Add	508.20	
Note: Methane (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, CH4/CO2, Add	576.57	
Note: Methane and Carbon Dioxide - Mix (As Req'd.) (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, Nat.Gas., Add	508.20	
Note: Natural Gas (Methane Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, N2, Add	161.57	
Note: Nitrogen (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, O2, Add	177.66	
Note: O2 (Air Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
For Gas Option, C2H8, Add	358.30	
Note: Propane (Gas prices for pressure above 125 PSI, Consult Factory)		
For Mounting Type FSW1502, Add	251.37	
Note: 1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1503, Add	273.22	
Note: 3/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1504, Add	300.55	
Note: 1" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1505, Add	322.41	
Note: 1-1/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1506, Add	360.66	
Note: 1-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1508, Add	420.77	
Note: 2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1510, Add	502.73	
Note: 2-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1512, Add	590.17	
Note: 3" Flange (150# Included with 3" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW1516, Add	857.93	
Note: 4" Flange (150# Included with 4" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW3002, Add	344.26	
Note: 1/2" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW3003, Add	377.05	
Note: 3/4" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
For Mounting Type FSW3004, Add	400.04	
Note: 1" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations

MINOR	TOTAL DIRECT	DEMOLITION
CSI UOM DESCRIPTION	UNIT COST	UNIT COST

---

	MINOR CSI UOM DESCRIPTION		TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-0227	EA	0-5 VDC, 4-20mA Outputs, RS232/RS485 Modbus RTU, Mounted Master-Touch™ Flow Element/Flow Transmitter (FE/FT), Stainless Steel, Inline Flowmeter With Remote Electronics For 3" Outside Diameter x 14" Length Pipe (Eldridge 8124MP-SSS-133) .....	4,881.67	77.80
		For Enclosure Type DCEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) DCEX Double-sided, explosion-proof remote enclosure for DC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; two 1-amp @ 30 VDC Relays, user selectable alarm functions; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Enclosure Type ACEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) ACEX Double-sided, explosion-proof remote enclosure for AC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Sensor Type HAS, Add	2,163.94	
		Note: C276 Hastelloy up to 400°F (Consult factory, other wetted parts may be needed) (Insertion probe 1/2", 3/4", 1" diameter)		
		For Display Type 133, Add	163.94	
		Note: Display and Keypad - Flow Indicator Transmitter (FIT)		
		For Power Option AC115 (115 VAC), Add	202.19	
		For Power Option AC230 (230 VAC), Add	202.19	
		For Option MW075, Gas Temperature Maximum (167°F / 75°C), Add	65.57	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW100, Gas Temperature Maximum (212°F / 100°C), Add	237.16	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW125, Gas Temperature Maximum (257°F / 125°C), Add	409.84	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW150, Gas Temperature Maximum (302°F / 150°C), Add	581.42	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add	754.10	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add	925.69	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Gas Option, AIR, Add	177.66	
		Note: Air (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, AR, Add	321.84	
		Note: Argon (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, CO2, Add	229.95	
		Note: Carbon Dioxide (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, C2H6, Add	735.35	
		Note: Ethane (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, C2H4, Add	735.35	
		Note: Ethylene (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, He, Add	708.02	
		Note: Helium (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, CH4, Add	508.20	
		Note: Methane (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, CH4/CO2, Add	576.57	
		Note: Methane and Carbon Dioxide - Mix (As Req'd.) (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, Nat.Gas., Add	508.20	
		Note: Natural Gas (Methane Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, N2, Add	161.57	
		Note: Nitrogen (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, O2, Add	177.66	
		Note: O2 (Air Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, C2H8, Add	358.30	
		Note: Propane (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Mounting Type FSW1502, Add	251.37	
		Note: 1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1503, Add	273.22	
		Note: 3/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1504, Add	300.55	
		Note: 1" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1505, Add	322.41	
		Note: 1-1/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1506, Add	360.66	
		Note: 1-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1508, Add	420.77	
		Note: 2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1510, Add	502.73	
		Note: 2-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1512, Add	590.17	
		Note: 3" Flange (150# Included with 3" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1516, Add	857.93	
		Note: 4" Flange (150# Included with 4" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW3002, Add	344.26	
		Note: 1/2" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW3003, Add	377.05	
		Note: 3/4" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW3004, Add	400.04	
		Note: 1" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations

46 82 83 00-0230	EA	0-5 VDC, 4-20mA Outputs, RS232/RS485 Modbus RTU, Inline, Mounted Master-Touch Flow Element/Flow Indicator Transmitter (FE/FIT) Inline Flowmeter With Integral Electronics For 3/8" Outside Diameter x 6" Length Pipe (Eldridge 8649MP-SSS-133)	3,050.93	20.36
		For Enclosure Type DCEX, Add Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) DCEX Double-sided, explosion-proof remote enclosure for DC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; two 1-amp @ 30 VDC Relays, user selectable alarm functions; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);	322.41	
		For Enclosure Type ACEX, Add Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) ACEX Double-sided, explosion-proof remote enclosure for AC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);	322.41	
		For Sensor Type HAS, Add Note: C276 Hastelloy up to 400°F (Consult factory, other wetted parts may be needed) (Insertion probe 1/2", 3/4", 1" diameter)	2,163.94	
		For Display Type 133, Add Note: Display and Keypad - Flow Indicator Transmitter (FIT)	163.94	
		For Power Option AC115 (115 VAC), Add	202.19	
		For Power Option AC230 (230 VAC), Add	202.19	
		For Option MW075, Gas Temperature Maximum (167°F / 75°C), Add Note: AIR, Stack/Exhaust gas only. Consult factory if other	65.57	
		For Option MW100, Gas Temperature Maximum (212°F / 100°C), Add Note: AIR, Stack/Exhaust gas only. Consult factory if other	237.16	
		For Option MW125, Gas Temperature Maximum (257°F / 125°C), Add Note: AIR, Stack/Exhaust gas only. Consult factory if other	409.84	
		For Option MW150, Gas Temperature Maximum (302°F / 150°C), Add Note: AIR, Stack/Exhaust gas only. Consult factory if other	581.42	
		For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add Note: AIR, Stack/Exhaust gas only. Consult factory if other	754.10	
		For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add Note: AIR, Stack/Exhaust gas only. Consult factory if other	925.69	
		For Gas Option, AIR, Add Note: Air (Gas prices for pressure above 125 PSI, Consult Factory)	177.66	
		For Gas Option, AR, Add Note: Argon (Gas prices for pressure above 125 PSI, Consult Factory)	321.84	
		For Gas Option, CO2, Add Note: Carbon Dioxide (Gas prices for pressure above 125 PSI, Consult Factory)	229.95	
		For Gas Option, C2H6, Add Note: Ethane (Gas prices for pressure above 125 PSI, Consult Factory)	735.35	
		For Gas Option, C2H4, Add Note: Ethylene (Gas prices for pressure above 125 PSI, Consult Factory)	735.35	
		For Gas Option, He, Add Note: Helium (Gas prices for pressure above 125 PSI, Consult Factory)	708.02	
		For Gas Option, CH4, Add Note: Methane (Gas prices for pressure above 125 PSI, Consult Factory)	508.20	
		For Gas Option, CH4/CO2, Add Note: Methane and Carbon Dioxide - Mix (As Req'd.) (Gas prices for pressure above 125 PSI, Consult Factory)	576.57	
		For Gas Option, Nat.Gas., Add Note: Natural Gas (Methane Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)	508.20	
		For Gas Option, N2, Add Note: Nitrogen (Gas prices for pressure above 125 PSI, Consult Factory)	161.57	
		For Gas Option, O2, Add Note: O2 (Air Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)	177.66	
		For Gas Option, C2H8, Add Note: Propane (Gas prices for pressure above 125 PSI, Consult Factory)	358.30	
		For Mounting Type FSW1502, Add Note: 1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	251.37	
		For Mounting Type FSW1503, Add Note: 3/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	273.22	
		For Mounting Type FSW1504, Add Note: 1" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	300.55	
		For Mounting Type FSW1505, Add Note: 1-1/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	322.41	
		For Mounting Type FSW1506, Add Note: 1-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	360.66	
		For Mounting Type FSW1508, Add Note: 2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	420.77	
		For Mounting Type FSW1510, Add Note: 2-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	502.73	
		For Mounting Type FSW1512, Add Note: 3" Flange (150# Included with 3" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	590.17	
		For Mounting Type FSW1516, Add Note: 4" Flange (150# Included with 4" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	857.93	
		For Mounting Type FSW3002, Add Note: 1/2" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	344.26	
		For Mounting Type FSW3003, Add Note: 3/4" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	377.05	
		For Mounting Type FSW3004, Add	400.04

		For Gas Option, C2H8, Add Note: Propane (Gas prices for pressure above 125 PSI, Consult Factory)	358.30	
		For Mounting Type FSW1502, Add Note: 1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	251.37	
		For Mounting Type FSW1503, Add Note: 3/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	273.22	
		For Mounting Type FSW1504, Add Note: 1" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	300.55	
		For Mounting Type FSW1505, Add Note: 1-1/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	322.41	
		For Mounting Type FSW1506, Add Note: 1-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	360.66	
		For Mounting Type FSW1508, Add Note: 2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	420.77	
		For Mounting Type FSW1510, Add Note: 2-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	502.73	
		For Mounting Type FSW1512, Add Note: 3" Flange (150# Included with 3" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	590.17	
		For Mounting Type FSW1516, Add Note: 4" Flange (150# Included with 4" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	857.93	
		For Mounting Type FSW3002, Add Note: 1/2" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	344.26	
		For Mounting Type FSW3003, Add Note: 3/4" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations	377.05	
		For Mounting Type FSW3004, Add	400.04

	MINOR CSI UOM DESCRIPTION		TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-0234	EA	0-5 VDC, 4-20mA Outputs, RS232/RS485 Modbus RTU, Inline, Mounted Master-Touch Flow Element/Flow Indicator Transmitter (FE/FIT) Inline Flowmeter With Integral Electronics For 1-1/4" Outside Diameter x 10" Length Pipe (Eldridge 8710MP-SSS-133) .....	3,152.10	43.63
		For Enclosure Type DCEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) DCEX Double-sided, explosion-proof remote enclosure for DC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; two 1-amp @ 30 VDC Relays, user selectable alarm functions; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Enclosure Type ACEX, Add	322.41	
		Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) ACEX Double-sided, explosion-proof remote enclosure for AC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);		
		For Sensor Type HAS, Add	2,163.94	
		Note: C276 Hastelloy up to 400°F (Consult factory, other wetted parts may be needed) (Insertion probe 1/2", 3/4", 1" diameter)		
		For Display Type 133, Add	163.94	
		Note: Display and Keypad - Flow Indicator Transmitter (FIT)		
		For Power Option AC115 (115 VAC), Add	202.19	
		For Power Option AC230 (230 VAC), Add	202.19	
		For Option MW075, Gas Temperature Maximum (167°F / 75°C), Add	65.57	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW100, Gas Temperature Maximum (212°F / 100°C), Add	237.16	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW125, Gas Temperature Maximum (257°F / 125°C), Add	409.84	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW150, Gas Temperature Maximum (302°F / 150°C), Add	581.42	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add	754.10	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add	925.69	
		Note: AIR, Stack/Exhaust gas only. Consult factory if other		
		For Gas Option, AIR, Add	177.66	
		Note: Air (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, AR, Add	321.84	
		Note: Argon (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, CO2, Add	229.95	
		Note: Carbon Dioxide (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, C2H6, Add	735.35	
		Note: Ethane (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, C2H4, Add	735.35	
		Note: Ethylene (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, He, Add	708.02	
		Note: Helium (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, CH4, Add	508.20	
		Note: Methane (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, CH4/CO2, Add	576.57	
		Note: Methane and Carbon Dioxide - Mix (As Req'd.) (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, Nat.Gas., Add	508.20	
		Note: Natural Gas (Methane Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, N2, Add	161.57	
		Note: Nitrogen (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, O2, Add	177.66	
		Note: O2 (Air Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Gas Option, C2H8, Add	358.30	
		Note: Propane (Gas prices for pressure above 125 PSI, Consult Factory)		
		For Mounting Type FSW1502, Add	251.37	
		Note: 1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1503, Add	273.22	
		Note: 3/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1504, Add	300.55	
		Note: 1" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1505, Add	322.41	
		Note: 1-1/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1506, Add	360.66	
		Note: 1-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1508, Add	420.77	
		Note: 2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1510, Add	502.73	
		Note: 2-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1512, Add	590.17	
		Note: 3" Flange (150# Included with 3" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW1516, Add	857.93	
		Note: 4" Flange (150# Included with 4" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW3002, Add	344.26	
		Note: 1/2" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW3003, Add	377.05	
		Note: 3/4" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations		
		For Mounting Type FSW3004, Add	400.04	
		Note: 1" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations

		<i>For Enclosure Type DCEX, Add</i>	322.41	
		<i>Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) DCEX Double-sided, explosion-proof remote enclosure for DC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; two 1-amp @ 30 VDC Relays, user selectable alarm functions; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);</i>		
		<i>For Enclosure Type ACEX, Add</i>	322.41	
		<i>Note: • REMOTE - Flow Indicator Transmitter (FT/FIT) ACEX Double-sided, explosion-proof remote enclosure for AC input power with 2" pipe mounting bracket assembly; 2-line 16 character display/4-button keypad; 0-5VDC(2nd 4-20mA available), 4-20mA outputs; RS485 Modbus RTU; For use in Hazardous Area Locations; • CSA/CUS T2 Approved Instrument — For use in hazardous area locations; Class I Division 1, Group B, C, D; Class II Group E, F, G; Class III; Enclosure Type 4X; Class I Zone I; AEx d IIB+H2 IP66; Ex d IIB+H2 IP66; T2; Ta = 0°C to 50°C (Provide required "Cable Length" option upon order. \$2/ft 10ft standard);</i>		
		<i>For Sensor Type HAS, Add</i>	2,163.94	
		<i>Note: C276 Hastelloy up to 400°F (Consult factory, other wetted parts may be needed) (Insertion probe 1/2", 3/4", 1" diameter)</i>		
		<i>For Display Type 133, Add</i>	163.94	
		<i>Note: Display and Keypad - Flow Indicator Transmitter (FIT)</i>		
		<i>For Power Option AC115 (115 VAC), Add</i>	202.19	
		<i>For Power Option AC230 (230 VAC), Add</i>	202.19	
		<i>For Option MW075, Gas Temperature Maximum (167°F / 75°C), Add</i>	65.57	
		<i>Note: AIR, Stack/Exhaust gas only. Consult factory if other</i>		
		<i>For Option MW100, Gas Temperature Maximum (212°F / 100°C), Add</i>	237.16	
		<i>Note: AIR, Stack/Exhaust gas only. Consult factory if other</i>		
		<i>For Option MW125, Gas Temperature Maximum (257°F / 125°C), Add</i>	409.84	
		<i>Note: AIR, Stack/Exhaust gas only. Consult factory if other</i>		
		<i>For Option MW150, Gas Temperature Maximum (302°F / 150°C), Add</i>	581.42	
		<i>Note: AIR, Stack/Exhaust gas only. Consult factory if other</i>		
		<i>For Option MW175, Gas Temperature Maximum (347°F / 175°C), Add</i>	754.10	
		<i>Note: AIR, Stack/Exhaust gas only. Consult factory if other</i>		
		<i>For Option MW200, Gas Temperature Maximum (392°F / 200°C), Add</i>	925.69	
		<i>Note: AIR, Stack/Exhaust gas only. Consult factory if other</i>		
		<i>For Gas Option, AIR, Add</i>	177.66	
		<i>Note: Air (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, AR, Add</i>	321.84	
		<i>Note: Argon (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, CO2, Add</i>	229.95	
		<i>Note: Carbon Dioxide (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, C2H6, Add</i>	735.35	
		<i>Note: Ethane (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, C2H4, Add</i>	735.35	
		<i>Note: Ethylene (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, He, Add</i>	708.02	
		<i>Note: Helium (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, CH4, Add</i>	508.20	
		<i>Note: Methane (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, CH4/CO2, Add</i>	576.57	
		<i>Note: Methane and Carbon Dioxide - Mix (As Req'd.) (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, Nat.Gas., Add</i>	508.20	
		<i>Note: Natural Gas (Methane Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, N2, Add</i>	161.57	
		<i>Note: Nitrogen (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, O2, Add</i>	177.66	
		<i>Note: O2 (Air Substitute ) (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Gas Option, C2H8, Add</i>	358.30	
		<i>Note: Propane (Gas prices for pressure above 125 PSI, Consult Factory)</i>		
		<i>For Mounting Type FSW1502, Add</i>	251.37	
		<i>Note: 1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW1503, Add</i>	273.22	
		<i>Note: 3/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW1504, Add</i>	300.55	
		<i>Note: 1" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW1505, Add</i>	322.41	
		<i>Note: 1-1/4" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW1506, Add</i>	360.66	
		<i>Note: 1-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW1508, Add</i>	420.77	
		<i>Note: 2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW1510, Add</i>	502.73	
		<i>Note: 2-1/2" Flange; 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW1512, Add</i>	590.17	
		<i>Note: 3" Flange (150# Included with 3" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW1516, Add</i>	857.93	
		<i>Note: 4" Flange (150# Included with 4" flow body); 150# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW3002, Add</i>	344.26	
		<i>Note: 1/2" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW3003, Add</i>	377.05	
		<i>Note: 3/4" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>		
		<i>For Mounting Type FSW3004, Add</i>	400.04	
		<i>Note: 1/2" Flange; 300# ANSI Flange welded to flow body; Refer to ANSI specifications for application design considerations</i>

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-1357 EA Scott 16 Channel Controller Model 7800 .....	6,735.29	370.52
Note: Includes 0 analog inputs, 0 direct catalytic bead input, 0 analog output. For options use model code order: MODEL 7800 A - B - C - DD - E - F - G - H.		
For Enclosure Option, A - 1; Fiberglass NEMA-4X Wall Mount Enclosure - Maximum 7 Option Boards, Add	538.00	
For Enclosure Option A - 2; Panel Mount - Maximum 2 Option Boards, Add	645.00	
For Enclosure Option A - 3; NEMA-7 Explosion Proof Wall Mount Enclosure (Cast Aluminum) - Maximum 11 Option Boards, Add	4,730.00	
For Enclosure Option A - 4; 19" Rack Mount with Single Sixteen Channel Receiver & Cover Panel - Maximum 4 Option Boards, Add	645.00	
For Enclosure Option A - 2; 19" Rack Mount with Dual Sixteen Channel Receivers Note: Supports 32 pts - Maximum 2 Option Boards, Add	4,085.00	
For Enclosure Option A - 6; Stainless Steel Enclosure (NEMA4) - Maximum 11 Option Boards, Add	1,398.00	
For Input - Analog (4-20mA) Option B - 2; 8 Points (1 board), Add	430.00	
For Input - Analog (4-20mA) Option B - 3; 16 Points (2 boards), Add	860.00	
For Input - Analog (4-20mA) Option B - 4; 24 Points (3 boards), Add	1,290.00	
For Input - Analog (4-20mA) Option B - 5; 32 Points (4 boards), Add	1,720.00	
For Input - Direct Catalytic Bead Option C - 2; 8 Points (1 board), Add	1,054.00	
For Input - Direct Catalytic Bead Option C - 3; 16 Points (2 boards), Add	2,107.00	
For Input - Direct Catalytic Bead Option C - 4; 24 Points (3 boards), Add	3,161.00	
For Input - Direct Catalytic Bead Option C - 5; 32 Points (4 boards), Add	4,214.00	
For Output - Relay Option DD - 08; 8 Relays (1 board), Add	430.00	
For Output - Relay Option DD - 16; 16 Relays (2 boards), Add	860.00	
For Output - Relay Option DD - 24; 24 Relays (3 boards), Add	1,290.00	
For Output - Relay Option DD - 32; 32 Relays (4 boards), Add	1,720.00	
For Output - Relay Option DD - 40; 40 Relays (5 boards), Add	2,150.00	
For Output - Relay Option DD - 48; 48 Relays (6 boards), Add	2,580.00	
For Output - Relay Option DD - 56; 56 Relays (7 boards), Add	3,010.00	
For Output - Relay Option DD - 64; 64 Relays (8 boards), Add	3,440.00	
For Output - Relay Option DD - 72; 72 Relays (9 boards), Add	3,870.00	
For Output - Relay Option DD - 80; 80 Relays (10 boards), Add	4,300.00	
For Output - Relay Option DD - 88; 88 Relays (11 boards), Add	4,730.00	
For Output - Relay Option DD - 96; 96 Relays (12 boards), Add	5,160.00	
For Output Analog Option E - 2; 8 Outputs (1 board), Add	430.00	
For Output Analog Option E - 3; 16 Outputs (2 boards), Add	860.00	
For Output Analog Option E - 4; 24 Outputs (3 boards), Add	1,290.00	
For Output Analog Option E - 5; 32 Outputs (4 boards), Add	1,720.00	
For Auxiliary Blind (Board) Enclosure Option F - 2; Fiberglass NEMA-4X Wall Mount Enclosure, Add	538.00	
For Auxiliary Blind (Board) Enclosure Option F - 3; NEMA-7 Explosion Proof Wall Mount Enclosure, Add	4,730.00	
For Local Annunciator Option G - 2; Piezo Electric Buzzer, Add	215.00	
Note: Only available if option A1, A4, or A5 selected.		
For Local Annunciator Option G - 3; 2 Light (amber/red) with Horn Stack, Add	645.00	
For Special Option H - 2; Z-Purge, Add	1,075.00	
For Special Option H - 3; Z-Purge with pressure switch. Groups C & D., Add	1,720.00	
For Special Option H - 4; Z-Purge with pressure switch. Groups B, C & D., Add	1,935.00

Note: Only available with packing gland connections PM, PF, and PG.		
46 82 83 00-1810 EA Removable Retractor Transportable For Extended Length Probes (Sierra 241-LERR).....	3,359.38	
Note: Only available with packing gland connections PM, PF, and PG. For use with LE only.		
46 82 83 00-1811 EA 2" Female NPT, Full Port Bronze Gate Valve (Sierra 241-RK1).....	543.89	32.59
Note: Mounting kit includes two 2" x 3" nipples, one 2" female NPT mounting adapter and one pipe coupler. Class 125 maximum pressure: 200 PSIG at 100 Degree F; maximum temperature: 400 Degree F at 125 PSIG.		
46 82 83 00-1812 EA 2" Class 150 Flange, Full Port Carbon Steel Gate Valve (Sierra 241-RK2).....	1,339.13	86.92
Note: Use mounting accessories for pipe adapters. Class 150 maximum pressure: 285 PSIG at 100 Degree F. Maximum temperature: 800 Degree F at 80 PSIG.		
46 82 83 00-1813 EA 2" Class 150 Flange, Full Port Stainless Steel Gate Valve (Sierra 241-RK20).....	1,606.95	86.92
Note: Use mounting accessories for pipe adapters. Class 150 maximum pressure: 285 PSIG at 100 Degree F. Maximum temperature: 800 Degree F at 80 PSIG.		
46 82 83 00-1814 EA 2" Class 300 Flange, Full Port Carbon Steel Gate Valve (Sierra 241-RK3).....	1,631.20	86.92
Note: Use mounting accessories for pipe adapters. Class 300 maximum pressure: 740 PSIG at 100 Degree F. Maximum temperature: 800 Degree F at 410 PSIG.		
46 82 83 00-1815 EA 2" Class 300 Flange, Full Port Stainless Steel Gate Valve (Sierra 241-RK30).....	2,749.92	86.92
Note: Use mounting accessories for pipe adapters. Class 300 maximum pressure: 740 PSIG at 100 Degree F. Maximum temperature: 800 Degree F at 410 PSIG.		
46 82 83 00-1816 EA 2" Class 600 Flange, Full Port Carbon Steel Gate Valve (Sierra 241-RK4).....	3,131.61	86.92
Note: Use mounting accessories for pipe adapters. Maximum Pressure: 1480 PSIG at 100 Degree F. Maximum temperature: 800 Degree F at 825 PSIG.		
46 82 83 00-1817 EA 2" Class 600 Flange, Full Port Stainless Steel Gate Valve (Sierra 241-RK40).....	5,829.82	86.92
Note: Use mounting accessories for pipe adapters. Class 600 Maximum Pressure: 1480 PSIG at 100 Degree F. Maximum temperature: 800 Degree F at 825 PSIG.		
46 82 83 00-1818 EA 2" Female NPT, Full Port 316 Stainless Steel Gate Valve (Sierra 241-RK10).....	1,497.07	32.59
Note: Mounting kit includes: two 2" x 3" nipples, one 2" female NPT mounting adapter and one pipe coupler. Class 200 Maximum Pressure: 275 PSIG at 100 Degree F. Maximum temperature: 350 Degree F at 200 PSIG.		
46 82 83 00-1819 EA 2" Female NPT, Full Port Carbon Steel Valve (Sierra 241-RK11).....	1,832.59	86.92
Note: Mounting kit includes: two 2" x 3" nipples, one 2" female NPT mounting adaptor and one pipe coupler. Class 800 Maximum Pressure: 1975 PSIG at 100 Degree F. Maximum temperature 800 Degree F at 1100 PSIG.		
46 82 83 00-1820 EA 2" Female NPT, Full Port 316 Stainless Steel Gate Valve (Sierra 241-RK110).....	5,521.94	86.92
Note: Mounting kit includes: two 2" x 3" nipples, one 2" female NPT mounting adapter and one pipe coupler. Class 800 Maximum Pressure: 1975 PSIG at 100 Degree F. Maximum temperature: 800 Degree F at 1100 PSIG.		
46 82 83 00-1821 EA 2" Female NPT Carbon Steel Mounting Adapter (Sierra 241-MA( )).....	179.29	86.92
Note: Specify pipe O.D. in parenthesis. For use with CM or PM process connections.		
46 82 83 00-1822 EA 2" Female NPT Stainless Steel Mounting Adapter (Sierra 241-MAS( )).....	219.36	86.92
Note: Specify pipe O.D. in parenthesis. For use with CM or PM process connections.		
46 82 83 00-1823 EA 2" Class 150 Flange Carbon Steel Mounting Adapter (Sierra 241-FMA).....	290.01	86.92
Note: For use with 241-RK2 gate valve, CF or PF process connections. Weldneck flange welded to 2" pipe adapter.		
46 82 83 00-1824 EA 2" Class 150 Flange Stainless Steel Mounting Adapter (Sierra 241-FMAS( )).....	338.51	86.92

46 82 83 00-2605 EA 48", PTFE Liner, 1.4435 (316L) Bullet Nose Electrodes, Magnetic Flow Meter (E+H 5L4CT2-1P63/0) ..... Note: Approval: CSA C/US NI Class I, Division 2, Groups ABCD; Outputs: 4-20mA HART, pulse/frequency/switch; Power Supply: 100-240VAC/24VAC/DC; Housing: remote, aluminum, coated; Remote Version: 30' coil + signal cable; Cable Entry: 1/2" NPT; Process Connection: Class 150, carbon steel, lap joint flange, ASME B16.5; Calibration Flow: 0.5%. <i>For Grounding Disc/Protection Disc Pair, Add</i>	34,818.55  4,369.59	3,999.06
46 82 83 00-2606 EA 54", PTFE Liner, 1.4435 (316L) Bullet Nose Electrodes, Magnetic Flow Meter (E+H 5L4CV3-12F2/0) ..... Note: Approval: CSA C/US NI Class I, Division 2, Groups ABCD; Outputs: 4-20mA HART, pulse/frequency/switch; Power Supply: 100-240VAC/24VAC/DC; Housing: remote, aluminum, coated; Remote Version: 30' coil + signal cable; Cable Entry: 1/2" NPT; Process Connection: Class 150, carbon steel, lap joint flange, ASME B16.5; Calibration Flow: 0.5%.	49,381.47	4,798.86
46 82 83 00-2607 EA 1", PTFE Liner, 1.4435 (316L) Bullet Nose Electrodes, Magnetic Flow Meter (E+H 53P25-ALDB1NA0BAAA) ..... Note: Approval: CSA C/US NI Class I, Division 2, Groups ABCD; Outputs: 4-20mA HART, pulse/frequency/switch; Power Supply: 100-240VAC/24VAC/DC; Housing: remote, aluminum, coated; Remote Version: 30' coil + signal cable; Cable Entry: 1/2" NPT; Process Connection: Class 150, carbon steel, lap joint flange, ASME B16.5; Calibration Flow: 0.5%. <i>For Grounding Disc/Protection Disc Pair, Add</i>	5,484.25  1,176.19	54.88
46 82 83 00-2608 EA 2", PTFE Liner, 1.4435 (316L) Bullet Nose Electrodes, Magnetic Flow Meter (E+H 53P50-ALDB1NA0BAAA) ..... Note: Approval: CSA C/US NI Class I, Division 2, Groups ABCD; Outputs: 4-20mA HART, pulse/frequency/switch; Power Supply: 100-240VAC/24VAC/DC; Housing: remote, aluminum, coated; Remote Version: 30' coil + signal cable; Cable Entry: 1/2" NPT; Process Connection: Class 150, carbon steel, lap joint flange, ASME B16.5; Calibration Flow: 0.5%. <i>For Grounding Disc/Protection Disc Pair, Add</i>	5,536.84  3,320.03	96.95
46 82 83 00-2609 EA 3", PTFE Liner, 1.4435 (316L) Bullet Nose Electrodes, Magnetic Flow Meter (E+H 53P80-ALDB1NA0BAAA) ..... Note: Approval: CSA C/US NI Class I, Division 2, Groups ABCD; Outputs: 4-20mA HART, pulse/frequency/switch; Power Supply: 100-240VAC/24VAC/DC; Housing: remote, aluminum, coated; Remote Version: 30' coil + signal cable; Cable Entry: 1/2" NPT; Process Connection: Class 150, carbon steel, lap joint flange, ASME B16.5; Calibration Flow: 0.5%. <i>For Grounding Disc/Protection Disc Pair, Add</i>	6,057.11  4,012.29	123.77
46 82 83 00-2610 EA 4", PFA Liner, Tantalum Electrodes, Magnetic Flow Meter (E+H 53P1H-ALDB1NA0BAAA) ..... Note: Certificate: without; Approval: FM XP Class I, Division 1 / CSA Class I, Division 1; Outputs: 4-20mA SIL HART + frequency; Electrodes: measure electrode only; Display: 85-260VAC, WEA, 4-line + touch control WEA= language EN adjustment; Software Feature: factory setup; basic version; Housing: compact aluminum, IP67 NEMA 4X; Remote Version: not used; Cable Entry: 1/2" NPT; Process Connection: Class 150, A105, flange, ANSI B16.5; Calibration: 0.2%, additional test. <i>For Grounding Disc/Protection Disc Pair, Add</i>	6,487.33  4,481.27	207.74
46 82 83 00-2611 EA 6", PFA Liner, Tantalum Electrodes, Magnetic Flow Meter (E+H 53P1F-ALDB1NA0BAAA) ..... Note: Certificate: without; Approval: FM XP Class I, Division 1 / CSA Class I, Division 1; Outputs: 4-20mA SIL HART + frequency; Electrodes: measure electrode only; Display: 85-260VAC, WEA, 4-line + touch control WEA= language EN adjustment; Software Feature: factory setup; basic version; Housing: compact aluminum, IP67 NEMA 4X; Remote Version: not used; Cable Entry: 1/2" NPT; Process Connection: Class 150, A105, flange, ANSI B16.5; Calibration: 0.2%, additional test. <i>For Grounding Disc/Protection Disc Pair, Add</i>	7,549.29  7,183.36	262.70
46 82 83 00-2612 EA 8", PFA Liner, Tantalum Electrodes, Magnetic Flow Meter (E+H 53P2H-ALDB1NA0BAAA) ..... Note: Certificate: without; Approval: FM XP Class I, Division 1 / CSA Class I, Division 1; Outputs: 4-20mA SIL HART + frequency; Electrodes: measure electrode only; Display: 85-260VAC, WEA, 4-line + touch control WEA= language EN adjustment; Software Feature: factory setup; basic version; Housing: compact aluminum, IP67 NEMA 4X; Remote Version: not used; Cable Entry: 1/2" NPT; Process Connection: Class 150, A105, flange, ANSI B16.5; Calibration: 0.2%, additional test. <i>For Grounding Disc/Protection Disc Pair, Add</i>	8,738.22  7,205.71	332.38
46 82 83 00-2613 EA 10", PFA Liner, Tantalum Electrodes, Magnetic Flow Meter (E+H 53P2F-ELDB1NA0BAAA) ..... Note: Certificate: without; Approval: FM XP Class I, Division 1 / CSA Class I, Division 1; Outputs: 4-20mA SIL HART + frequency; Electrodes: measure electrode only; Display: 85-260VAC, WEA, 4-line + touch control WEA= language EN adjustment; Software Feature: factory setup; basic version; Housing: compact aluminum, IP67 NEMA 4X; Remote Version: not used; Cable Entry: 1/2" NPT; Process Connection: Class 150, A105, flange, ANSI B16.5; Calibration: 0.2%, additional test. <i>For Grounding Disc/Protection Disc Pair, Add</i>	11,145.15  11,694.35	407.17
46 82 83 00-2614 EA 12", PFA Liner, Tantalum Electrodes, Magnetic Flow Meter (E+H 53P3H-ELDB1NA0BAAA) ..... Note: Certificate: without; Approval: FM XP Class I, Division 1 / CSA Class I, Division 1; Outputs: 4-20mA SIL HART + frequency; Electrodes: measure electrode only; Display: 85-260VAC, WEA, 4-line + touch control WEA= language EN adjustment; Software Feature: factory setup; basic version; Housing: compact aluminum, IP67 NEMA 4X; Remote Version: not used; Cable Entry: 1/2" NPT; Process Connection: Class 150, A105, flange, ANSI B16.5; Calibration: 0.2%, additional test. <i>For Grounding Disc/Protection Disc Pair, Add</i>	13,868.02  10,890.38	493.55
46 82 83 00-2615 EA Non-Hazardous Area, 24" To 80" Pipe, Clamp On, 1 Channel/1 Set, Ultrasonic Flow Meter (E+H 93PA1-EB3B00ACBAAA) ..... Note: Flow Sensor: 4 to 160", 32 to 338 degree F, NEMA 6P; Sensor Holder: 2 to 160"; Sensor Cable: 30', -4 to 158 degree F; Cable Entry Sensor: gland; additional test; Certificate: without; Housing: wall aluminum, IP67 NEMA 4X; Cable Entry: 1/2" NPT; Power Supply; Display: 85-260VAC; WEA, 4-line + touch control WEA= language EN adjustment; Software Feature: factory setup, basic version; Outputs: 4-20mA HART + frequency.	7,849.36	72.71
46 82 83 00-2616 EA 1/2" Vortex Flow Meter (E+H 7F2B15-80D3/0) ..... Note: Approval: CSA C/US XP Class I, II, III, Division 1, Groups A-G; Outputs: 4-20mA HART; Sensor Version: volume flow basic, 316L, -40...+260C/-40...+500F; Display: operation, SD03 4-line, illuminated, touch control + data backup function; Housing: GT20 dual compartment, aluminum; Cable Entry: 1/2" NPT; Process Connection: Class 150, RF, Schedule 40 flange, ASME B16.5; Calibration Flow: 0.75% volume 3-point.	3,034.43	34.90
46 82 83 00-2617 EA 1" Vortex Flow Meter (E+H 7F2B25-9HJ4/0) ..... Note: Approval: CSA C/US XP Class I, II, III, Division 1, Groups A-G; Outputs: 4-20mA HART; Sensor Version: volume flow basic, 316L, -40...+260C/-40...+500F; Display: operation, SD03 4-line, illuminated, touch control + data backup function; Housing: GT20 dual compartment, aluminum; Cable Entry: 1/2" NPT; Process Connection: Class 150, RF, Schedule 40 flange, ASME B16.5; Calibration Flow: 0.75% volume 3-point.	3,115.45	54.88
46 82 83 00-2618 EA 1-1/2" Vortex Flow Meter (E+H 7F2B40-7E64/0) ..... Note: Approval: CSA C/US XP Class I, II, III, Division 1, Groups A-G; Outputs: 4-20mA HART; Sensor Version: volume flow basic, 316L, -40...+260C/-40...+500F; Display: operation, SD03 4-line, illuminated, touch control + data backup function; Housing: GT20 dual compartment, aluminum; Cable Entry: 1/2" NPT; Process Connection: Class 150, RF, Schedule 40 flange, ASME B16.5; Calibration Flow: 0.75% volume 3-point.	3,307.16	80.08

46 82 83 00-2641 Level Equipment And Instrumentation (46 82 83 00-0001)		
46 82 83 00-2642 Level Equipment And Instrumentation (Hawk) (46 82 83 00-2641)		
46 82 83 00-2643 Sultan Integral Transmitters (46 82 83 00-2642)		

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-2644 EA 2", 2 Wire, No Relays, 12-30 VDC Only, Modbus, Sultan Integral Ultrasonic Transmitter (Hawk AWI2).....	694.28	36.76
For 4-20mA Analog, Add	434.97	
For 4-20mA Analog With HART 2 Wire, Add	496.18	
Note: For AWI2 Only		
For Profibus PA, Add	748.64	
For Foundation Fieldbus, Add	748.64	
For Approval Standard IECEx Zone 0 Ex ia IIA T4 IP67 Tamb -20°C to 70°C, Add	460.11	
For Approval Standard ATEX Grp II Cat 1 GD IP67 EEx ia IIA T4, Add	460.11	
For Approval Standard IECEx Zone 20 DIP A20 TA85C IP68 Tamb -20°C to 75°C, Add	434.97	
For Approval Standard ATEX Grp II Cat 1 D T85°C IP67 Tamb -20°C to 75°C, Add	434.97	
For Approval Standard ATEX Grp II Cat 3 GD T85°C IP67 Tamb -40°C to 70°C, Add	310.38	
For 50kHz For Liquid Applications Up To 5m, Add	557.38	
For 40kHz For Liquid Applications Up To 7m, Add	688.53	
For 30kHz For Liquid Applications Up To 11m, Add	756.29	
Note: 4" Cone Required		
For 20kHz For Applications Up To 20m, Add	979.24	
Note: (4" Cone Required), Available in 3" Only		
For 15kHz For Applications Up To 30m, Add	1,153.01	
Note: (10" Cone Required), Available in 3" Only		
For 10kHz For Applications Up To 40m, Add	1,487.44	
Note: (10" Cone Required), Available in 3-1/2" Only		
For 9kHz For High Power Extended Range Applications Up To 170m, Add	2,294.00	
Note: (10" Cone Required)		
For 5kHz for applications up to 60m maximum, Add	1,797.82	
Note: (10" cone required), Available in 3-1/2" Only		
For 4kHz For High Power Extended Range Applications Up To 170m, Add	2,542.09	
Note: (10" Cone Required)		
46 82 83 00-2645 EA 2", 2 3/4 Wire, 2 Relays, Modbus, Sultan Integral Ultrasonic Transmitter (Hawk AWI234).....	817.77	36.76
For Power Supply 'U', 12-30 VDC And 90-260 VAC, Add	291.80	
For Switch Only With 5 Relays, Add	31.69	
Note: For AWR234 Only		
For 4-20mA Analog, Add	434.97	
For Profibus PA, Add	748.64	
For Foundation Fieldbus, Add	748.64	
For Approval Standard IECEx Zone 0 Ex ia IIA T4 IP67 Tamb -20°C to 70°C, Add	460.11	
For Approval Standard ATEX Grp II Cat 3 GD T85°C IP67 Tamb -40°C to 70°C, Add	310.38	
For 50kHz For Liquid Applications Up To 5m, Add	557.38	
For 40kHz For Liquid Applications Up To 7m, Add	688.53	
For 30kHz For Liquid Applications Up To 11m, Add	756.29	
Note: 4" Cone Required		
For 20kHz For Applications Up To 20m, Add	979.24	
Note: (4" Cone Required), Available in 3" Only		
For 15kHz For Applications Up To 30m, Add	1,153.01	
Note: (10" Cone Required), Available in 3" Only		
For 10kHz For Applications Up To 40m, Add	1,487.44	
Note: (10" Cone Required), Available in 3-1/2" Only		
For 9kHz For High Power Extended Range Applications Up To 170m, Add	2,294.00	
Note: (10" Cone Required)		
For 5kHz for applications up to 60m maximum, Add	1,797.82	
Note: (10" cone required), Available in 3-1/2" Only		
For 4kHz For High Power Extended Range Applications Up To 170m, Add	2,542.09	
Note: (10" Cone Required)		
For Switch With 2 Relays, Modbus, Add	31.69	
For Position Slave System Software Option, Add	868.86	
For Crane Master Software Option, Add	434.97	
46 82 83 00-2646 EA 3", 2 Wire, No Relays, 12-30 VDC Only, Modbus Sultan Integral Transmitter (Hawk AWI2).....	694.28	36.76
For 4-20mA Analog, Add	434.97	
For 4-20mA Analog With HART 2 Wire, Add	496.18

<b>46 82 83 00-2723 On-Site Technical Support</b> <small>(46 82 83 00-2642)</small>		
<p>Note: Travel days are billed as additional days at the level of service supplied. If arrival or departure is concurrent with a workday, the daily charge will be no more than the next highest level of service for that day We will bill for portal to portal travel and incidentals at actual cost. This includes: coach class airfare, lodging, meals, car or equipment rental, field service parts and supplies. You will receive a listing of charges for travel with our invoice. You may cancel or reschedule a service call at any time prior to departure without penalty. Any cancellation charges incurred will be billed at cost. Cancellations received after departure will be invoiced for cancellation charges and expenses, plus a minimum of one day of labor.</p>

46 82 83 00-3202 EA CL2 Sensor For Models 4501-06, 5100-06/08-IT (Sierra SPM33050) .....	562.84	
Note: Spare Part		
46 82 83 00-3203 EA SO2 Sensor For Models 4501-10, 5100-10-IT (Sierra SPM33052) .....	595.63	
Note: Spare Part		
46 82 83 00-3204 EA NO2 Sensor For Models 4501-12, 5100-12-IT (Sierra SPM33054) .....	562.84	
Note: Spare Part		
46 82 83 00-3205 EA Sensor Recharge Kit For Model 4101/5100-25 (Sierra SPX27057) .....	245.90	
Note: Spare Part		
46 82 83 00-3206 EA Sensor Recharge Kit For Model 4101/5100-26 (Sierra SPX27061) .....	284.15	
Note: Spare Part		
46 82 83 00-3207 EA Membrane Filter For Model 5100/4101-25 (Sierra SPX57009) .....	142.08	
Note: Spare Part		
46 82 83 00-3208 EA Electrolyte For Model 5100/4101-25 (Sierra SPX99017) .....	153.01	
Note: Spare Part		
<b>46 82 83 00-3209 Analytical Equipment And Instrumentation (Weir) (46 82 83 00-2902)</b>		
46 82 83 00-3210 EA 420 GPM, 5 PSI, Aluminum With Rubber Liner, Single Cyclone (Weir 1500C) .....	32,289.20	652.74
Note: Includes rubber liner, free-standing stainless steel supports, 0-30 PSI stainless steel pressure gauges, and stainless steel hardware.		
46 82 83 00-3211 EA 700 GPM, 5 PSI, Aluminum With Rubber Liner, Single Cyclone (Weir 2000C) .....	63,593.47	954.00
Note: Includes rubber liner, free-standing stainless steel supports, 0-30 PSI stainless steel pressure gauges, and stainless steel hardware.		
46 82 83 00-3212 EA 18" Full Flare Classifier (Weir WEMCO Hydrogritter) .....	77,619.65	1,138.11
Note: Includes stainless steel tank & supports, single pitch steel spiral with Ni-hard wear shoes, stainless steel belt and spiral guards, NEMA 7 safety stop enclosure, stainless steel explosion proof sluice water valve enclosure, 3 HP 1800 RPM severe duty explosion proof motor, and stainless steel side mounted transition feed box(es).		
46 82 83 00-3213 EA 24" Full Flare Classifier (Weir WEMCO Hydrogritter) .....	140,320.07	2,008.43
Note: Includes stainless steel tank & supports, single pitch steel spiral with Ni-hard wear shoes, stainless steel belt and spiral guards, NEMA 7 safety stop enclosure, stainless steel explosion proof sluice water valve enclosure, 3 HP 1800 RPM severe duty explosion proof motor, and stainless steel side mounted transition feed box(es).		
46 82 83 00-3214 EA 30" Full Flare Classifier (Weir WEMCO Hydrogritter) .....	200,553.28	2,945.70
Note: Includes stainless steel tank & supports, single pitch steel spiral with Ni-hard wear shoes, stainless steel belt and spiral guards, NEMA 7 safety stop enclosure, stainless steel explosion proof sluice water valve enclosure, 5 HP 1800 RPM severe duty explosion proof motor, and stainless steel side mounted transition feed box(es).		
<b>46 82 83 00-3215 Analytical Equipment And Instrumentation (Yokogawa) (46 82 83 00-2902)</b>		
46 82 83 00-3216 EA 2-Wire General Purpose ORP Transmitter, 4-20mA, Including Mounting Hardware. Model: Yokogawa #PH202G-U-E/PIN/U/Q .....	1,759.73	36.76
46 82 83 00-3217 EA 4-Wire ORP Converter, Mounting Bracket Included. Model: Yokogawa #PH402G-U-E/PIN/U/Q .....	1,784.17	36.76
46 82 83 00-3218 EA Universal pH/ORP Sensor, 20' Cable, Chemical Resistant. Model: Yokogawa #FU20-05-T1NPT/FS .....	448.04	16.30
46 82 83 00-3219 EA 2-Wire General Purpose Conductivity Transmitter, 4-20mA, Including Mounting Hardware. Model: Yokogawa #SC200G-C-U-E/B/U .....	1,759.73	36.76
46 82 83 00-3220 EA 4-Wire Conductivity Converter, Mounting Bracket Included. Model: Yokogawa #SC402G-E-1-E/Q/PIN/Q/PM/U .....	1,784.17	36.76
46 82 83 00-3221 EA 4-Wire Conductivity Sensor, 20' Cable, Chemical Resistant. Model: Yokogawa #SC41-SH24 .....	384.50	16.30
For 20' Cable, Add	85.00	
For Each Additional LF Of Cable Extension, Add	2.25	
46 82 83 00-3222 EA 2-Wire General Purpose pH Transmitter, 4-20mA, Including Mounting Hardware. Model: Yokogawa #PH202G-U-E/PIN/U/Q .....	1,759.73	36.76
46 82 83 00-3223 EA 4-Wire pH Converter, Mounting Bracket Included. Model: Yokogawa #PH402G-U-E/PIN/U/Q .....	1,784.17	36.76
46 82 83 00-3224 EA Universal pH/ORP Sensor, 20' Cable, Chemical Resistant. Model: Yokogawa #FU20-05-T1NPT/FS .....	448.04	16.30
For Each Additional LF Of Cable Extension, Add	2.25

46 82 83 00-3295 EA 3 Relays, PROFIBUS, 4 IQ Sensor Connections, System 284, IQ SensorNet Controller (YSI 472 131Y, DIQ/S 284-PR) .....	2,698.68	73.51
46 82 83 00-3296 EA 3 Relays, MODBUS, 4 IQ Sensor Connections, System 284, IQ SensorNet Controller (YSI 472 132Y, DIQ/S 284-MOD) .....	2,698.68	73.51
46 82 83 00-3297 EA 6 Relays, Six Current Output, 4 IQ Sensor Connections, RJ45 Internet And Remote Control, System 284, IQ SensorNet Controller (YSI 472 133Y, DIQ/S 284-CR6-E) .....	2,698.68	73.51
46 82 83 00-3298 EA 3 Relays, 4 IQ Sensor Connections, Ethernet Fieldbus, System 284, IQ SensorNet Controller (YSI 472 134Y, DIQ/S 284-EF) .....	2,698.68	73.51
46 82 83 00-3299 EA 6 Relays, 24V AC/DC, Six Current Outputs, 4 IQ Sensor Connections, System 284, IQ SensorNet Controller (YSI 472 140Y, DIQ/S 284-CR6/24V) .....	2,804.12	73.51
46 82 83 00-3300 EA 3 Relays, PROFIBUS, 24V AC/DC, 4 IQ Sensor Connections System 284, IQ SensorNet Controller (YSI 472 141Y, DIQ/S 284-PR/24V) .....	2,804.12	73.51
46 82 83 00-3301 EA 3 Relays, MODBUS, 24V AC/DC, 4 IQ Sensor Connections, System 284, IQ SensorNet Controller (YSI 472 142Y, DIQ/S 284-MOD/24V) .....	2,804.12	73.51
46 82 83 00-3302 EA 6 Relays, 24V AC/DC, 4 Sensor Connections, Six Current Output, RJ45 Internet And Remote Control, System 284, IQ SensorNet Controller (YSI 472 143Y, DIQ/S 284-CR6-E/24V) .....	2,804.12	73.51
46 82 83 00-3303 EA 3 Relays, 24V AC/DC, 4 IQ Sensor Connections, Ethernet Fieldbus And Remote Control, System 284, IQ SensorNet Controller (YSI 472 144Y, DIQ/S 284-EF/24V) .....	2,804.12	73.51
<b>46 82 83 00-3304 Mounting Hardware for Controllers (46 82 83 00-3225)</b>		
46 82 83 00-3305 EA Pivoting Wall Mounting (YSI 109 275Y, BE/M 170-D) .....	177.94	9.56
46 82 83 00-3306 EA Plastic, IQ Sun Shield (YSI 109 295Y, SSH/IQ) ..... Note: Mounts directly to Vario Mounting Stands or requires 109 286Y to mount on hand railing. For 2020 And 182 Module mounting, also used for mounting air cleaning box.	223.99	9.19
46 82 83 00-3307 EA 25-60 mm Diameter Rail Mounting Kit For SD/M 170, SD/K 170 And SSH/IQ Sun Shields (YSI 109 286Y, MR/SD 170) ..... Note: Used with 109 284Y and 109 295Y.	166.00	9.19

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3308 EA Sun Shield For Outdoor Installation Of Junction Boxes (YSI 109 284Y, SD/K 170) ..... Note: Used with 109 286Y. Requires 109 286Y. Order separately.	160.72	9.19
46 82 83 00-3309 EA Top Hat Rail Mounting For IQ Modules (YSI 480 050Y, THS/IQ) ..... Note: Din rail mounting system.	81.64	9.19
46 82 83 00-3310 EA Wall Mount Kit For IQ Modules (YSI 480 052Y, WMS/IQ).....	81.64	9.19
46 82 83 00-3311 EA Panel Mount Kit For IQ Modules (YSI 480 048Y, PMS/IQ).....	56.34	9.19
46 82 83 00-3312 EA Mounting Plate For Two DIQ Modules (YSI 472 009Y, MS/DIQ)..... Note: Requires 109 286Y. Order separately.	102.73	9.19
46 82 83 00-3313 EA M16 Male To 1/2" NPT Female Stainless Steel Conduit Adapter (YSI 480 053USY, ).....	50.01	9.19
46 82 83 00-3314 EA 3/4" Diameter, CC-Box, Flexible Conduit Adapter For IQ Module Connections (YSI 900 120Y, CC-BOX) .....	71.10	9.19
46 82 83 00-3315 EA 3/4" Diameter, CC-PM, Conduit Adapter For IQ Profibus/Modbus Connections (YSI 900 125Y, CC-PM).....	71.10	9.19
46 82 83 00-3316 EA Vario Wall Mounting Stand (YSI 109 283Y, BE/ST 170-M).....	809.18	9.19
46 82 83 00-3317 EA Double Sun Shield (YSI 109 287Y, SD/M170-D)..... Note: For mounting two monitors. Requires one 109 286Y (order separately).	373.57	9.19
46 82 83 00-3318 EA Double Junction Clamp For Vario Mounting Stands (YSI 109 290Y, MS/KK 170).....	345.24	9.19
<b>46 82 83 00-3319 Sensor Cleaning Modules And Options</b> <small>(46 82 83 00-3225)</small>		
46 82 83 00-3320 EA 115 VAC, Cleaner Air Box Assembly (YSI 480 017Y, CLEANING AIR BOX-115 VAC) ..... Note: You need part #900 107Y in conjunction with either 480 018Y or 480 017Y. Order 109 286Y and 109 295Y separately for mounting the 480 017Y. Uses one relay from IQ network.	1,726.21	45.95
46 82 83 00-3321 EA Cleaning Head Assembly For IQ Sensors (YSI 900 107Y, CH)..... Note: Includes 15 M of tubing.	619.09	45.95
46 82 83 00-3322 EA Cleaner Head Valve Module (YSI 480 018Y, MIQ/CHV Plus) ..... Note: You need part #900 107Y in conjunction with either 480 018Y or 480 017Y. For use with 184XT and 2020XT systems.	851.06	45.95
46 82 83 00-3323 EA System 182 Cleaning Head Valve Module (YSI 472 007Y, DIQ/CHV) ..... Note: Uses one relay contact for operation. For use with plant supplied air.	698.17	45.95
<b>46 82 83 00-3324 Dissolved Oxygen - Optical</b> <small>(46 82 83 00-3225)</small>		
46 82 83 00-3325 EA 0 To 20 mg/L, Optical DO Probe For IQ System (YSI 201 650Y, FDO 700 IQ)..... Note: Order SACIQ cable separately.	2,111.21	27.57
46 82 83 00-3326 EA 0 To 20 mg/L, Fast Response Optical DO Probe For IQ System (YSI 201 660Y, FDO 701 IQ)..... Note: Order SACIQ cable separately.	2,111.21	27.57
46 82 83 00-3327 EA 0 To 20 mg/L, Seawater, Optical DO Probe For IQ System (YSI 201 652Y, FDO 700 IQ SW) ..... Note: Order SACIQ cable separately.	2,111.21	27.57
46 82 83 00-3328 EA 0 To 20 mg/L, Seawater, Fast Response Optical DO Probe For IQ System (YSI 201 653Y, FDO 701 IQ SW) ..... Note: Order SACIQ cable separately.	2,111.21	27.57
46 82 83 00-3329 EA 0 To 20 mg/L, Class I, Division 2, Groups A, B, C, D T6, Optical DO Probe For IQ System (YSI 207 065Y, FDO 700 IQ H)..... Note: Order MIQ/BB1 (207 001Y) and SACIQ separately. Must be connected to MIQ/BB1 to maintain Class I, Division 2 rating.	2,216.65	27.57
46 82 83 00-3330 EA 0 To 20 mg/L, Class I, Division 2, Groups A, B, C, D T6, Fast Response Optical DO Probe For IQ System (YSI 207 066Y, FDO 701 IQ H)..... Note: Order MIQ/BB1 (207 001Y) and SACIQ separately. Must be connected to MIQ/BB1 to maintain Class I, Division 2 rating.	2,216.65	27.57
46 82 83 00-3331 EA Barrier Box Module For FDO 700(1) IQ H (YSI 207 001Y, MIQ/BB1)..... Note: Used with 207 065Y and 207 066Y.	476.89	27.57
46 82 83 00-3332 EA IQ FDO 700 IQ Probe Replacement Cap (YSI 201 654Y, SC-FDO 700) .....	223.99	9.19
46 82 83 00-3333 EA IQ FDO 701 IQ Fast Response Probe Replacement Cap (YSI 201 655Y, SC-FDO 701) .....	223.99	9.19
46 82 83 00-3334 EA Protective Guard For FDO Probes (YSI 205 253Y, MSK FDO).....	223.99	9.19
46 82 83 00-3335 EA Cleaning Kit For Connection Of The Protective Hood To A Valve Modules Or Cleaning Air Box (YSI 205 254Y, MSK FDO CS).....	205.61	
<b>46 82 83 00-3336 Electrochemical Membrane Style</b> <small>(46 82 83 00-3225)</small>		
46 82 83 00-3337 EA 0 To 60 mg/L, 0.0 Resolution, Electrochemical DO Probe For IQ System (YSI 201 640Y, TriOxmatic® 700 IQ)..... Note: Order SACIQ cable separately.	1,953.05	27.57
46 82 83 00-3338 EA Electrochemical DO Probe For IQ System, Salt Water (YSI 201 641Y, TriOxmatic® 700 IQ SW)..... Note: Order SACIQ cable separately.	1,963.59	27.57
46 82 83 00-3339 EA 0 To 20 mg/L, 0.0 Resolution, Fast Responding, Electrochemical DO Probe For IQ System (YSI 201 644Y, TriOxmatic® 701 IQ)..... Note: Order SACIQ cable separately.	1,963.59	27.57
46 82 83 00-3340 EA 0 To 2000 PPB, 0-10 mg/L, Electrochemical DO Probe For IQ System (YSI 201 646Y, TriOxmatic® 702 IQ) ..... Note: Order SACIQ cable separately.	3,028.54	27.57
46 82 83 00-3341 EA Maintenance Kit For TriOxmatic 600, 690, 700, 700 IN Probes (YSI 202 620Y, ZBK 600) .....	326.86	
46 82 83 00-3342 EA Maintenance Kit For TriOxmatic 601, 701, 702 Probes (YSI 202 621Y, ZBK 25i) .....	326.86	
46 82 83 00-3343 EA Replacement Membrane Head Assemblies For Models 600/700 (2 EA) (YSI 202 850Y, WP 600/2).....	205.61	
46 82 83 00-3344 EA Replacement Membrane Head Assemblies For Models 701, 702 (2 EA) (YSI 202 852Y, WP 25i/2).....	205.61	
46 82 83 00-3345 EA 50 mL, Cleaning Solution For Ag-Electrode (YSI 205 200Y, RL-AG/Oxi) .....	115.98	
46 82 83 00-3346 EA 50 mL, Electrolyte Solution For TriOxmatic 600/700 Series Probes (YSI 205 212Y, ELY/A).....	100.17	
46 82 83 00-3347 EA Protective Membrane Guard For TriOxmatic And CellOx Probes (YSI 205 251Y, MSK 600).....	149.53	9.19
46 82 83 00-3348 EA Cathode Cleaner (Abrasive Foil) For TriOxmatic Dissolved Oxygen Probes (YSI 203 680Y, SF 300).....	42.18	
46 82 83 00-3349 EA Cleaning Cup For TriOxmatic Probes (YSI 202 510Y, RA 600).....	158.16	
<b>46 82 83 00-3350 Interface Level Detection</b> <small>(46 82 83 00-3225)</small>		
46 82 83 00-3351 EA Digital, Ultrasonic Probe With Automatic Cleaning Wiper For Interface Level Detection (YSI 481 200Y, IFL 700 IQ)..... Note: Used with 2020XT. Order SACIQ cable separately.	3,165.61	27.57
46 82 83 00-3352 EA Digital, Ultrasonic Probe For Interface Level Detection (YSI 481 201Y, IFL 701 IQ)..... Note: Used with 2020XT. Order SACIQ cable separately.	3,028.54	27.57

46 82 83 00-3385 EA 0.1 To 1000 mg/L, Ammonium Measuring Electrode (YSI 107 044Y, VARIOn Plus NH4).....	698.31	27.57
Note: For VARIOn Plus and AmmoLyt Plus 700 IQ probes. Used with 107 070Y and 170 040Y.		
46 82 83 00-3386 EA 0.1 To 1000 mg/L, Nitrate Measuring Electrode (YSI 107 045Y, VARIOn Plus NO3).....	698.31	27.57
Note: For VARIOn Plus, NitraLyt and NitraLyt Plus 700 IQ probes. Used with 107 080Y and 107 040Y.		
46 82 83 00-3387 EA 1 To 1000 mg/L, Potassium Compensating Electrode (YSI 107 046Y, VARIOn Plus K).....	698.31	27.57
Note: For VARIOn Plus and AmmoLyt Plus 700 IQ probes. Used with 107 070Y and 170 040Y.		
46 82 83 00-3388 EA 1 To 1000 mg/L, Chloride Compensating Electrode (YSI 107 047Y, VARIOn Plus Cl).....	698.31	27.57
Note: For VARIOn Plus and NitraLyt Plus 700 IQ probes. Used with 107 080Y and 107 040Y.		
46 82 83 00-3389 EA 1,000 mL, Low Concentration Standard Solution (YSI 107 050Y, VARIOn/ES-1).....	94.90	
Note: For VARIOn Plus, AmmoLyt Plus, and NitraLyt Plus 700 IQ probes. Used for sensor check and storage.		
46 82 83 00-3390 EA 1,000 mL, High Concentration Standard Solution (YSI 107 052Y, VARIOn/ES-2).....	94.90	
Note: For VARIOn Plus, AmmoLyt Plus and NitraLyt Plus 700 IQ probes. Used for sensor check.		
46 82 83 00-3391 EA Protective Hood (YSI 107 056Y, VARIOn 700 IQ-SK).....	208.17	9.19
Note: For VARIOn Sensor Electrodes		
46 82 83 00-3392 EA 1 Box Spanner For Electrodes, 1 Blind Plug, 3 Spare O-rings, 1 Vessel For Wet Storage, Spare Parts Kit (YSI 107 057Y, VARIOn Epack).....	87.43	
46 82 83 00-3393 EA Maintenance And Calibration Case (YSI 107 058Y, VARIOn Case).....	349.73	
Note: For VARIOn 700 IQ.		
<b>46 82 83 00-3394</b>	<b>pH And ORP</b> <small>(46 82 83 00-3225)</small>	
46 82 83 00-3395 EA IQ Probe, pH Or ORP Probe With Amplifier (YSI 109 170Y, SensoLyt® 700 IQ).....	1,056.81	27.57
Note: Order pH or ORP Electrode and SACIQ cable separately.		
46 82 83 00-3396 EA Salt Water Design, IQ Probe, pH Or ORP Probe With Amplifier (YSI 109 171Y, SensoLyt® 700 IQ SW).....	1,120.07	27.57
Note: Order pH or ORP Electrode and SACIQ cable separately.		
46 82 83 00-3397 EA 2 To 12 pH, pH Electrode With Built In Reference (YSI 109 115Y, SensoLyt SEA).....	598.15	27.57
Note: For SensoLyt 690/700 and SensoLyt 700 IQ. Used with 109 170Y and 109 171Y. SEA Electrode is designed for wastewater.		
46 82 83 00-3398 EA 2 To 12 pH, pH Electrode With Built In Reference (YSI 109 117Y, SensoLyt ECA).....	540.15	27.57
Note: For SensoLyt 690/700 and SensoLyt 700 IQ. Used with 109 170Y and 109 171Y.		
46 82 83 00-3399 EA Up To 145 PSIG, 4 To 12 pH, pH Electrode With Built In Reference (YSI 109 118Y, SensoLyt SEA-HP).....	598.15	27.57
Note: For high pressure. For SensoLyt 690/700 and SensoLyt 700 IQ. Used with 109 170Y and 109 171Y. SEA-HP is designed for high pressure.		
46 82 83 00-3400 EA 2 To 12 pH, pH Electrode With Built In Reference (YSI 109 119Y, SensoLyt DWA).....	545.43	27.57
Note: For SensoLyt 690/700 And SensoLyt 700 IQ. Used with 109 170Y and 109 171Y. DWA Electrode is designed for drinking water applications.		
46 82 83 00-3401 EA +/- 1000 mV, ORP Electrode With Built In Reference (YSI 109 125Y, SensoLyt PtA).....	682.50	27.57
Note: For SensoLyt 690/700. Used with 109 170Y and 109 171Y.		
<b>46 82 83 00-3402</b>	<b>Conductivity</b> <small>(46 82 83 00-3225)</small>	
46 82 83 00-3403 EA Submersible Conductivity Probe (YSI 302 500Y, TetraCon® 700 IQ).....	1,330.95	27.57
Note: For IQ System, requires cable assembly.		
46 82 83 00-3404 EA Salt Water Design, Submersible Conductivity Probe (YSI 302 501Y, TetraCon® 700 IQ SW).....	1,562.92	27.57
Note: For IQ System, requires cable assembly.		
<b>46 82 83 00-3405</b>	<b>UV - Single Wavelength With Compensation Wavelength</b> <small>(46 82 83 00-3225)</small>	
46 82 83 00-3406 EA Optical UV Absorption Probe (YSI 481 036Y, IQ UVT-254 701).....	13,878.31	27.57
Note: For UVT-254/SAC (total and soluble) with correlated parameters: COD, BOD, DOC and TOC, 1 mm path length, with integrated ultrasonic cleaning. Reports one parameter at a time. Supplied with multifunctional slide and shock-absorption-rings. Without connection cable (SACIQ order separately). Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.		
46 82 83 00-3407 EA Optical UV Absorption Probe (YSI 481 038Y, IQ UVT-254 705).....	13,192.95	27.57
Note: For UVT-254/SAC (total and soluble) with correlated parameters: COD, BOD, DOC and TOC, 5 mm path length, with integrated ultrasonic cleaning. Reports one parameter at a time. Supplied with multifunctional slide and shock-absorption-rings, without connection cable (SACIQ order separately). Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.		
46 82 83 00-3408 EA IQ SensorNet Optical UV NOx Probe (YSI 481 034Y, IQ NOx 701).....	15,976.57	27.57
Note: With integrated ultrasonic cleaning, 1 mm gap. Nitrate measuring range: 0.0-100.0 mg/L NOx-N, Supplied with multifunctional slide and shock-absorption-rings, without connection cable (SACIQ order separately). Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.		
46 82 83 00-3409 EA IQ SensorNet Optical UV NOx Probe (YSI 481 035Y, IQ NOx 705).....	16,002.93	27.57
Note: With integrated ultrasonic cleaning, 5 mm gap. Nitrate measuring range: 0.0-20.0 mg/L NOx-N, Supplied with multifunctional slide and shock-absorption-rings, without connection cable (SACIQ order separately). Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.

46 82 83 00-3411 EA Optical Nitrate Probe (YSI 481 044Y, NitraVis 701 IQ)..... Note: With spectral processing of UV/VIS range, for in-situ measurement in inlet/BNR part of municipal wastewater treatment plants, with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	17,030.97	27.57
46 82 83 00-3412 EA Optical Nitrate And TSS Probe (YSI 481 045Y, NitraVis 701 IQ TS)..... Note: With spectral processing of UV/VIS range, for in-situ measurement in inlet/BNR part of municipal wastewater treatment plants, with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	18,781.27	27.57
46 82 83 00-3413 EA Optical Nitrate Probe (YSI 481 046Y, NitraVis 705 IQ)..... Note: With spectral processing of UV/VIS range, for in-situ measurement in the effluent of municipal wastewater treatment plants, with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	17,030.97	27.57
46 82 83 00-3414 EA Optical Nitrate And TSS Probe (YSI 481 047Y, NitraVis 705 IQ TS)..... Note: With spectral processing of UV/VIS range, for in-situ measurement in the effluent of municipal wastewater treatment plants, with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	19,150.31	27.57
46 82 83 00-3415 EA IQ SensorNet Optical UV Nitrite/Nitrate Probe (YSI 481 056Y, NitraVis 701 IQ NI)..... Note: With integrate ultrasonic cleaning, 1 mm gap. For use in influent, biological tank and effluent of municipal wastewater treatment plants, Supplied with calibration chamber and shock-absorption rings. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	17,505.45	27.57
46 82 83 00-3416 EA IQ SensorNet Optical UV Nitrite/Nitrate Probe (YSI 481 057Y, NitraVis 705 IQ NI)..... Note: With integrate ultrasonic cleaning, 5 mm gap. For use in effluent of municipal wastewater treatment plants, supplied with calibration chamber and shock-absorption rings. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	17,610.89	27.57
46 82 83 00-3417 EA Optical Nitrate And COD - Total And Soluble/TOC/DOC/BOD/SAC - Total And Soluble/UVT-254 Probe (YSI 481 052Y, NiCaVis 705 IQ)..... Note: With spectral processing of the UV/Vis range, for use in effluent (municipal wastewater), with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	23,125.40	27.57
46 82 83 00-3418 EA Optical COD - Total And Soluble/TOC/DOC/BOD/SAC - Total And Soluble/UVT-254 Probe (YSI 481 048Y, CarboVis 701 IQ)..... Note: With spectral processing of the UV/VIS range for use in influent/effluent/biological tank (municipal wastewater) with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	20,167.81	27.57
46 82 83 00-3419 EA Optical COD - Total And Soluble/TOC/DOC/BOD/SAC - Total And Soluble/UVT-254 And TSS Probe (YSI 481 049Y, CarboVis 701 IQ TS)..... Note: With spectral processing of the UV/Vis range for use in influent/effluent/biological tank (municipal wastewater) with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	22,208.07	27.57
46 82 83 00-3420 EA Optical COD - Total And Soluble/TOC/DOC/BOD/SAC - Total And Soluble/UVT-254 Probe (YSI 481 050Y, CarboVis 705 IQ)..... Note: With spectral processing of the UV/Vis range for use in effluent (municipal wastewater) with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	20,426.14	27.57
46 82 83 00-3421 EA Optical COD - Total And Soluble/TOC/DOC/BOD/SAC - Total And Soluble/UVT-254 And TSS Probe (YSI 481 051Y, CarboVis 705 IQ TS)..... Note: With spectral processing of the UV/Vis range for use in effluent (municipal wastewater) with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	22,503.31	27.57
46 82 83 00-3422 EA UV Nitrite/Nitrate/COD - Total And Soluble/TOC/DOC/BOD/SAC - Total And Soluble And UVT - 254 Probe (YSI 481054Y, NiCaVis 701 IQ NI)..... Note: For use in influent, biological tank and effluent municipal wastewater treatment plants with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	23,267.75	27.57
46 82 83 00-3423 EA UV Nitrite/Nitrate/COD - Total And Soluble/TOC/DOC/BOD/SAC - Total And Soluble And UVT - 254 Probe (YSI 481055Y, NiCaVis 705 IQ NI)..... Note: For use in effluent of municipal wastewater treatment plants with integrated ultrasonic cleaning. Mount with EH/W 171 - 173 with EH/WB. Mount with EH/P or EH/F with EH/U or VIS Set/EH. Mount with VIS Set-F with S200. Model 182 requires two power supplies.	23,726.41	27.57
46 82 83 00-3424 EA Air Pressure Cleaning Set (YSI 481 075Y, SET/AP)..... Note: With connector and 15m air tubing.	189.79	
46 82 83 00-3425 EA UVVIS Probes And IQ SensorNet Cleaning Kit (YSI 481 071Y, VIS/CT)..... Note: Includes 20 perforated textured cleaning cloths in two sizes for 1 mm and 5 mm gap Sensors.	189.79	
46 82 83 00-3426 EA UVVIS Sensor Universal Cleaning Kit (YSI 481 079Y, VIS C/SET)..... Note: Includes 20 perforated textured (flocked) cleaning cloths in two sizes for 1 mm and 5 mm gap sensors. Includes cleaning solutions.	379.58	
46 82 83 00-3427 EA 1 mm Path Length, Old-style UVVIS Sensor Cleaning Brushes (YSI 481 031Y, VIS/Set Brushes/1mm)..... Note: (2) brushes. Used on discontinued version of UVVIS probe.	94.90	
46 82 83 00-3428 EA 5 mm Path Length, Old-style UVVIS Sensor Cleaning Brushes (YSI 481 032Y, VIS/Set Brushes/5mm)..... Note: (2) brushes. Used on discontinued version of UVVIS probe.	94.90	
46 82 83 00-3429 EA UVVIS Calibration And Cleaning Chamber (YSI 481 074, VIS/CV).....	337.41	
46 82 83 00-3430 EA UV/VIS Probe Horizontal Mounting Kit With Swing Mount EH/F 170 (YSI 481 073Y, VIS Set/EH).....	329.43	9.19
<b>46 82 83 00-3431 Cable Assemblies (46 82 83 00-3225)</b>		
46 82 83 00-3432 EA 4.9', IQ Sensor Connection Cable (YSI 480 040Y, SACIQ-1.5)..... Note: Salt water and regular cables are interchangeable with all probes.	230.31	9.19
46 82 83 00-3433 EA 22.9', IQ Sensor Connection Cable (YSI 480 042Y, SACIQ-7.0)..... Note: Salt water and regular cables are interchangeable with all probes.	261.95	9.19
46 82 83 00-3434 EA 49.2', IQ Sensor Connection Cable (YSI 480 044Y, SACIQ-15.0)..... Note: Salt water and regular cables are interchangeable with all probes.	337.26	18.38

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3435 EA 65.6', IQ Sensor Connection Cable For Salt Water With SACIQ-Plug (YSI 480 045Y, SACIQ-20.0 SW).....	374.17	18.38
Note: Salt water and regular cables are interchangeable with all probes.		
46 82 83 00-3436 EA 82', IQ Sensor Connection Cable For Salt Water With SACIQ-Plug (YSI 480 066Y, SACIQ-25.0 SW) .....	621.95	18.38
Note: Salt water and regular cables are interchangeable with all probes.

Note: Salt water and regular cables are interchangeable with all probes.		
46 82 83 00-3445 EA 1640' Two Wire, With Shield, IQ Cable (YSI 480 072Y, SNCIQ-500).....	4,420.35	27.57
Note: Salt water and regular cables are interchangeable with all probes.		
46 82 83 00-3446 EA 3281' Two Wire, With Shield, IQ Cable (YSI 480 074Y, SNCIQ-1000).....	7,122.71	36.76
Note: Salt water and regular cables are interchangeable with all probes.		
<b>46 82 83 00-3447 Mounting Hardware</b> <small>(46 82 83 00-3225)</small>		
46 82 83 00-3448 EA Quick Release Stainless Steel Handrail Mounting Bracket For Sensors (YSI 245 8000Y, SMK) .....	461.23	9.19
Note: 1-1/2" PVC couplers and end cap. Comprised of part 2458038Y and part numbers 559327-2Y, 559327-4Y and 559327-7Y.		
46 82 83 00-3449 EA Quick Release Stainless Steel Handrail Mounting Bracket For Sensors (YSI 245 8038M).....	438.03	9.19
46 82 83 00-3450 EA Quick Release Stainless Steel Handrail Mounting Bracket For IFL, UV And UV-VIS Sensors (YSI 245 8039Y) .....	387.42	9.19
Note: For use with 3/4" galvanized pipe. Used with IFL-D for IFL sensor mounting. Used with 109 362Y for UV and UV-VIS sensors.		
46 82 83 00-3451 EA Sensor Coupling For SACIQ Sensor Cable (YSI 559327-2Y).....	171.27	9.19
Note: Up to 1-1/2" Schedule 80 PVC pipe.		
46 82 83 00-3452 EA Slotted End Cap For Sensor Mounting Kit (YSI 559327-4Y).....	129.09	9.19
46 82 83 00-3453 EA PVC Coupler For Sensor Mounting Kit (YSI 559327-7Y, ).....	55.28	9.19
46 82 83 00-3454 EA Float With Pendulum Mounting Assembly (YSI 108 540Y, S 200).....	1,315.29	9.19
Note: Requires one 109 232Y and one 109 320Y.		
46 82 83 00-3455 EA Float With Pendulum Mounting Assembly For Two IQ 40 mm Diameter Probes (YSI 108 542Y, S 200/2).....	1,863.58	9.19
Note: Requires one 109 232Y and one 109 320Y per sensor.		
46 82 83 00-3456 EA Float With Pendulum Mounting Assembly For Four IQ 40 mm Diameter Probes (YSI 108 544Y, S 200/4) .....	1,854.45	9.19
Note: Requires one 109 232Y and one 109 320Y per sensor.		
46 82 83 00-3457 EA Horizontal Mounting Kit For Mounting UV And UV/VIS Probes Onto S 200 Float (YSI 481 080Y, VIS Set-F) .....	345.24	9.19
Note: Used with UV, UV/VIS.		
46 82 83 00-3458 EA Sensor Weight Ring (YSI 109 232Y, GWA).....	324.16	9.19
Note: Needed for S 200 float.		
46 82 83 00-3459 EA Single Sensor Holder, Chain Style Mounting (YSI 109 320Y, EH/U 170) .....	197.63	9.19
Note: Need either 109 272Y or 109 273Y, and either 109 278Y or 109 279Y.		
46 82 83 00-3460 EA Twin Sensor Holder, Chain Style Mounting (YSI 109 323Y, EH2/U 170) .....	255.62	9.19
Note: Need either 109 272Y or 109 273Y, and one of either 109 280Y, 109 281Y or 109 283Y.		
46 82 83 00-3461 EA Triple Sensor Holder, Chain Style Mounting (YSI 109 325Y, EH3/U 170) .....	329.43	9.19
Note: Need either 109 272Y or 109 273Y, and one of either 109 280Y, 109 281Y or 109 283Y.		
46 82 83 00-3462 EA SensoClean Pendulum Mounting Assembly With Adjustable Boom (YSI 109 270Y, EH/P 170) .....	540.31	9.19
46 82 83 00-3463 EA 1.5 m Boom Length, SensoClean Swing Mounting Assembly (YSI 109 272Y, EH/F 170-1.5) .....	208.17	9.19
46 82 83 00-3464 EA 2.5 m Boom Length, SensoClean Swing Mounting Assembly (YSI 109 273Y, EH/F 170-2.5) .....	345.24	9.19
46 82 83 00-3465 EA Replacement Chain Slide For EH/F 170 (YSI 109 291Y, CHS).....	122.77	9.19
Note: Used with IFL/UV/ UVVIS. Included with the purchase of EH/F 170.		
46 82 83 00-3466 EA Fixture Assembly For Direct Wall Mounting (YSI 109 274Y, EH/W 170) .....	687.92	9.19
Note: Used with UA sensor holder, order separately.		
46 82 83 00-3467 EA Clamp Fixture For Direct Masonry Mounting Of Boom (YSI 109 276Y, BE/M 170) .....	288.31	9.19
46 82 83 00-3468 EA No Pivot, Boom Or Pendulum Pipe Mount (YSI 109 278Y, BE/R 170) .....	255.62	9.19
Note: Do not use if using a twin or triple sensor holder. Use BE/ST 170, -M, -R instead.		
46 82 83 00-3469 EA With Pivot, Boom Or Pendulum Pipe Mount (YSI 109 279Y, BE/R 170-D).....	260.89	9.19
Note: Do not use if using a twin or triple sensor holder. Use BE/ST 170, -M, -R instead.		
46 82 83 00-3470 EA Vario Concrete Floor Mounting Stand (YSI 109 280Y, BE/ST 170).....	767.00	9.19
Note: For mounting a EH/F 170 swing or EH/P 170 pendulum assembly. Supplied with joint-locking fixture to accommodate a swing or pendulum probe mount and two brackets for attaching a sun shield. Includes aluminum die cast base, wall plugs and screws.		
46 82 83 00-3471 EA Vario Vertical Or Horizontal Pipe Rail Mounting Stand (YSI 109 281Y, BE/ST 170-R).....	731.15	9.19
Note: For mounting a EH/F 170 swing or EH/P 170 pendulum assembly. Supplied with joint-locking fixture to accommodate a swing or pendulum probe mount and two brackets for attaching a sun shield.		
46 82 83 00-3472 EA Vario Wall Mounting Stand (YSI 109 283Y, BE/ST 170-M).....	703.74	9.19
Note: For mounting a EH/F 170 swing or EH/P 170 pendulum assembly. Supplied with joint-locking fixture to accommodate a swing or pendulum mounting assembly and two brackets for attaching a sun shield.		
46 82 83 00-3473 EA Pipe Bracket (YSI 109 289Y, MS/RKH 170) .....	182.87	9.19
Note: For Installing Second Sensor Onto EH/P 170. Two required per sensor.		
46 82 83 00-3474 EA Double Junction Clamp (YSI 109 290Y, MS/KK 170) .....	324.16	9.19
Note: For mounting additional EH/F or EH/P to a Vario mounting stand BE/ST 170-X.		
46 82 83 00-3475 EA Shackle For Chain Fitting (YSI 505 123Y, S/CH).....	43.16	9.19
46 82 83 00-3476 EA Chain (YSI 505 124Y-XX, CH/1) .....	44.74	9.19
46 82 83 00-3477 M Chain (YSI 505 124Y-XX, CH/1) PER METER .....	20.94	0.46

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3478 EA One On-Line Sensor Installation Set (YSI 109 304Y, IN/SET1).....	1,020.06	9.19
Note: Supplied with single sensor holder EH/U 170; SensoClean swing mounting EH/F 170-1,5; Vario floor mounting BE/ST 170; and sun shield SSH/IQ.		
46 82 83 00-3479 EA Two On-Line Sensors Installation Set (YSI 109 305Y, IN/SET2).....	1,072.78	9.19
Note: Supplied with twin Sensor holder EH/U 170; SensoClean swing mounting EH/F 170-1,5; Vario floor mounting BE/ST 170; and sun shield SSH/IQ.		
46 82 83 00-3480 EA Three On-Line Sensors Installation Set (YSI 109 306Y, IN/SET3).....	1,093.87	9.19
Note: Supplied with triple Sensor holder EH/U 170; SensoClean swing mounting EH/F 170-1,5; Vario floor mounting BE/ST 170; and sun shield SSH/IQ.		
46 82 83 00-3481 EA IFL Sensor Deflector Plate (YSI 481 206Y, IFL-E).....	345.24	9.19
Note: Used with IFL. Deployable on railing, angled to clear obstructions. Used with IFL-E (481 206Y), order separately. Requires user-supplied 1" diameter pipe.		
46 82 83 00-3482 EA Vertical IFL Sensor Rail Mount (YSI 481 208Y, IFL-PM).....	324.16	9.19
Note: Deployable at railing posts. Used with IFL-E (481 206Y), order separately. Requires user supplied 1" diameter pipe.		
46 82 83 00-3483 EA Angled IFL Sensor Rail Mount (YSI 481207Y, IFL-RM).....	977.88	9.19
Note: Used with IFL. Deployable on railing, angled to clear obstructions. Used with IFL-E (481 206Y), order separately. Requires user supplied 1" diameter pipe.		
46 82 83 00-3484 EA Extended, Pivot, IFL, UV And UV/VIS Wall Mount (YSI 109360Y, EHW 171).....	724.83	9.19
Note: Used with IFL/UV/ UVVIS. Requires 109 362Y (ordered separately) and customer supplied 3/4" diameter pipe.		
46 82 83 00-3485 EA Fixed, IFL, UV And UV/VIS Wall Mount (YSI 109361Y, EHW 172).....	276.71	9.19
Note: Used with IFL/UV/ UVVIS. Requires 109 362Y (ordered separately) and customer supplied 3/4" diameter pipe.		
46 82 83 00-3486 EA Side Arm, Fixed, IFL, UV And UV/VIS Wall Mount (YSI 109 365Y, EHW 173).....	556.12	9.19
Note: Used with IFL/UV/ UVVIS. Requires 109 362Y (ordered separately) and customer supplied 3/4" diameter pipe.		
46 82 83 00-3487 EA IFL, UV And UV/VIS Sensor Holder For EH/W Wall Mounts (YSI 109362Y, EHWB).....	292.52	9.19
Note: Used with IFL/UV/ UVVIS. Used with 109 361Y, 109 360Y and 109 365Y and customer supplied 3/4" diameter pipe.		
46 82 83 00-3488 EA EH/W 170, 171, 172 And 173 Wall Rail Connection Mount (YSI 109 366Y, EHW RM).....	672.11	9.19
Note: Used with IFL/UV/ UVVIS.		
<b>46 82 83 00-3489 Sensor Cleaning Components (46 82 83 00-3225)</b>		
46 82 83 00-3490 EA Solenoid Valve Option For Plant Supplied Air, Cleaner Head Valve Module (YSI 480 018Y, MIQ/CHV Plus).....	851.06	45.95
Note: For use w/ 2020XT systems. Requires part #900 107Y in conjunction with either 480 018Y or 480 017Y.		
46 82 83 00-3491 EA System 182 Cleaning Head Valve Module (YSI 472 007Y, DIQ/CHV).....	640.18	45.95
Note: For use with plant supplied air. Uses one relay contact for operation.		
46 82 83 00-3492 EA Cleaning Head With 15 Meters Of Tubing (YSI 900 107Y, CH).....	592.73	45.95
46 82 83 00-3493 EA Cleaning Air Box (YSI 480 017Y).....	1,736.75	45.95
Note: You need part #900 107Y in conjunction with either 480 018Y or 480 017Y. Order 109 286Y and 109 295Y separately for mounting the 480 017Y onto handrail. Uses one relay contact for operation.		
46 82 83 00-3494 EA Cleaning Head Spare Part Set (YSI 900 111Y, CH/Epack).....	84.15	
46 82 83 00-3495 EA Mounting Into Cleaning Air Box Or In Flow-Thru Adapter EBST-700 DU/ND Check Valve (YSI 480 029Y, BPV).....	155.45	9.19
<b>46 82 83 00-3496 Sensor Extensions And Holders (46 82 83 00-3225)</b>		
46 82 83 00-3497 EA 550 mm Sensor Holder With PVC Extension Assembly (YSI 109 260Y, UA 55).....	366.33	9.19
46 82 83 00-3498 EA 1,300 mm Sensor Holder With PVC Extension Assembly (YSI 109 261Y, UA 130).....	408.51	9.19
46 82 83 00-3499 EA Probe Extension Assembly (YSI 109 263VY, UA-SO).....	329.43	9.19
Note: For mounting 70X IQ probes. Includes handle and set of seals. Length selectable between 0.25 and 2.60 meters in 0.05 meter increments.		
46 82 83 00-3500 M Probe Extension Assembly (YSI 109 263VY, UA-SO) PER METER.....	101.08	0.46
46 82 83 00-3501 EA O-Ring Seals Spare Set (YSI 109 265Y, UA/DS).....	94.90	
Note: For UA 55, UA 130.		
46 82 83 00-3502 EA Sensor Holder With Handle (YSI 109 320Y, EH/U 170).....	218.72	9.19
Note: For IQ sensors.		
46 82 83 00-3503 EA European Style Mounting, Seawater Applications, Single Sensor Holder (YSI 109 317Y, EH/SW).....	150.18	9.19
46 82 83 00-3504 EA Two Sensor Holder With Handle (YSI 109 323Y, EH2/U 170).....	303.07	9.19
46 82 83 00-3505 EA Three Sensor Holder With Handle (YSI 109 325Y, EH3/U 170).....	376.88	9.19
<b>46 82 83 00-3506 Flow-Thru Vessels And Adapters (46 82 83 00-3225)</b>		
46 82 83 00-3507 EA IQ SensorNet Multi-Sensor PVC Flow-Thru Vessel (YSI 203 745Y, D700/N).....	1,668.22	45.95
Note: For unpressurized applications. D 700/N can accommodate one TriOxmatic and one SensoLyt SE/DW/EC/Pt. TetraCon 700 IQ can be substituted for TriOxmatic.		
46 82 83 00-3508 EA Flow-Thru Cell For Continuous D.O. Measurement With TriOxmatic Sensors (YSI 203 747Y, D 702/N).....	1,515.33	45.95
Note: For ppb range with 702 (IQ).		
46 82 83 00-3509 EA IQ Multi-Probe Flow-Thru Vessel (YSI 203 749Y, DMS/N).....	3,360.53	45.95
Note: Accommodates up to four 1.57" diameter IQ probes.		
46 82 83 00-3510 EA Metric Bushing (YSI 203 751Y, EBS 700-DU/N).....	239.80	9.19
Note: Component of 203 753Y.		
46 82 83 00-3511 EA 2" PVC Pipe Bushing (YSI 203 751USY, EBS 700-DU/N-US).....	329.43	9.19
Note: Component of 203 753USY.		
46 82 83 00-3512 EA On-Line Sensors, 2" PVC Pipe Mounting Assembly (YSI 203 753USY, EBST 700-DU/N-US).....	371.60	9.19
Note: Requires adaptor 203 777Y and/or 203 789Y.		
46 82 83 00-3513 EA IQ Sensors, 2" PVC Pipe Mounting Assembly (YSI 203 754USY, EBST 700-DU/ND-US).....	677.38	9.19
Note: With air pressure cleaning fittings. Requires adaptor.		
46 82 83 00-3514 EA 15 PSIG Maximum, Stainless Steel Weld-In Socket (YSI 203 755Y, ESS 700 VA/N).....	671.95	27.57
Note: 690/70X, IQ. Requires adaptor.		
46 82 83 00-3515 EA 145 PSIG Maximum, Stainless Steel Weld-In Socket (YSI 203 757Y, ESS 700 VA/10).....	814.30	27.57
Note: 690/70X, IQ. Requires adaptor.		
46 82 83 00-3516 EA Wye Flow-Thru Adapter For In-Line Measurements (YSI 203 758Y, EBST/SW).....	592.87	27.57
Note: Metric version. Salt water design. Used with 700 IQ/701 IQ probes. Requires 203 790Y.		

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3517 EA Adapter For Mounting pH/ORP, TriOxmatic DO And Conductivity IQ Probes In D 700/N Or DMS/N Flow-Thru Vessels (YSI 203 761Y, ADA-DF 1) .....	239.80	9.19
46 82 83 00-3518 EA Adaptor For Mounting DO Sensors TriOxmatic 702 IQ In D 702/N (YSI 203 771Y, ADA-DF-6).....	102.73	9.19
46 82 83 00-3519 EA Adapter For Mounting VisoTurb 700 IQ Probe In DMS/N Flow-Thru Vessel (YSI 203 773Y, ADA-DF 7).....	345.24	9.19
46 82 83 00-3520 EA Adaptor For 203 751Y, 203 753(US)Y, 203 755Y (YSI 203 777Y, ADA-DF-9).....	339.97	9.19
Note: All IQ sensors except UV/VIS, UV and FDO.		
46 82 83 00-3521 EA Adaptor For 203 757Y IQ Sensors (YSI 203 781Y, ADA-DF-11).....	354.73	9.19
46 82 83 00-3522 EA Adaptor For Mounting FDO 700 In D700/N (YSI 203 787Y, ADA-DF-14) .....	408.51	9.19
46 82 83 00-3523 EA Adaptor For Mounting FDO 700 In EBS 700-DU/N, EBST 700-DU/N, ESS 700 VA/N (YSI 203 789Y, ADA-DF-15).....	462.28	9.19
46 82 83 00-3524 EA Adaptor For 203 758Y (YSI 203 790Y, ADA-DF9/SW).....	328.37	9.19
Note: All IQ salt water version sensors except UV/VIS.		
46 82 83 00-3525 EA 145 PSIG Maximum, Retraction Assembly With Ball Valve (YSI 480 100Y, WA 700/10).....	3,111.84	27.57
Note: Requires 480104 or 480106. Also requires either 480108 or 480114.		
46 82 83 00-3526 EA Retraction Assembly With Ball Valve, 30 PSIG Maximum Pressure (YSI 480 102Y, WA 700/2).....	2,638.41	27.57
Note: Requires 480104 or 480106. Also requires either 480108, 480110, 480112, or 480114.		
46 82 83 00-3527 EA ST 33 Carbon Steel Weld-In Socket (YSI 480 104Y, ESS-WA 700/ST) .....	139.48	27.57
Note: For WA 700/2 and WA 700/10.		
46 82 83 00-3528 EA 316 Stainless Steel Weld-In Socket (YSI 480 106Y, ESS-WA 700/VA).....	155.30	27.57
Note: For WA 700/2 and WA700/10.		
46 82 83 00-3529 EA Adaptor For Mounting IQ Sensors In WA 700/2 And WA 700/10 (YSI 480 108Y, ADA-WA-1).....	181.81	9.19
46 82 83 00-3530 EA Adaptor For Mounting FDO 700 In WA 700/2 And WA 700/10 Retraction Assemblies (YSI 480 114Y, ADA-WA-4).....	324.16	9.19
46 82 83 00-3531 EA Blind Plug For Closing Weld In Socket Fittings ESS WA/ST And ESS WA/VA (YSI 480 116Y, WA/BV) .....	160.57	27.57
46 82 83 00-3532 EA O-Rings Spare Set For WA 700/2 And WA 700/10 (YSI 480 118Y, WA/Epack).....	46.99	
46 82 83 00-3533 EA Flow-Thru Vessel With Wall Mounting Holder And Fittings (YSI 480 080Y, VIS FT-1).....	2,053.37	9.19
Note: For UVVIS Sensors NitraVis®, CarboVis® And NiCaVis® 70X IQ (TS). For operation with automatic compressed air cleaning with cleaning and ventilation fitting.		
46 82 83 00-3534 EA Spare Parts Set For Flow-Thru Vessel (YSI 480 081Y, VIS FT-1/RS).....	49.18	
Note: Consisting of one 11 x 2 mm o-ring, two 14 x 2 mm o-rings, two 60 x 4 mm o-rings, one 8 x 2 mm o-ring, and one 1/4" piece seal disc.		
46 82 83 00-3535 EA Spare Parts Set For Old style UV-VIS Flow Thru Cell (YSI 480 061Y, VIS Flow-thru/Epack) .....	61.20	
46 82 83 00-3536 EA Flow Thru System For VisoTurb, ViSolid Sensors With EBST-700 DU/N With Barb Fittings (YSI 505 521Y, DFS/VisoTurb/TW) .....	713.06	27.57
<b>46 82 83 00-3537 Buffer Solutions</b> <small>(46 82 83 00-3225)</small>		
46 82 83 00-3538 EA pH 4 Buffer, Box Of 6 Pints (YSI 003821, 3821).....	126.53	
46 82 83 00-3539 EA pH 7 Buffer, Box Of 6 Pints (YSI 003822, 3822).....	126.53	
46 82 83 00-3540 EA pH 10 Buffer, Box Of 6 Pints (YSI 003823, 3823).....	126.53	
46 82 83 00-3541 EA Assorted pH Buffer, Box Of 6 Pints, 2 Each pH 4, 7 And 10 (YSI 603824, 3824).....	126.53	
46 82 83 00-3542 EA 125 mL ORP Calibrator, Zobell Solution (YSI 61320, 3682).....	69.59	
46 82 83 00-3543 EA 250 mL ORP Calibrator, Zobell Solution (YSI 61321).....	84.35	
46 82 83 00-3544 EA 500 mL ORP Calibrator, Zobell Solution (YSI 61322).....	104.39	
46 82 83 00-3545 EA Kit For Regeneration Of ORP Electrodes (YSI 109 730Y, SORT/RH).....	195.06	
Note: Reagent set for regenerating ORP platinum electrodes, comprising 10 gram activation powder and 30 gram chlorine powder.		
46 82 83 00-3546 EA 1 Gallon, Turbidity Standard For VisoTurb (YSI 607400, 6074).....	516.66	
Note: Requires 2nd day shipment in the winter as product is heat packed to avoid freezing.		
46 82 83 00-3547 EA 1,000 umhos/cm, 8 EA, Pint, Conductivity Calibrator (YSI 060907, 3167) .....	205.61	
Note: Requires 2nd day shipment in the winter as product is heat packed to avoid freezing.		
46 82 83 00-3548 EA 10,000 umhos/cm, 8 EA, Pint, Conductivity Calibrator (YSI 060911, 3168) .....	205.61	
Note: Requires 2nd day shipment in the winter as product is heat packed to avoid freezing.		
46 82 83 00-3549 EA 50,000 umhos/cm, 8 EA, Pint, Conductivity Calibrator (YSI 060660, 3169) .....	205.61	
Note: Requires 2nd day shipment in the winter as product is heat packed to avoid freezing.		
46 82 83 00-3550 EA 250 mL, 3 mol/L, KCl Solution (YSI 109 705Y, KCl-AgCl-250).....	53.77	
Note: For storing pH electrodes.		
46 82 83 00-3551 EA 1000 mL Low Concentration Standard Solution For VARiON Plus, AmmoLyt Plus, And NitraLyt Plus 700 IQ Probes (YSI 107 050Y, VARiON/ES-1) .....	79.08	
Note: Used for sensor check and storage.		
46 82 83 00-3552 EA 1000 mL High Concentration Standard For VARiON Plus, AmmoLyt Plus And NitraLyt Plus 700 IQ Probes (YSI 107 052Y, VARiON/ES-2) .....	89.62	
Note: Used for sensor check		
46 82 83 00-3553 EA For 5 mm UVVIS IQ SensorNet Probes, Low Concentration Sensor Check Standard (YSI 481 077Y, ST-1).....	89.62	
46 82 83 00-3554 EA For 1 mm UVVIS IQ SensorNet Probes, High Concentration Sensor Check Standard (YSI 481 078Y, ST-2).....	89.62	
<b>46 82 83 00-3555 P700 IQ Analyzers</b> <small>(46 82 83 00-3225)</small>		
46 82 83 00-3556 EA Indoor Version, Without Sample Pump, IQ SensorNet Orthophosphate Analyzer (YSI 8P-000Y, P 700 IQ-I115) .....	18,693.34	36.76
Note: 115 V. Requires connection to existing IQ SensorNet network OR 2020XT with MIQ/PS. Reagents and solutions sold separately.		
46 82 83 00-3557 EA Outdoor Version, Without Sample Pump, IQ SensorNet Orthophosphate Analyzer (YSI 8P-001Y, P 700 IQ-O115)....	19,929.10	36.76
Note: 115 V. Requires connection to existing IQ SensorNet network OR 2020XT with MIQ/PS. Reagents and solutions sold separately.		
46 82 83 00-3558 EA Indoor Version, Integrated Sample Pump, IQ SensorNet Orthophosphate Analyzer (YSI 8P-010Y, P 700 IQ-PI115).....	19,948.08	36.76
Note: 115 V. Requires connection to existing IQ SensorNet network OR 2020XT with MIQ/PS. Reagents and solutions sold separately.		
46 82 83 00-3559 EA Outdoor Version, Integrated Sample Pump, IQ SensorNet Orthophosphate Analyzer (YSI 8P-011Y, P 700 IQ-PO115) .....	20,430.99	36.76
Note: 115 V. Requires connection to existing IQ SensorNet network OR 2020XT with MIQ/PS. Reagents and solutions sold separately.

46 82 83 00-3747 EA 2-bottle Configuration. Includes two polyethylene 2-gallon (7.5-liter) rectangular bottles, locating base, caps and two discharge tubes. (Teledyne Isco 686700036) .....	387.06	23.04
46 82 83 00-3748 EA 1-bottle Configuration. Includes one polyethylene 2.5-gallon (10-liter) round bottle, two caps and two discharge tubes. (Teledyne Isco 686700038) .....	227.03	13.51
46 82 83 00-3749 EA 1-bottle Configuration. Includes one glass 2.5-gallon (10-liter) round bottle, two PTFE lined caps and two discharge tubes. (Teledyne Isco 686700039) .....	227.03	13.51
46 82 83 00-3750 EA Single ProPak Configuration for 6700 Series FR Refrigerated Sampler. Includes one composite ProPak holder with cap, 100 ProPak bags, O-ring, two discharge tubes and an instruction sheet. (Teledyne Isco 686700150) .....	334.96	19.94
46 82 83 00-3751 EA 1-bottle Configuration. Includes one polyethylene 4-gallon (15-liter) round bottle, two caps and two discharge tubes. (Teledyne Isco 686700040) .....	227.03	13.51
46 82 83 00-3752 EA 1-bottle Configuration. Includes one glass 20-liter round bottle, two closure caps and two discharge tubes. (Teledyne Isco 686700042) .....	428.00	25.48
46 82 83 00-3753 EA 1-bottle Configuration. Includes one polyethylene 5.5-gallon (20.5-liter) round bottle, two caps and two discharge tubes. (Teledyne Isco 686700041) .....	239.44	14.25
46 82 83 00-3754 EA 6712FR refrigerator adapter kit for 24 bottle configuration. Kit contains mounting hardware for the controller and distributor arm. Bottles, caps, rack, retaining ring, and discharge tubes must be ordered separately. (Teledyne Isco 609004155) .....	126.55	7.53
46 82 83 00-3755 EA 6712FR refrigerator adapter kit for 8 bottle configuration. Kit contains mounting hardware for the controller and distributor arm. Bottles, caps, rack, retaining ring, and discharge tubes must be ordered separately. (Teledyne Isco 609004154) .....	182.37	10.86
46 82 83 00-3756 EA 6712FR refrigerator adapter kit for 2 bottle configuration. Kit contains mounting hardware for the controller and distributor arm, and a 2 bottle locating base. Bottles, caps, and discharge tubes must be ordered separately. (Teledyne Isco 609004153) .....	194.77	11.59
46 82 83 00-3757 EA 6712FR refrigerator adapter kit for 1 bottle configuration. Kit contains mounting hardware for the controller. Bottle, caps, and discharge tubes must be ordered separately. (Teledyne Isco 609004156) .....	32.26	1.92
46 82 83 00-3758 EA Discharge tube. 6700FR Series Sampler 8, 12, and 24 bottle sampling. 5800/4700 Samplers, all configurations except single 20 liter bottles. (Teledyne Isco 609003279) .....	19.85	1.19
46 82 83 00-3759 EA Discharge tube, 6700FR Series Sampler. (Teledyne Isco 609003283) .....	17.37	1.03
46 82 83 00-3760 EA Discharge tube, 6700 Series Full-size Sampler. (Teledyne Isco 609003260) .....	17.37	1.03
46 82 83 00-3761 EA Discharge tube, 6700 Series Full-size Sampler. (Teledyne Isco 609003262) .....	17.37	1.03
46 82 83 00-3762 EA Discharge tube, 6700 Series Full-size Sampler. (Teledyne Isco 609003264) .....	17.37	1.03
46 82 83 00-3763 EA Series 6700FR refrigerator only, 120 VAC, 60 Hz. (Teledyne Isco 609004236) .....	7,294.69	434.23
46 82 83 00-3764 EA Series 6700FR refrigerator only, 230 VAC, 50 Hz. (Teledyne Isco 609004235) .....	7,294.69	434.23
46 82 83 00-3765 EA FR Battery Back-up kit. Includes Isco NiCad battery 60-1684-040 and instruction sheet. When installed in FR refrigerator, the battery provides 12VDC power to continue sampler operation should AC input power fail. (Teledyne Isco 686700135) .....	358.54	21.34
46 82 83 00-3766 EA Temperature Logging Assembly for 6712FR Refrigerators, includes instruction sheet. (Teledyne Isco 686700136) .....	472.67	28.13
46 82 83 00-3767 EA Padlock. (Teledyne Isco 209902000) .....	40.94	2.43
Note: Used to lock GLS sampler (one required) and 3700/6700 Series refrigerated samplers (two required).

46 82 83 00-3781 EA Discharge tubing for 5800/4700 and 6700 Series/Avalanche Sampler, pump tubing for 3700 Series GLS, and Glacier Samplers - 10 ft. (Teledyne Isco 606700046).....	106.70	6.35
46 82 83 00-3782 EA Discharge tubing for 5800/4700 and 6700 Series/Avalanche Sampler, pump tubing for 3700 Series, GLS, and Glacier Samplers - 50 ft. (Teledyne Isco 606700047).....	397.00	23.62
46 82 83 00-3783 EA Discharge tube, 6700 Series Full-size Sampler. (Teledyne Isco 609003266).....	17.37	1.03
Note: For 4 bottle sampling applications.		
46 82 83 00-3784 EA Discharge tube, 6700 Series Full-size Sampler. (Teledyne Isco 609003271).....	13.65	0.81
Note: For single bottle composite sampling.		
46 82 83 00-3785 EA Discharge tube, 6700C Series Compact Sampler. (Teledyne Isco 609003257).....	17.37	1.03
Note: For 12 or 24 bottle sampling.		
46 82 83 00-3786 EA Discharge tube, 6700C Series Compact Sampler. (Teledyne Isco 609003258).....	13.65	0.81
Note: For single bottle sampling.		
46 82 83 00-3787 EA 3/8 inch standard weighted polypropylene strainer. (Teledyne Isco 609004367).....	94.29	5.60
46 82 83 00-3788 EA 3/8 inch ID x 10 ft. long vinyl suction line with standard weighted polypropylene strainer. Includes tubing coupler. (Teledyne Isco 609004378).....	119.10	7.09
46 82 83 00-3789 EA 3/8 inch ID x 25 ft. long vinyl suction line with standard weighted polypropylene strainer. Includes tubing coupler. (Teledyne Isco 609004379).....	138.94	8.27
46 82 83 00-3790 EA 3/8 inch ID x 10 ft. (3 m) long PTFE suction line with protective jacket. (Teledyne Isco 601683146).....	74.43	4.43
46 82 83 00-3791 EA 3/8 inch ID x 25 ft. (7.6 m) PTFE suction line with protective jacket. (Teledyne Isco 602703114).....	138.94	8.27
46 82 83 00-3792 EA 3/8 inch ID CPVC strainer (Teledyne Isco 603704066).....	116.62	6.94
46 82 83 00-3793 EA 3/8 inch stainless steel strainer, low flow. (Teledyne Isco 692903138).....	75.68	4.51
46 82 83 00-3794 EA 3/8 inch vinyl suction line - 100 ft. Includes tubing coupler. (Teledyne Isco 681680058).....	106.70	6.35
46 82 83 00-3795 EA 3/8 inch vinyl suction line - 500 ft. Includes two tubing couplers. (Teledyne Isco 681680059).....	428.00	25.48
46 82 83 00-3796 EA Tubing coupler, 3/8 inch. One-piece, clampless coupler made of stainless steel. (Teledyne Isco 603709002).....	24.81	1.48
Note: Can be used with any Isco sampler.		
46 82 83 00-3797 EA 701 Module with Stainless Steel double junction combination pH probe. Includes combination pH probe with built- in exposed temperature probe and 25 ft. cable. Also includes one package of each buffer and rinse solution for calibrating pH probe, and instruction manual. Probe mounting hardware sold separately. (Teledyne Isco 686700052).....	2,630.06	156.56
46 82 83 00-3798 EA Stainless Steel double-junction combination pH probe with built-in temperature probe. With 25 ft (7.6 m) cable. (Teledyne Isco 609004126).....	513.60	30.57
46 82 83 00-3799 EA SPA 907. Standard Isco pH Sensor Extension Cable, built to length. (Teledyne Isco 605304907).....	111.65	6.65
Note: Allows for extension of the pH sensor for applications where greater separation is needed. For use with the pH sensor assembly with the built in temperature sensor (60-2004-146 or 60-5304-895). Must not exceed 1000 ft. maximum length between pH probe and 301 TIENet® Device or 701 module.		
<i>For Each LF Of Extension Cable, Add</i>	2.03	
46 82 83 00-3800 EA 720 Module and submerged probe with 25 ft. cable, measures 10 ft. level range. Includes instruction manual and coupon for free Isco Open Channel Flow Measurement Handbook. (Teledyne Isco 686700068).....	2,468.78	146.95
Note: Probe mounting hardware sold separately.		
46 82 83 00-3801 EA Submerged probe level sensor only, measures 10 ft. level range. With 25 ft. connect cable. (Teledyne Isco 603224002).....	1,133.90	67.50
46 82 83 00-3802 EA Submerged Probe sensor extension cable, 25 ft. (Teledyne Isco 603224004).....	364.73	21.71
Note: For additional vented separation distance between the sensor and the flow meter. More than one extension cable may be used provided that the total distance, including sensor cable length, does not exceed 75 ft.		
46 82 83 00-3803 EA Submerged Probe sensor extension cable, 50 ft. (Teledyne Isco 603224005).....	403.19	24.01
Note: For additional vented separation distance between the sensor and the flow meter. Total distance including sensor cable length cannot exceed 75 ft.		
46 82 83 00-3804 EA SPA 1641. Quick Disconnect Box for 720 Module, 4120 or 4220 Submerged Probe. Sealed box includes Amphenol connector for submerged probe, desiccant cartridge for reference air line, and a six position terminal strip. (Teledyne Isco 605314641).....	446.61	26.59
Note: Use cut-to-length cable 60-5304-568 to complete the connection to a 4220/4120 flow meter or 720 module.		
46 82 83 00-3805 EA SPA 568. 4220/720 Submerged Probe to Q.D. Box Connect Cable, built to length. (Teledyne Isco 605304568).....	93.05	5.53
Note: This sensor cable is normally used with a quick disconnect box (60-5314-641) and can be ran through conduit. It has an Amphenol on one end for connection to the instrument and spade lugs on the other end for connection to the terminal block in the quick disconnect box. Maximum length is 975 ft.		
<i>For Each LF Of Sensor Extension Cable, Add</i>	2.71	
46 82 83 00-3806 EA Flume probe cap. (Teledyne Isco 602503105).....	40.94	2.43
Note: For use in flumes built to accommodate an Isco probe.		
46 82 83 00-3807 EA Standard nose section for submerged probe. (Teledyne Isco 602503086).....	69.47	4.14
46 82 83 00-3808 EA Sensor carrier for attaching submerged probe level sensor to Isco Mounting Rings. (Teledyne Isco 603204005).....	59.55	3.55
46 82 83 00-3809 EA Reference Port Tubing, 1/4 inch ID x 10 ft. (3 m). (Teledyne Isco 602703111).....	16.13	0.96
Note: Provides extension to the reference port.		
46 82 83 00-3810 EA Reference Port Tubing, 1/4 inch ID x 25 ft. (7.6 m). (Teledyne Isco 602703112).....	34.74	2.07
Note: Provides extension to the reference port.		
46 82 83 00-3811 EA 730 Module with 1/8 inch x 25 ft. vinyl bubble line. (Teledyne Isco 686700050).....	2,998.52	178.48
Note: Includes instruction manual and coupon for free Isco Open Channel Flow Measurement Handbook. Bubble tube mounting hardware sold separately.		
46 82 83 00-3812 EA 1/8 inch x 25 ft. vinyl tubing. For use as a flow meter bubble line. (Teledyne Isco 609003281).....	28.53	1.70
46 82 83 00-3813 EA 1/8 inch x 100 ft. vinyl bubble line. (Teledyne Isco 601700003).....	78.16	4.65

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3814 EA Stainless Steel Bubble Tube - 4 ft. length. (Teledyne Isco 601873043) .....	31.01	1.85
Note: For use with 1/8 inch ID vinyl bubble line.		
46 82 83 00-3815 EA Sensor carrier for attaching bubble line to Isco Mounting Rings. (Teledyne Isco 603204007) .....	110.42	6.57
46 82 83 00-3816 LF SPA 706. 1/8 inch vinyl Bubble Line, cut to length, per ft. Maximum available length is 500 ft. (Teledyne Isco 605304706) .....	1.54	0.09
Note: It is not recommended to use lengths in excess of 200 ft. for any single application. Contact factory for details.

MINOR	CSI	UOM	DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3853	EA		SPA 1400. YSI Adapter Extension Cable for Avalanche and 6712. SDI-12 adapter cable to adapt YSI sondes to the Avalanche/6712. (Teledyne Isco 605314400).....	173.69	10.34
			Note: Allows for additional separation between the sonde and sampler. Built to length, per ft. Specify length at time of order.		
			<i>For Each LF Of Extension Cable, Add</i>	1.66	
46 82 83 00-3854	EA		SPA 360. Modification to add Lifting Lugs to 6712FR/5800/4700 refrigerated samplers. (Teledyne Isco 605304360).....	251.84	14.99
			Note: Four stainless steel lifting lugs are added, one to each corner, to allow for lifting with a mechanical hoist. For the 5800/4700 refrigerated sampler requires removal of pump cover, cannot be used with pump heater option.		
46 82 83 00-3855	EA		SPA 391. Y Connect cable, 4200 series flow meter to 6700/3700/GLS series sampler and Type 'E' Interface. (Teledyne Isco 605304391).....	245.64	14.62
			Note: Requires the use of a sampler to flow meter cable (60-3004-107 or cut to length version 583). For the 5800/4700 refrigerated sampler the part number for the sampler to flow meter cable is 69-4704-043 (25 ft) or cut to length version SPA 1687 (up to 1,000 ft).		
46 82 83 00-3856	LF		SPA 491. 3/8 inch vinyl Suction Line, cut to length, per ft. (Teledyne Isco 605304491).....	1.96	0.12
			Note: Maximum available length is 400 ft.		
46 82 83 00-3857	EA		SPA 565. 3700/6700/GLS/Avalanche 1640 Liquid Level Actuator, cut to length, per ft. (Teledyne Isco 605304565).....	334.96	19.94
			Note: Maximum available length is 250 ft. For use with 5800/4700 also order adapter 60-5314-697 or 60-5314-704.		
			<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-3858	LF		SPA 569. 3/8 inch PTFE suction line with protective jacket, cut to length, per ft. (Teledyne Isco 605304569).....	5.83	0.34
			Note: Maximum available length is 500 ft.		
46 82 83 00-3859	EA		SPA 583. Cut to length cable connects 6700/3700/GLS series samplers to 4200 series flow meters. (Teledyne Isco 605304583).....	93.05	5.53
			Note: Custom length connect cable for applications when the sampler and flow meter are separated by more than 25 ft. Maximum length is 1,000 ft. Applications longer than 200 ft. will require a power supply on the sampler and a separate supply on the flow meter. For connection to the 5800/4700 sampler, use 60-5314-687. Not for use with 2100 systems.		
			<i>For Each LF Of Extension Cable, Add</i>	2.66	
46 82 83 00-3860	EA		SPA 584. Modification to 6712FR/5800/4700 refrigerated samplers for the addition of anchor lugs. (Teledyne Isco 605304584).....	251.84	14.99
			Note: An anchor bracket is added to each corner of the refrigerator, 2 brackets per side, to allow the refrigerator to be attached to the floor. If this is ordered without the refrigerator as a kit the model (6712FR or 5800/4700) of the refrigerator will be required to insure proper hardware and instructions are included, contact SPA department for details.		
46 82 83 00-3861	EA		SPA 606. Modify 6712FR for 4 bottle configuration, bottles ordered separately. (Teledyne Isco 605304606).....	497.47	29.61
			Note: Modification to 6712FR includes installation of unique drip tray, a different shelf, a bottle locating deck, distributor arm, shaft, 2 pump tubes and a discharge tube. Order plastic or glass bottles separately, (4x) 2 gallon polyethylene bottles 299-0013-07 or (4x) 2.5 gallon glass bottles 68-2700-005. If ordered as a kit for in-field installation order shelf part number 61-2723-028 separately, contact SPA department for details.		
46 82 83 00-3862	EA		SPA 665. Relay alarm during sampling period. (Teledyne Isco 605304665).....	528.51	31.46
			Note: Converts the event mark signal of 6700/3700/GLS series samplers into a Form 'C' contact closure for control use. Typical applications would include control of three-way solenoid valve to sample from pressurized line, or to control a pump linked to the SPA 888 Flow Thru Chamber. Contacts rated 12 amp, 120 VAC. Requires event mark to be set appropriately in the standard software. Plugs into the Flow Meter port on sampler. For connection to 5800/4700 sampler also order adapter 60-5314-697 or 60-5314-704.		
46 82 83 00-3863	EA		SPA 719. Low Flow 3/8-inch stainless steel strainer. (Teledyne Isco 605304719).....	251.84	14.99
			Note: Three 3/8-inch holes oriented toward bottom via 2-inch square plate. 7-inches long, 7/8-inch high. Contact factory for application details.		
46 82 83 00-3864	EA		SPA 741. Modification to Mount Handles on 6712FR/5800/4700 refrigerated samplers. (Teledyne Isco 605304741).....	327.52	19.50
			Note: Stainless steel handles (4) are added to the sides of the refrigerator to allow for easier handling.		
46 82 83 00-3865	EA		SPA 790. Custom length Cable for non-Isco external control of 6700/3700/GLS series samplers. (Teledyne Isco 605304790).....	73.19	4.36
			Note: Cable provides pins 'B' and 'F' for connection to customer's unpowered switch or contact. When closed, this will disable the sampler. Customer may hook this cable to floats, relay alarms, etc. to control when they want the sampler program to run. Maximum length of 1,000 ft.		
			<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-3866	EA		SPA 820. PTFE coated 3/8-inch Stainless Strainer. (Teledyne Isco 605304820).....	327.52	19.50
			Note: This is our old style 3/8-inch stainless strainer that has been coated with PTFE. Use 60-5314-552 for non-PTFE coated version.		
46 82 83 00-3867	EA		SPA 895. Custom length Double Junction pH Sensor for connection to Signatue 301 pH/temperature device or 6712 with 701 module. (Teledyne Isco 605304895).....	625.26	37.22
			Note: This is the standard 60-9004-126 pH sensor, with custom length cable. Units are ordered from vendor, so allow from 4 to 10 weeks delivery on any SPA 895. This probe has the built in temperature sensor. Please specify the length when ordering.		
			<i>For Each LF Of Extension Cable, Add</i>	1.36	
46 82 83 00-3868	EA		SPA 906. Modify 6712FR for 2-Bottle Configuration for 6712FR refrigerated samplers. Includes 2 polypropylene 20 liter containers, bottle locating deck, distributor arm and shaft appropriate for type of refrigerator. (Teledyne Isco 605304906).....	661.24	39.36
			Note: Please specify refrigerator model when ordering. For single replacement bottle order 60-5304-908. This modification places a flat shelf lower in the refrigerator to accommodate the bottles. When ordering as a kit include shelf part number 61-2723-028.		
46 82 83 00-3869	EA		SPA 908. One 5 gallon (20 liter) polypropylene bottle, rectangular. (Teledyne Isco 605304908).....	264.25	15.73
			Note: This is the same bottle used by SPA 906 (60-5304-906) and SPA 1694 (60-5314-694).		
46 82 83 00-3870	EA		SPA 918. Modification to 6700/3700 series samplers for internal 120VAC heater, with line cord. (Teledyne Isco 605304918).....	730.71	43.50
			Note: A 30 watt, AC powered strip heater is installed in the control box to insure display is readable in extremely cold conditions. Controller has power cord to provide 120 VAC to the heater. A fixed point thermostat controls heater to keep internal temperature above 35 degrees F. For portable units only, for 6712FR refrigerators use SPA 1020. For 5800/4700 refrigerated samplers use standard product offerings.		
46 82 83 00-3871	EA		SPA 1932. Two wheel hand cart for portable non-refrigerated samplers. (Teledyne Isco 605314932).....	384.58	22.89
			Note: Semi-pneumatic tires allow movement over uneven terrain. Includes cord to secure base of portable sampler to cart; intended for temporary use. State model of sampler and compact or standard base to ensure that the proper secure cord length is supplied.		

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3872 EA SPA 939. DC Powered RTD Interface. Connects and powers 581 RTD during transfer to a PC with a DB-9 pin serial port. (Teledyne Isco 605304939).....	251.84	14.99
Note: Can be powered with a 9 VDC battery, or powered by an external 12 VDC source such as a user-supplied AC-DC power converter. External DC Power supply must be regulated 12 VDC, 200 mA. Standard 9 VDC battery supports portable PC use; external power provides support for non-120 VAC customers.		
46 82 83 00-3873 EA SPA 947. Model 6712/Avalanche Sampler Single I/O Alarm. (Teledyne Isco 605304947).....	692.26	41.20
Note: This is an external alarm, in a NEMA 4 box, housing a single relay, 12 amp, 120 VAC, to communicate alarm conditions within the 6712. The 6712 can be programmed to alarm any one of several conditions such as program done, run errors, program enabled, etc. as set in programming. Connects to the rain gauge / I/O port. Y cable 60-9004-294 will be required if used in tandem with a 6712FR with temperature logging option.		
46 82 83 00-3874 EA SPA 970. Custom length cable for non-Isco external flow pacing of 6700/3700/GLS series samplers. (Teledyne Isco 605304970).....	73.19	4.36
Note: Cable provides pins 'A' and 'C' for connection to customer's unpowered flow proportional contact closure. A momentary contact closure across these pins will cause the flow pulse counter to decrement 1 count. This is a custom length version of 60-1394-077. Maximum length of 1,000 ft.		
<i>For Each LF Of Extension Cable, Add</i>		2.38
46 82 83 00-3875 EA SPA 978. Model 6712/Avalanche Sampler Double I/O Alarm. Same as SPA 947 but has two programmable alarm outputs. (Teledyne Isco 605304978).....	806.38	48.00
Note: Connects to the rain gauge / I/O port. Y cable 60-9004-294 will be required if used in tandem with a 6712FR with temperature logging option.		
46 82 83 00-3876 EA SPA 979. Model 6712/ Avalanche Sampler Triple I/O Alarm. Same as SPA 947 but has three programmable alarm outputs. (Teledyne Isco 605304979).....	1,076.84	64.10
Note: Connects to the rain gauge/ I/O port. "Not for use with 6712FR with temperature logging option installed.		
46 82 83 00-3877 EA SPA 983. PEEK Coupler. (Teledyne Isco 605304983).....	176.16	10.49
Note: This coupler provides connection between 3/8-inch suction line and sampler's pump tubing. It is made from PEEK and is often used when sampling for trace metals.		
46 82 83 00-3878 EA SPA 1012. Modification to 6712FR for 4 Bottle Configuration. (Teledyne Isco 605314012).....	534.70	31.83
Note: Includes a different shelf and the shelf brackets location inside of the cooling box is modified; included are 4 rectangular polyethylene 10-liter containers, bottle locating deck, distributor arm, distributor shaft, two pump tubes and a discharge tube. If ordered as a kit for in-field installation on the 6712FR, add shelf part number 61-2723-028, contact SPA department for details. For one single replacement bottle, order 60-5314-308.		
46 82 83 00-3879 EA SPA 1020. Modify 6712FR for controller compartment heater. (Teledyne Isco 605314020).....	718.31	42.76
Note: This is a forced air (fan) 200 watt heater that is mounted to the inside upper portion of the 6712FR refrigerator. Powered via its own 120 VAC line cord, it has an integral thermostat. It is a popular option for customers having concerns about liquid droplets freezing in the pump tube. Available as a kit for field installation, contact SPA department for details.		
46 82 83 00-3880 EA SPA 1026. Cut to length cable for Models 6712/Avalanche/3700/GLS flow paces a second sampler from the first sampler's event mark. (Teledyne Isco 605314026).....	88.09	5.24
Note: Usually used when a 6712 sampler with module is required to flow pace a second sampler for nearly simultaneous sampling. Uses both sampler's flow meter ports.		
<i>For Each LF Of Extension Cable, Add</i>		2.38
46 82 83 00-3881 EA SPA 1074. 750 Module Low Profile Area Velocity Sensor, built to length. (Teledyne Isco 605314074).....	1,476.31	87.88
Note: This is the 10 ft. range low profile sensor with a custom length cable up to 75 ft. long. Often used instead of extension cable to facilitate custom installations.		
<i>For Each LF Of Sensor Extension Cable, Add</i>		2.71
46 82 83 00-3882 EA SPA 1081. Pressure Reduction Valve. (Teledyne Isco 605314081).....	1,453.98	86.55
Note: This valve is used for sampling from pressurized lines and is suggested for use with a software enhanced 6712 sampler. It reduces pressures from as high as 300 psi down to levels safe for Isco samplers. Equipped with stainless steel components and a brass body it includes a gauge to monitor output pressures, factory preset to 10 psi. It is a portion of the Pressurized Line Sampling System 68-5304-001. This product does not handle solids.		
46 82 83 00-3883 EA SPA 1082. Three way 120 VAC actuated-ball valve. (Teledyne Isco 605314082).....	1,687.20	100.44
Note: This stainless steel and brass valve is used with SPA 947 or SPA 1484 to allow sampling from pressurized line. Often requires the use of SPA 1081 as well. Valve actuates to allow liquid to be delivered to the pump. Also need SPA 1376 (no charge) to allow valve to open before sampling begins. For three-way 230/240 VAC actuated-ball valve use 60-5314-229. This valve is part of the Pressurized Line Sampling System 68-5304-001.		
46 82 83 00-3884 EA SPA 1106. Two wheel hand cart for 6712FR or 5800/4700 refrigerated samplers. (Teledyne Isco 605314106).....	604.17	35.97
Note: Inflatable tires allow movement over uneven terrain. To attach cart to refrigerator for secured support also order brackets part number 60-5314-107 (not included).		
46 82 83 00-3885 EA SPA 1107. Brackets to secure two wheel hand cart (60-5314-106) to 6712FR or 5800/4700 refrigerated samplers for solid support of cart to refrigerator. (Teledyne Isco 605314107).....	289.06	17.21
46 82 83 00-3886 EA SPA 1140. Norprene pump tubing for use with the 5800/4700 and 6712 samplers. (Teledyne Isco 605314140).....	528.51	31.46
Note: Norprene is a heavy duty tubing for use when sampling strong acids or base. It is also an alternative where premature pump tube failure is occurring. This tubing is NOT EPA approved. Available in 50 ft. lengths only.		
46 82 83 00-3887 EA SPA 1157. 6712 I/O Port Interface Cable. (Teledyne Isco 605314157).....	130.26	7.75
Note: Allows access to the I/O port signals for connection to data control systems. I/O outputs 1, 2, and 3 plus ground are provided in a cut to length cable with a maximum length of 100 ft.		
<i>For Each LF Of Extension Cable, Add</i>		2.75
46 82 83 00-3888 EA SPA 1181. 6712 I/O port to 6700 I/O Connect Cable, built to length. (Teledyne Isco 605314181).....	130.26	7.75
Note: This cable allows communication/control between the I/O ports of two 6700 samplers. Various uses include enabling a second 6700 sampler from parameters measured in the first 6712 sampler.		
<i>For Each LF Of Extension Cable, Add</i>		2.38
46 82 83 00-3889 EA SPA 1189. Custom Length Connect cable for external 12 VDC source. (Teledyne Isco 605314189).....	94.29	5.60
Note: Cable for powering portable Isco sampler or flow meters from an external 12 VDC source, such as an automotive or deep-cycle marine battery. Terminates in heavy-duty battery clips. For use with Isco GLS, 3700, 6712 portable samplers, and Signature Portable flow meters. Appropriate for use with 40W and 110W solar panels. Same as part number 60-1394-023 except for custom length. Remember to specify the length of this product. Max length is 50 ft.		
<i>For Each LF Of Extension Cable, Add</i>		2.30
46 82 83 00-3890 EA SPA 1257. Black Tygon Suction Line, 25 ft., with stainless steel strainer. (Teledyne Isco 605314257).....	327.52	19.50
Note: Tubing color is black to resist growth on the inner walls of the suction line.		
46 82 83 00-3891 LF SPA 1260. Black Tygon Suction Line, 3/8 inch, cut to length, per ft. (Teledyne Isco 605314260).....	4.56	0.27
Note: Maximum length is 500 ft. Tubing color is black to resist growth on the inner walls of the suction line.		
46 82 83 00-3892 EA SPA 1271.720 Submerged probe, 10 ft. range, built to length. (Teledyne Isco 605314271).....	1,073.11	63.88
Note: Maximum length is 75 ft.		
<i>For Each LF Of Sensor Extension Cable, Add</i>		2.71

**46 Water And Wastewater Equipment****46 80 Water Treatment Equipment****46 82 General Water Treatment Equipment**

MINOR CSI	UOM	DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3893	EA	SPA 1278. Y cable, sampler port to two devices, without diodes. Similar to 603704081 but without diodes blocking power. (Teledyne Isco 605314278) .....	245.64	14.62
		Note: Allows replication of sampler port for connection of alarm boxes, non-Isco cables, interfaces, etc.		
46 82 83 00-3894	EA	SPA 1281. 4-20 mA input interface with cut-to-length cable for 3700 Series, 6700 Series or GLS Sampler. (Teledyne Isco 605314281) .....	198.48	11.81
		Note: Converts an analog 4-20 mA flow proportional signal to a compatible flow proportional input signal. Custom cable length allows the interface to be mounted remotely from the sampler controller.		
		<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-3895	EA	SPA 1301. Sampler to Flow Meter cable with pigtailed at one side. (Teledyne Isco 605314301) .....	55.83	3.32
		Note: Cut to length 1,000' maximum length cable provides connector on one end and all 6 wires A-F as pig tails on the other end, connects to sampler's flow meter port. For 5800 use 10' universal connect cable 68-5800-020, or maximum 100' cut to length 605314738.		
		<i>For Each LF Of Extension Cable, Add</i>	2.48	
46 82 83 00-3896	EA	SPA 1361. Analog (4-20 mA) Alarm Box. (Teledyne Isco 605314361) .....	1,441.57	85.82
		Note: Provides two customer settable alarms off single 4-20 mA loop. For Isco or non-Isco instruments. High/low alarms for any parameter we can generate a 4-20 mA loop for. Requires the instrument to have an analog output option installed.		
46 82 83 00-3897	EA	SPA 1374. 6712 Temperature Sensor, cut to length. (Teledyne Isco 605314374) .....	508.65	30.28
		Note: Measures site or stream temperature. Readings are logged by controller as FR-TEMP readings and may be used as a sampler enable condition. Connects to Rain Gauge port. Not for use with 6712FR with temperature logging option installed.		
		<i>For Each LF Of Extension Cable, Add</i>	1.66	
46 82 83 00-3898	EA	SPA 1381. Wireless radios for transmitting 4-20 mA loop. (Teledyne Isco 605314381) .....	4,664.63	277.67
		Note: Also can provide wireless connection between rain gauge and Isco instruments. Useful where cable connection is impractical or excessively costly. Includes 2 transceivers, 2 antennas, 1 AC supply and necessary wiring to Isco instrument. Contact factory for details.		
46 82 83 00-3899	EA	SPA 1415. Cut to length stainless steel suspension cable with two hooks. (Teledyne Isco 605314415) .....	68.24	4.06
		Note: Suitable for suspension between sampler suspension harness 60-1394-014 and Booster pump 60-5314-861.		
		<i>For Each LF Of Extension Cable, Add</i>	2.08	
46 82 83 00-3900	EA	SPA 1505. Peek bulkead fitting for 6712FR. (Teledyne Isco 605314505) .....	364.73	21.71
		Note: Similar to PTFE this fitting routes between the pump tubing and the discharge tube inside of the cooling box of the 6712 fiberglass refrigerator, often used when sampling for trace metals. Use separate 3/8" Peek coupler 60-5304-983 and 3/8" PTFE coated strainer 60-5304-820 for related items.		
46 82 83 00-3901	EA	SPA 1552. Old style 3/8-inch weighted stainless steel strainer. Four piece stainless steel strainer. 9-1/4 inches long, 1-3/8 inches diameter. (Teledyne Isco 605314552) .....	214.62	12.78
46 82 83 00-3902	EA	SPA 1578.6700 series sampler interrogator port extension cable, cut to length. (Teledyne Isco 605314578) .....	98.01	5.84
		Note: Use in tandem with 60-2004-508 to increase length of USB connect cable. Specify length when ordering. Total length of all cables must not exceed 200 ft (61 m). Not for use with 2100 systems.		
		<i>For Each LF Of Extension Cable, Add</i>	2.66	
46 82 83 00-3903	EA	SPA 1652. Bracket to mount AV sensor and sampler strainer on user-supplied metal post. (Teledyne Isco 605314652) .....	315.11	18.76
46 82 83 00-3904	EA	SPA 1745. Modify 6712FR or 5800/4700 refrigerated sampler to disable the sampler's program when an internal liquid level actuator sensor is submerged in a composite bottle. (Teledyne Isco 605314745) .....	626.50	37.29
		Note: When the liquid detector's probe is wetted the controller goes into disable program state, when the probe is removed from water or dried the controller will go back into enable sample program state. All of the wiring is internal; this product will not interact with external disable, if external disable is required contact the factory for details.		
46 82 83 00-3905	EA	SPA 1814. Modify 6712FR or 5800/4700 refrigerated sampler to add bottle full lamp indicator for composite 2.5 gallon poly bottle configuration. (Teledyne Isco 605314814) .....	485.06	28.88
		Note: Utilizes float affixed to lid of 2.5 gallon poly bottle (not included, order bottle configuration separately) to run exterior lamp for bottle full condition. Does not affect controller operation, simply indicates that the bottle is full.		
46 82 83 00-3906	EA	SPA 1935. Blade Antenna with SMA style connector. This 5 inch long by 13/16 inch wide by 1/4 inch tall antenna comes equipped with a 10 foot cable and the antenna body is normally attached to an external surface with customer supplied epoxy. (Teledyne Isco 605314935) .....	169.96	10.11
		Note: This antenna is for old style 2103C/2103G with an SMA style connector or external cell phone for 4200 series flow meter or 6712 sampler CDMA style 60-5314-489 or GSM style 60-5314-653.		
46 82 83 00-3907	EA	SPA 1801. Modify 1640 Liquid Level Actuator for Removable Sensor Probe. (Teledyne Isco 605314801) .....	98.01	5.84
		Note: Provides a removable connection between the 1640 liquid level actuator (not included) and the probe cable, the liquid level actuator is purchased separately as either the 22' standard or custom length version.		
46 82 83 00-3908	EA	SPA 1802. Custom Length Probe for 1640 Liquid Level Actuator (Teledyne Isco 605314802) .....	94.29	5.60
		Note: Requires 60-5314-801 (not included) and 1640 liquid level actuator (not included). Provides Custom Length probe cable or spare probe cable for a 1640 Liquid Level Actuator that has been modified for a removable probe cable. Maximum available length is 250 ft.		
		<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-3909	EA	SPA 1805. Cable, cut to length, with USOC RJ11C phone connector to 4200/6712 series internal modem connector. (Teledyne Isco 605314805) .....	86.84	5.17
		Note: Order when the standard 12 ft. cable supplied with the Telephone Modem with voice messaging for 4200 series flow meters option requires a greater length. Cut to length version of part number 60-3214-020.		
		<i>For Each LF Of Extension Cable, Add</i>	1.33	
46 82 83 00-3910	EA	SPA 1826. 8 bottle configuration for 6712FR sampler. (Teledyne Isco 605314826) .....	1,171.12	69.72
		Note: Includes 8 round glass 1.8 liter bottles, 8 PTFE lined caps, bottle rack and two discharge tubes.		
46 82 83 00-3911	EA	SPA 1861. Booster pump for 5800/4700 refrigerated sampler or modified 6700/3700/GLS/Portable Refrigerated Sampler series. (Teledyne Isco 605314861) .....	2,336.04	139.05
		Note: Allows sampling from extended heads above 28 feet. Equipped with two 80 foot cables and suction line, pump tubing and a single 3/8-inch coupler. One cable connects to a separately ordered high capacity 12 VDC power source, the other connects to the 16 pin connector on the 5800/4700 or modified 6700/3700/GLS/Portable Refrigerated Sampler series. The output of this pump connects directly to the input pump of the controller, liquid detection occurs at the controller. Requires the use of 2 (of 4) output alarms from the 5800. The 6700/3700/GLS/Portable Refrigerated Sampler series requires a modification to the sampler controller ordered separately as 60-5324-038. The booster pump is encased in a 3700 style control box; submersion is not recommended. Use 3 point suspension harness 60-1394-014 and suspension cable 60-5314-415 for mounting considerations. NOTE: This SPA voids the specified line velocity rating of the standard sampler pump.		
46 82 83 00-3912	EA	SPA 1978. Generation III Hi-Temp Flow Through Chamber. (Teledyne Isco 605314978) .....	251.84	14.99
		Note: Made from ABS and CPVC and compatible with liquids up to 180 degrees F. Chamber has a 2-inch inlet, 3-inch outlet, and 3-inch clean-out plug; same opening sizes as now obsolete part number 60-5304-888.

Note: This cell phone modem accepts SIM cards purchased by the customer from their preferred provider. Requires comm cable 60-2004-508 to set APN.		
46 82 83 00-3917 EA Complete Pressurized Line Sampling for 6700 Series Sampler, 120 VAC only. (Teledyne Isco 685304001) .....	4,193.21	249.61
Note: Contains pressure reduction valve (60-5314-081), 3-way 120 VAC actuated ball valve (60-5314-082), 6712 I/O alarm box for three-way ball valve (60-5314-484), mounting plate (60-5314-475) and 6712 software enhancement (60-5314-376). Utilizes one of three I/O alarms. Provides a 9 foot 120 VAC line cord and a 10 foot cable to the sampler's I/O rain gauge port. The port is duplicated on the I/O alarm box. Not for use with 6700 or 3700 samplers, contact factory for details.		
46 82 83 00-3918 EA Complete Pressurized Line Sampling for 6700 Series Sampler, 240 VAC only. (Teledyne Isco 685304007) .....	4,734.12	281.81
Note: Contains pressure reduction valve (60-5314-081), 3-way 240 VAC actuated ball valve (60-5314-229), 6712 I/O alarm box for three-way ball valve (60-5314-718), mounting plate (60-5314-475) and 6712 software enhancement (60-5314-376). Provides a 7.5 foot 240 VAC line cord and a 10 foot cable to the sampler's I/O rain gauge port; the port is duplicated on the I/O alarm box. Utilizes one of three I/O alarms. Not for use with 6700 or 3700 samplers, contact factory for details.		
46 82 83 00-3919 EA 5800 Refrigerated Sampler (115 VAC, 60 Hz). Includes control panel, refrigeration unit, distributor arm, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800001) .....	6,912.60	411.48
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3920 EA 5800 Refrigerated Sampler (115 VAC, 60 Hz) with pump heater. Includes control panel, refrigeration unit, pump housing heater, distributor arm, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800102) .....	7,618.50	453.50
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3921 EA 5800 Refrigerated Sampler (115 VAC, 60 Hz) with battery backed power. Includes control panel, refrigeration unit, distributor arm, battery backed connector adaptor, 6.5 AH lead-acid battery, battery bracket, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800064).....	7,504.36	446.71
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3922 EA 5800 Refrigerated Sampler (230 VAC, 50 Hz). Includes control panel, refrigeration unit, distributor arm, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800002) .....	6,912.60	411.48
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3923 EA 5800 Refrigerated Sampler (230 VAC, 50 Hz) with battery backed power. Includes control panel, refrigeration unit, distributor arm, battery backed connector adaptor, 6.5 AH lead-acid battery, battery bracket, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800065).....	7,504.36	446.71
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3924 EA 5800 Refrigerated Sampler (230 VAC, 50 Hz) with pump heater. Includes control panel, refrigeration unit, pump heater, distributor arm, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800103).....	7,618.50	453.50
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3925 EA 5800 Refrigerated Sampler (115 VAC, 60 Hz) with pump heater and battery backed power. Includes control panel, refrigerator unit, pump housing heater, batter backed connector adaptor, 6.5 AH lead-acid battery, battery bracket, distributor arm, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800200) .....	7,580.04	451.21
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3926 EA 5800 Refrigerated Sampler (230 VAC, 50 Hz) with pump heater and battery backed power. Includes control panel, refrigerator unit, pump housing heater, batter backed connector adaptor, 6.5 AH lead-acid battery, battery bracket, distributor arm, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800201) .....	7,468.38	444.57
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3927 EA 5800 Chinese Refrigerated Sampler (230 VAC, 50 Hz). Includes control panel, refrigeration unit, distributor arm, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800003).....	6,912.60	411.48
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3928 EA 5800 Chinese Refrigerated Sampler (230 VAC, 50 Hz) with battery backed power. Includes control panel, refrigeration unit, distributor arm, battery backed connector adaptor, 6.5 AH lead-acid battery, battery bracket, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800066).....	7,393.94	440.13
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3929 EA 5800 Chinese Refrigerated Sampler (230 VAC, 50 Hz) with pump heater. Includes control panel, refrigeration unit, pump heater, distributor arm, two pump tubes, instruction manual, and pocket guide. (Teledyne Isco 685800104).....	7,505.60	446.78
Note: To receive a complete system you must also order a bottle configuration kit and suction line with strainer.		
46 82 83 00-3930 EA 24-bottle Configuration. Includes 24 polypropylene 1-liter wedge shaped bottles with caps, bottle rack and two discharge tubes. (Teledyne Isco 685800015).....	459.02	27.33
46 82 83 00-3931 EA 24-bottle Configuration. Includes 24 glass 350-ml round bottles with PTFE line caps, retaining rings, bottle rack and two discharge tubes. (Teledyne Isco 685800016) .....	730.71	43.50
46 82 83 00-3932 EA 24-Container ProPak Configuration. Includes 25 holders, 100 bags, retaining ring, bottle rack and instruction sheet. (Teledyne Isco 685800017) .....	1,133.90	67.50
46 82 83 00-3933 EA 4-bottle Configuration. Includes four polyethylene 10-liter (2.5 gallon) round bottles with caps, locating base and two discharge tubes. (Teledyne Isco 685800005) .....	528.51	31.46
46 82 83 00-3934 EA 4-bottle Configuration. Includes four glass 10-liter (2.5 gallon) round bottles with PTFE lined caps, locating base and two discharge tubes. (Teledyne Isco 685800006) .....	528.51	31.46
46 82 83 00-3935 EA 4-bottle Configuration. Includes four PPE 20-liter (5 gallon) Square bottles with PTFE lined caps, locating base, distributor arm, and two discharge tubes. (Teledyne Isco 685800019) .....	573.16	34.12
46 82 83 00-3936 EA 2-bottle Configuration. Includes two polyethylene 10-liter (2.5 gallon) round bottles, locating base, caps and two discharge tubes. (Teledyne Isco 685800007).....	428.00	25.48
46 82 83 00-3937 EA 2-bottle Configuration. Includes two glass 10-liter (2.5 gallon) round bottles with PTFE lined caps, locating base, and two discharge tubes. (Teledyne Isco 685800008).....	428.00	25.48
46 82 83 00-3938 EA 1-bottle Configuration. Includes one polyethylene 2.5-gallon (10-liter) round bottle, locating base, two caps and two discharge tubes. (Teledyne Isco 685800009) .....	227.03	13.51
46 82 83 00-3939 EA 1-bottle Configuration. Includes one glass 2.5-gallon (10-liter) round bottle, one PTFE lined cap, locating base, and two discharge tubes. (Teledyne Isco 685800010) .....	227.03	13.51

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3940 EA Single ProPak Configuration for 5800 and 6700 Series FR Refrigerated Sampler. Includes one composite ProPak holder with cap, 100 ProPak bags, O-ring, two discharge tubes, locating base and an instruction sheet. (Teledyne Isco 685800018) .....	339.92	20.23
46 82 83 00-3941 EA 1-bottle Configuration. Includes one polyethylene 20.5-liter (5.5 gallon) round bottle, two caps and two discharge tubes. (Teledyne Isco 685800011) .....	239.44	14.25
46 82 83 00-3942 EA 1-bottle Configuration. Includes one glass 18.5-liter (5 gallon) round bottle, two PTFE lined caps and two discharge tubes. (Teledyne Isco 685800012) .....	428.00	25.48
46 82 83 00-3943 EA 5800 replacement control panel assembly (Teledyne Isco 605804031) .....	761.73	45.34
46 82 83 00-3944 EA 5800 refrigerated sampler multipurpose cable with 16 unterminated leads, 10 ft. (3 m). Includes instruction sheet. (Teledyne Isco 685800020) .....	119.10	7.09
46 82 83 00-3945 EA USB Communication Cable, 10 ft, for 5800 refrigerated sampler. (Teledyne Isco 605804177) .....	359.77	21.41
46 82 83 00-3946 EA SPA 1687. 5800/4700 refrigerated sampler to 4100/4200 series flow meter connect cable, cut to length. (Teledyne Isco 605314687) .....	198.48	11.81
Note: Specify length when ordering. Not for use with 2100 systems.		
<i>For Each LF Of Extension Cable, Add</i>	2.75	
46 82 83 00-3947 EA SPA 1697. Adapter, 5800/4700 series sampler to 6700/3700 series sampler standard 6 pin 'flow meter' port, cut to length. Connects to the 16-pin external device connector. The other end is finished with a flow meter port connector identical to the port found on 6700 and 3700 samplers. (Teledyne Isco 605314697) .....	161.28	9.60
Note: Use SPA 1704 for an adaptor that also provides a duplicate of the 16 pin connector from the 5800/4700 series sampler.		
<i>For Each LF Of Extension Cable, Add</i>	2.75	
46 82 83 00-3948 EA SPA 1698. 5800/4700 refrigerated sampler dual 16 pin standard external device connection box. (Teledyne Isco 605314698) .....	397.00	23.62
Note: Provides for two external device connectors through the sampler's standard 16 pin connector.		
46 82 83 00-3949 EA SPA 1704. Dual Connector Adapter, 5800/4700 refrigerated sampler to 6700/3700 series standard 6 pin 'flow meter' port and 5800/4700's 16 pin standard connector. (Teledyne Isco 605314704) .....	315.11	18.76
46 82 83 00-3950 EA SPA 1706. Dual Connector Adapter, 5800/4700 refrigerated sampler to 6712 standard 9 socket 'I/O output' port and 5800/4700 16 pin standard connector. (Teledyne Isco 605314706) .....	321.31	19.12
Note: Provides for connection to external equipment normally connected to the 6712's I/O port for 5800/4700 alarm outputs and duplicates the 5800/4700's 16-pin external device connector.		
46 82 83 00-3951 EA SPA 1738. Cut to length version of 5800/4700 refrigerated sampler multipurpose cable with 16 unterminated leads, 100 ft. maximum length. Includes instruction sheet. (Teledyne Isco 605314738) .....	102.97	6.13
<i>For Each LF Of Extension Cable, Add</i>	2.75	
46 82 83 00-3952 EA SPA 1777. 5800/4700 refrigerated sampler to 3010 flow transmitter connect cable, cut to length. (Teledyne Isco 605314777) .....	161.28	9.60
Note: For non-conduit wiring, a watertight cord grip fitting (part number 209-0076-08) is required.		
<i>For Each LF Of Extension Cable, Add</i>	2.75	
46 82 83 00-3953 EA 5800/4700 Pump heater installation kit - 120 VAC, 60 Hz. Includes installation instruction sheet. (Teledyne Isco 684700104) .....	704.66	41.94
46 82 83 00-3954 EA 5800 Pump heater installation kit - 220 VAC, 50 Hz. Includes installation instruction sheet. (Teledyne Isco 685800060) .....	704.66	41.94
46 82 83 00-3955 EA TIENet® 306 sampler interface cable for 5800 series sampler with 16 ft (5m) long cable. Includes one TIENet cord grip fitting (209-0073-12) for watertight connection to the Signature® meter. (Teledyne Isco 605804178) .....	449.09	26.73
Note: Connects to the 4700/5800 16-pin connector to support sampler pacing and enable functions.		
46 82 83 00-3956 EA TIENet® 306 sampler interface cable for 5800 series sampler with 32.8 ft (10 m) long cable. Includes one TIENet cord grip fitting (209-0073-12) for watertight connection to the Signature® meter. (Teledyne Isco 605804179) .....	487.55	29.03
Note: Connects to the 4700/5800 16-pin connector to support sampler pacing and enable functions.		
46 82 83 00-3957 EA TIENet® 306 sampler interface cable for 5800 series sampler with 75 ft (23 m) long cable. Includes one TIENet cord grip fitting (209-0073-12) for watertight connection to the Signature® meter. (Teledyne Isco 605804180) .....	601.69	35.82
Note: Connects to the 4700/5800 16-pin connector to support sampler pacing and enable functions.		
46 82 83 00-3958 EA Discharge Tubing. For GLS, GSS samplers, and 5800/4700 samplers single 20 liter bottle configuration. (Teledyne Isco 602953032) .....	16.13	0.96
46 82 83 00-3959 EA 5800 Sampler instruction manual (Teledyne Isco 605804051) .....	65.57	
46 82 83 00-3960 EA 5800 Sampler Pocket Guide (Teledyne Isco 695803085) .....	13.11	
46 82 83 00-3961 EA 5800 Sampler Quick Reference Card (Teledyne Isco 695803084) .....	3.28	
46 82 83 00-3962 EA SPA 921. GLS/3700/6700/Signature Portable Custom Length Connect cable for external 12 VDC source via ring terminals. Cable for powering portable Isco sampler or flow meters from an external 12 VDC source, such as an automotive or deep-cycle marine battery. Terminates in 5/16" terminals for direct connection to external battery. (Teledyne Isco 605304921) .....	109.18	6.50
Note: For use with Isco GLS, 3700, 6100, 6700 Series portable samplers and Signature Portable flow meters. Remember to specify the length of this product. Max length is 50 ft. Appropriate for 40W and 110W solar panels. Contact SPA department for details regarding connection to 5800/4700 refrigerated sampler with battery backed input.		
<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-3963 EA SPA 1562. Sampler Interface for 2110/2150, cut to length interface that connects to the top connector of the 2100 series. (Teledyne Isco 605314562) .....	341.17	20.31
Note: Used when a 2108 is connected to the bottom of the 2100 stack. Maximum length is 1000 ft, minimum length 5 ft. to allow between 6712/3700 sampler's flow meter port and 2110 or 2150. For 5800/4700 sampler order in tandem with part number 60-5314-697.		
<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-3964 EA SPA 1710. 5800/4700 refrigerated sampler output #1 alarm box. This external box connects to the 5800/4700 sampler's 16-pin external device connector via a 9 ft. cable. (Teledyne Isco 605314710) .....	679.85	40.47
Note: When the alarm output #1 becomes active, the box provides an unpowered Form C contact alarm. The alarm has a toggle/latch switch to either hold or toggle the alarm, if applicable, and includes a 3 ft. connect cable. The 5800/4700 sampler's 16-pin external device connector is duplicated on this box. Not for use with pressurized line sampling system, contact factory for details.		
46 82 83 00-3965 EA SPA 1711. 5800/4700 refrigerated sampler output #1 and 2 alarm box. This external box connects to the 5800/4700 sampler's 16-pin external device connector via a 9 ft. cable. (Teledyne Isco 605314711) .....	792.73	47.19
Note: When an alarm output becomes active, the box provides an unpowered Form C contact alarm. Each alarm has a toggle/latch switch to either hold or toggle the alarm, if applicable, and includes a 3 ft. connect cable. The 5800/4700 sampler's 16-pin external device connector is duplicated on this box. Not for use with pressurized line sampling system, contact factory for details.

(Teledyne Isco 605314713) .....1,158.73 Note: This external box connects to the 5800/4700 sampler's 16-pin external device connector via a 9 ft. cable. When an alarm output becomes active, the box provides an unpowered Form C contact alarm. Each alarm has a toggle/latch switch to either hold or toggle the alarm, if applicable, and includes a 3 ft. connect cable. The 5800/4700 sampler's 16-pin external device connector is duplicated on this box. Not for use with pressurized line sampling system, contact factory for details.	1,158.73	68.97
46 82 83 00-3968	EA		SPA 1764. 5800/4700 refrigerator sampler door open alarm. (Teledyne Isco 605314764) .....235.71 Note: This hardware and software modification detects when the door is open. Because the sampler controller checks peripheral inputs every five seconds, it may take up to ten seconds to detect the DOOR OPEN condition and issuing the alarm on the output pin.	235.71	14.03
46 82 83 00-3969	EA		SPA 1772. 5800/4700 refrigerated sampler output #1, 2, 3, 4 and composite bottle full alarm box. This external box connects to the 5800/4700 sampler's 16-pin external device connector via a 9 ft. cable. When an alarm output becomes active, the box provides an unpowered Form C contact alarm. (Teledyne Isco 605314772) .....2,338.53 Note: Provides liquid level actuator probe for placement into composite sample container with separate alarm. Each alarm has a toggle/latch switch to either hold or toggle the alarm, if applicable, and includes a 3 ft. connect cable. This box provides a total of up to 5 alarms. The 5800/4700 refrigerated sampler's 16-pin external device connector is duplicated on this box. Not for use with pressurized line sampling system, contact factory for details.	2,338.53	139.20
46 82 83 00-3970	EA		Complete pressurized line sampling for 5800/4700 refrigerated sampler, 240 VAC only. Contains pressure reduction valve (60-5314-081), 3-way 240 VAC actuated ball valve (60-5314-229), 5800/4700 refrigerated sampler output alarm box for 240VAC 3-way ball valve (60-5314-717) and mounting plate (60-5314-475). (Teledyne Isco 685304005) .....4,734.12 Note: Provides a 7.5 foot 240 VAC line cord and a 9 foot cable to the sampler's 16 pin external port; the port is duplicated on the output alarm box. Utilizes 1 of 4 output alarms. Not for use with 6700 or 3700 samplers, contact factory for details.	4,734.12	281.81
46 82 83 00-3971	EA		Complete pressurized line sampling for 5800/4700 refrigerated sampler, 120 VAC only. Contains pressure reduction valve (60-5314-081), 3-way 120 VAC actuated ball valve (60-5314-082), 5800/4700 refrigerated sampler I/O alarm box for 120VAC 3-way ball valve (60-5314-716) and mounting plate (60-5314-475). (Teledyne Isco 685304006) .....4,193.21	4,193.21	249.61
46 82 83 00-3972	EA		SPA 1694. 2-bottle Configuration for 5800/4700 sampler. Includes two polypropylene 20-liter (5.5 gallon) rectangular bottles with caps, bottle locating deck, and modified distributor arm assembly. (Teledyne Isco 605314694) .....630.22	630.22	37.51
46 82 83 00-3973	EA		SPA 1733. 8 bottle configuration for 5800/4700 refrigerated sampler. Specify glass or plastic bottles. 1.8 liter glass or 2 liter plastic bottles. Bottles are included. (Teledyne Isco 605314733) .....806.38 Note: If ordered as a kit a software enhancement must be installed.	806.38	48.00
46 82 83 00-3974	EA		SPA 1798. Bulkhead fitting, PTFE coated for 5800 sampler. (Teledyne Isco 605314798) .....214.62 Note: This fitting routes between the pump tubing and the discharge tube inside of the cooling box of the 5800, often used when sampling for trace metals. Use separate 3/8" Peek coupler 60-5304-983 and 3/8" PTFE coated strainer 60-5304-820 for related items.	214.62	12.78
46 82 83 00-3975	EA		SPA 2019. 5800 Bottle configuration for a quantity of either two or four 2-gallon rectangular plastic bottles, bottles not included. (Teledyne Isco 605324019) .....528.51 Note: Order bottles separately as 299-0013-07 (part number for a single bottle). Provides base, modified distributor arm, two pump tubes, and discharge tube.	528.51	31.46
46 82 83 00-3976	EA		Model 3700 Full Size Portable Sampler. Includes controller, top cover, center section, base, distributor arm, instruction manual, and pocket guide. (Teledyne Isco 683700063) .....3,878.11 Note: Does not include bottle configuration kit or pump tubing.	3,878.11	230.85
46 82 83 00-3977	EA		Model 3700 Full Size Portable Sampler with Jumbo Base. Includes controller, top cover, center section, base, instruction manual, and pocket guide. (Teledyne Isco 683700075) .....4,054.27 Note: Does not include bottle configuration kit or pump tubing.	4,054.27	241.34
46 82 83 00-3978	EA		Model 3700C Portable Compact Sampler. Includes controller, top cover, center section, base, distributor arm, instruction manual, and pocket guide. (Teledyne Isco 683700069) .....3,562.99 Note: Does not include bottle configuration kit or pump tubing.	3,562.99	212.09
46 82 83 00-3979	EA		24-bottle Configuration for 3700 Full Size Portable Sampler. Includes 24 polypropylene 1-liter bottles with caps, bottle retaining ring, and two pump tubes. (Teledyne Isco 683700064) .....264.25	264.25	15.73
46 82 83 00-3980	EA		24-bottle Configuration for 3700 Full Size Portable Sampler. Includes 24 glass 350-ml bottles with caps, bottle retaining ring, and two pump tubes. (Teledyne Isco 683700065) .....428.00	428.00	25.48
46 82 83 00-3981	EA		24 ProPak Configuration Kit for 3700 Full Size Portable Sampler. Includes 25 holders and caps, 1,000 1-liter bags, retaining ring, two pump tubes and instruction sheet. (Teledyne Isco 683700066) .....1,133.90	1,133.90	67.50
46 82 83 00-3982	EA		Conversion Kit. 4-1 gallon bottle rack, bottles not included, Provides metal mounting rack insert. Order (4) 299-0601-28 for 1 gallon poly bottles or (4) 299-0012-19 and (4) 60-3004-203 for 1 gallon glass bottles. (Teledyne Isco 603704192) .....440.41 Note: For use with standard base (not included).	440.41	26.22
46 82 83 00-3983	EA		Single-bottle Configuration for 3700 Full Size Portable Sampler. Includes one polyethylene 2.5 gallon (10-liter) round bottle with cap, locating insert, float overflow shut-off, and two pump tubes. (Teledyne Isco 683700067) .....352.32	352.32	20.97
46 82 83 00-3984	EA		Single-bottle ProPak Configuration for 3700 Full Size Portable Sampler. Includes 100 2-gallon (9-liter) ProPak bags, one holder, one O-ring, one cap, float overflow shut-off and two pump tubes. (Teledyne Isco 683700068) .....452.82	452.82	26.96
46 82 83 00-3985	EA		Single-bottle Configuration for 3700 Full Size Portable Sampler with Jumbo Base. Includes one polyethylene 4-gallon round bottle with cap, float overflow shut-off and two pump tubes. (Teledyne Isco 683700074) .....308.91	308.91	18.39
46 82 83 00-3986	EA		24-bottle Configuration for 3700C Compact Sampler. Includes 24 polyethylene 500-ml bottles with caps, bottle carrier, bottle retaining ring, and two pump tubes. (Teledyne Isco 683700070) .....227.03	227.03	13.51
46 82 83 00-3987	EA		Single Bottle Configuration for 3700C Compact Portable Sampler. Includes one 2.5 gallon (10-liter) polyethylene bottle with cap, float shut-off, and two pump tubes. (Teledyne Isco 683700073) .....352.32	352.32	20.97
46 82 83 00-3988	EA		Single Bottle Configuration for 3700C Compact Portable Sampler. Includes one 2.5-gallon (9.5-liter) glass bottle with cap, float shut-off, and two pump tubes. (Teledyne Isco 683700071) .....352.32	352.32	20.97
46 82 83 00-3989	EA		Single ProPak Configuration for 3700C Compact Portable Sampler. Includes 100 2-gallon ProPak bags, one holder, one O-ring, cap, float shut-off, and two pump tubes. (Teledyne Isco 683700072) .....446.61	446.61	26.59
46 82 83 00-3990	EA		3700 base with 24 wedge shaped 1 liter polypropylene bottles and caps. Includes retaining ring. (Teledyne Isco 603704033) .....630.22	630.22	37.51
46 82 83 00-3991	EA		3700 base with 24 round 350 ml glass bottles and PTFE lined caps. Includes retaining ring. (Teledyne Isco 603704031) .....812.58	812.58	48.37

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-3992 EA 4-gallon (15-liter) round polyethylene bottle with cap. (Teledyne Isco 299001305) .....	132.75	7.90
Note: For single bottle sampling.		
46 82 83 00-3993 EA Conversion kit to adapt center section for single container sampling. Includes pump tubing and float shutoff. (Teledyne Isco 603704045) .....	163.76	9.75
Note: Single container sampling with a 2.5 gallon glass or Nalgene bottle in a standard base requires bottle locating insert 60-3703-062.		
46 82 83 00-3994 EA Locating insert for 2.5 gallon single bottle sampling in standard base. (Teledyne Isco 603703062).....	98.01	5.84
Note: Positions single container for proper sample routing. Used with the 2700 and 3700 portable, full size sampler.		
46 82 83 00-3995 EA Bottle carrier with 24 wedge shaped 500 ml polyethylene bottles and caps (Teledyne Isco 683700030).....	214.62	12.78
46 82 83 00-3996 EA Distributor arm for 3700C (Teledyne Isco 603704135) .....	99.24	5.91
46 82 83 00-3997 EA Model 3710 Full Size Portable Sampler. Includes controller, top cover, center section with float shut-off, base, instruction manual, and pocket guide. (Teledyne Isco 683710015) .....	3,085.35	183.67
Note: Does not include bottle configuration kit or pump tubing.		
46 82 83 00-3998 EA Model 3710C Compact Portable Sampler. Includes controller, top cover, center section with float shut-off, base, instruction manual, and pocket guide. (Teledyne Isco 683710021) .....	2,745.43	163.43
Note: Does not include bottle configuration kit or pump tubing.		
46 82 83 00-3999 EA Single-bottle Configuration for 3710 Full Size Portable Sampler. Includes one polyethylene 2.5-gallon (10-liter) round bottle with cap, locating insert, and two pump tubes. (Teledyne Isco 683710018).....	352.32	20.97
46 82 83 00-4000 EA Single-bottle Configuration for 3710 Full Size Portable Sampler. Includes one glass 2.5-gallon (9.5-liter) round bottle with cap, locating insert, and two pump tubes. (Teledyne Isco 683710017) .....	352.32	20.97
46 82 83 00-4001 EA Single-bottle Configuration for 3710 Full Size Portable Sampler. Includes one polyethylene 4-gallon round bottle with cap and two pump tubes. (Teledyne Isco 683710016) .....	227.03	13.51
46 82 83 00-4002 EA Single ProPak Configuration for 3710 Full Size Portable Sampler. Includes 100 2-gallon ProPak bags, one holder, one O-ring, cap, locating insert and two pump tubes. (Teledyne Isco 683710019) .....	452.82	26.96
46 82 83 00-4003 EA Single-bottle Configuration for 3710C Compact Portable Sampler. Includes on polyethylene 2.5-gallon (10-liter) round bottle with cap, and two pump tubes. (Teledyne Isco 683710022) .....	352.32	20.97
46 82 83 00-4004 EA Single-bottle Configuration for 3710C Compact Portable Sampler. Includes one glass 2.5-gallon (9.5-liter) round bottle with cap, and two pump tubes. (Teledyne Isco 683710020) .....	352.32	20.97
46 82 83 00-4005 EA Single ProPak Configuration for 3710C Compact Portable Sampler. Includes 100 2-gallon ProPak bags, one holder, one O-ring, cap, and two pump tubes. (Teledyne Isco 683710023) .....	452.82	26.96
46 82 83 00-4006 EA 3710 Full-size base assembly. (Teledyne Isco 603714012) .....	452.82	26.96
46 82 83 00-4007 EA 1/4 inch stainless steel strainer, low flow. (Teledyne Isco 692903139).....	75.68	4.51
46 82 83 00-4008 EA 1/4 inch ID vinyl suction line - 100 ft. Includes tubing coupler. (Teledyne Isco 681680055) .....	74.43	4.43
46 82 83 00-4009 EA 1/4 inch ID vinyl suction line - 500 ft. Includes two tubing couplers. (Teledyne Isco 681680056) .....	327.52	19.50
46 82 83 00-4010 EA 1/4 inch ID vinyl suction line - 1,000 ft. Includes two tubing couplers. (Teledyne Isco 681680057) .....	528.51	31.46
46 82 83 00-4011 EA Tubing coupler, 1/4 inch. One-piece, clampless coupler made of stainless steel. (Teledyne Isco 603709001).....	26.05	1.55
Note: For 1/4 inch vinyl tubing.		
46 82 83 00-4012 EA 1/4 inch ID vinyl suction line with low stainless steel strainer, 25 ft. length. Includes tubing coupler. (Teledyne Isco 603704068) .....	132.75	7.90
46 82 83 00-4013 EA Silicone rubber pump tubing for Model 3700 Sampler (24 and 12 bottle sampling only), and all bottle configurations for Model 3700C Sampler. (Teledyne Isco 603704026) .....	39.70	2.36
Note: 3700FR samplers modified for four 10-liter bottles (SPA 60-5314-012) use this pump tube, however customer must cut 1-7/8 inch from the tube for a finished length of 40-1/8 inches. Quantity 1.		
46 82 83 00-4014 EA Silicone pump tubing. For Model 3700 Full-size Sampler (24 and 12 bottle sampling only). Quantity 10. (Teledyne Isco 603700038).....	397.00	23.62
46 82 83 00-4015 EA Silicone pump tubing for Model 3700 Full-size (4 bottle sampling only) and 3700C (24 and 12 bottle sampling only) portable samplers, and 3710FR Refrigerated samplers. Quantity 1. (Teledyne Isco 603714019).....	37.22	2.21
46 82 83 00-4016 EA Silicone pump tubing for Model 3700 Full-size and 3700C single bottle sampling. Quantity 1. (Teledyne Isco 603704046) .....	39.70	2.36
46 82 83 00-4017 EA Silicone pump tubing; for the Model 3710 Full-size Sampler. Quantity 1. (Teledyne Isco 603714009) .....	32.26	1.92
46 82 83 00-4018 EA Silicone pump tubing for the Model 3710C Compact Sampler. Quantity 1. (Teledyne Isco 603714038).....	31.01	1.85
46 82 83 00-4019 EA 1-Piece Interrogator Cable, 10 ft. (3m). (Teledyne Isco 602544044).....	112.89	6.72
Note: Connects 4100, 4200 Series Flow Meters and 6700 Series/Avalanche Samplers to PC with 9-pin serial data connector.		
46 82 83 00-4020 EA 1-Piece Interrogator Cable, 10 ft., connects computer to sampler or flow meter. (Teledyne Isco 602544040).....	111.65	6.65
Note: For computer with 25-pin connector.		
46 82 83 00-4021 EA SPA 849. Nine-pin Serial Interrogator Cable for Sampler Models 6712/Avalanche/3700, built to length. (Teledyne Isco 605304849).....	193.53	11.52
Note: Used in applications where interrogation of the instrument is at distances greater than 10 ft., but not exceeding 200 ft.		
For Each LF Of Extension Cable, Add	1.61	
46 82 83 00-4022 EA 1000 mL graduated cylinder. For precise calibration of sample volume. (Teledyne Isco 299002000).....	73.19	4.36
46 82 83 00-4023 EA Locking harness for 3710 full-size sampler. (Teledyne Isco 683700056) .....	122.82	7.31
46 82 83 00-4024 EA Locking harness for 3700C and 3710C compact samplers. (Teledyne Isco 686700111) .....	138.94	8.27
46 82 83 00-4025 EA Locating deck for 2-1/2 gallon bottle. For 3710 Full-size sampler. (Teledyne Isco 603713013) .....	63.27	3.77
46 82 83 00-4026 EA Connect cable for external 12 VDC source. Six ft. cable for powering portable Isco sampler or flow meters from an external 12 VDC source, such as an automotive or deep-cycle marine battery. Terminates in heavy-duty battery clips. (Teledyne Isco 601394023).....	96.77	5.77
Note: For use with Isco GLS, 3700, 6100, 6700 Series portable samplers; 4200 Series flow meters, and 150 Portable Peristaltic Pump.		
46 82 83 00-4027 EA Isco sampler to flow meter connect cable, 25 ft. (7.6 m). (Teledyne Isco 603004107) .....	157.56	9.38
46 82 83 00-4028 EA Consecutive operation (Master/Slave) cable. (Teledyne Isco 603704065) .....	138.94	8.27
Note: Connects two Isco samplers to operate in successive order.		
46 82 83 00-4029 EA Consecutive operation (Master/Slave) 'Y' connect cable. (Teledyne Isco 603704080).....	184.85	11.01
Note: Connects two Isco samplers to operate in successive order and allows connection of Isco open channel flow meter for sample pacing and event logging.		
46 82 83 00-4030 EA Isco flow meter to Isco sampler 'Y' connect cable. (Teledyne Isco 603704081) .....	214.62	12.78
Note: Allows a single Isco open channel flow meter, logger, or transmitter to flow pace two Isco samplers. Each leg of the Y-cable is 1 ft. long and connects to two Isco sampler to flow meter connect cables (60-3004-107, not included). Not for use with the Type E Interface (60-1784-024); use alternate 'Y' connect cable 60-5304-391.		
46 82 83 00-4031 EA Sampler to Isco flow meter and actuator cable. (Teledyne Isco 603004019).....	223.31	13.29
Note: Allows connection of Isco sampler and Isco flow meter and has additional connection for external sample initiation. Each leg of the Y-cable is 1 ft. long and connects to an Isco sampler for flow meter connect cable (60-3004-107, not included) and the Model 1640 LLA (60-1644-000, not included).

<b>General Water Treatment Equipment</b>	<b>46 82</b>

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-4032 EA Non-Isco flow meter connector. Connector Only. (Teledyne Isco 681680060).....	48.39	2.88
Note: Allows connection of a non-Isco flow meter to an Isco sampler. The flow meter must produce a dry contact closure proportional to flow rate.		
46 82 83 00-4033 EA Non-Isco flow meter connect cable. (Teledyne Isco 601394077) .....	79.40	4.73
Note: Allows connection of a non-Isco flow meter to an Isco sampler. The flow meter must produce a dry contact closure proportional to flow rate. Includes the connector with 22 ft. (6.7 m) of cable terminating in two wires.		
46 82 83 00-4034 EA 4-20 mA input interface for 3700 Series Samplers. (Teledyne Isco 603704037).....	230.75	13.73
Note: Converts an analog 4-20 mA flow proportional signal to a compatible flow proportional input signal for Isco samplers. Connects directly to the sampler's flow meter connector.		
46 82 83 00-4035 EA Sampler controller for 3700 and 3700C Samplers. Includes instruction manual, pocket guide, and pump tubing. (Teledyne Isco 683700004).....	2,833.52	168.66
46 82 83 00-4036 EA 3700 Sampler instruction manual (Teledyne Isco 603704101).....	63.39	
46 82 83 00-4037 EA 3700 Sampler Pocket Guide (Teledyne Isco 603703149) .....	13.11	
46 82 83 00-4038 EA Sampler controller for 3710 Sampler. Includes instruction manual and pump tubing. (Teledyne Isco 683710004).....	2,367.06	140.90
46 82 83 00-4039 EA 3710 Sampler instruction manual (Teledyne Isco 603714041).....	63.39	
46 82 83 00-4040 EA 3710 Sampler Pocket Guide (Teledyne Isco 603713036) .....	14.21	
46 82 83 00-4041 EA SPA 648. Modification to 3700 series sampler for single alarm upon program complete or various run errors. (Teledyne Isco 605304648).....	452.82	26.96
Note: This modification allows for an alarm on the following conditions: program done, no liquid detected, distributor/pump jammed, etc. This is a combination alarm that will be activated for any of the above conditions. It will be necessary to view the display status to ascertain the exact nature of the alarm.		
46 82 83 00-4042 EA SPA 762. Ultra Low Flow 1/4-inch Stainless Steel Strainer. This strainer is equipped with a single 1/4-inch hole located on the bottom. A 2-inch wide flat plate secures the hole toward the bottom. Dimensions are 3-inches long, 2-inches wide due to flat plate and 1/2-inch high. (Teledyne Isco 605304762).....	182.37	10.86
46 82 83 00-4043 EA SPA 1079. Norprene Pump Tube for the 3700/3710 samplers. (Teledyne Isco 605314079) .....	554.55	33.00
Note: Norprene is a black, heavy duty pump tubing for sampling applications with strong acids or base. It is also useful where premature pump tube failures are occurring. This tubing is NOT EPA approved. Available in 50 ft. lengths only.		
46 82 83 00-4044 EA SPA 1836. 12-1 liter glass bottle configuration. Includes base, bottles with PTFE lined lids, bottle retaining ring, distributor arm and two pump tubes for 12 bottle sampling for the standard portable 3700. (Teledyne Isco 605314836) .....	832.45	49.55
46 82 83 00-4045 EA SPA 1852. 12-1 liter plastic bottles, base and two pump tubes for 12 bottle sampling for the standard portable 3700. (Teledyne Isco 605314852).....	811.35	48.30
46 82 83 00-4046 EA SPA 977. Modify 3700 series samplers for dual alarm output. Similar to SPA 648 but has two independent alarms, one for program errors and one for program done. Form C alarm contacts accessible via a 10 foot Y cable that is included. (Teledyne Isco 605304977).....	602.93	35.89
46 82 83 00-4047 EA SPA 2016. SST strainer 1/4-inch. Similar to SPA 1552 but for 1/4-inch suction line. (Teledyne Isco 605324016).....	214.62	12.78
Note: This will affect line velocity if employed with 6712 or 5800/4700 samplers.		
46 82 83 00-4048 EA GLS Sampler with 2.5 gallon (10 liter) polypropylene bottle. (Teledyne Isco 682950001).....	2,757.84	164.17
46 82 83 00-4049 EA GLS Sampler with 2.5 gallon (9.5 liter) glass bottle. (Teledyne Isco 682950002).....	2,757.84	164.17
46 82 83 00-4050 EA GLS Sampler with 1 gallon (3.75 liter) polypropylene bottle. (Teledyne Isco 682950003).....	2,757.84	164.17
46 82 83 00-4051 EA GLS Sampler with one composite ProPak holder, 100 2-gallon (9-liter) ProPak bags, and O-ring. (Teledyne Isco 682950005) .....	2,909.19	173.17
46 82 83 00-4052 EA GLS Sampler Top Cover (Teledyne Isco 602954018).....	155.07	9.23
46 82 83 00-4053 EA GLS Sampler Suspension Harness (Teledyne Isco 602954033).....	40.94	2.43
46 82 83 00-4054 EA GLS Sampler Replacement Controller (Teledyne Isco 602954001) .....	1,850.97	110.18
Note: Does not include instruction manual or pump tubing.		
46 82 83 00-4055 EA 1 gallon round polypropylene bottle with cap (Teledyne Isco 299060128) .....	23.58	1.41
46 82 83 00-4056 EA GLS, GSS, and Glacier sampler update cable. (Teledyne Isco 602954021) .....	192.29	11.45
46 82 83 00-4057 EA GLS Sampler Pump Tube. Quantity 1. (Teledyne Isco 602954030) .....	21.09	1.26
46 82 83 00-4058 EA GLS Sampler instruction manual (Teledyne Isco 602954058).....	62.30	
46 82 83 00-4059 EA GLS Sampler Pocket Guide (Teledyne Isco 692953030) .....	14.21	
46 82 83 00-4060 EA GLS Sampler Quick Reference Card (Teledyne Isco 692953033) .....	3.28	
46 82 83 00-4061 EA Avalanche Sampler for AC (120/240 V) or external DC (12 V) powered applications, with attached North American AC power cord. Includes distributor arm, instruction manual, pocket guide, two pump tubes, 12 VDC power cable with heavy-duty battery clips, and 12 VDC power cable with cigarette lighter plug. (Teledyne Isco 682970003).....	7,054.03	419.89
46 82 83 00-4062 EA Avalanche Sampler for AC (120/240 V) or external DC (12 V) powered applications, with attached AC power cord and European plug adapter. Includes distributor arm, instruction manual, pocket guide, two pump tubes, 12 VDC power cable with heavy-duty battery clips, and 12 VDC power cable with cigarette lighter plug. (Teledyne Isco 682970005) .....	7,054.03	419.89
46 82 83 00-4063 EA Avalanche 14-bottle configuration. Includes 14 polypropylene 950-ml bottles with caps, two discharge tubes, bottle carrier and adapter. (Teledyne Isco 682970001).....	476.39	28.35
46 82 83 00-4064 EA Avalanche 4-bottle configuration. Includes 4 polypropylene 5-liter bottles with caps, two discharge tubes and adapter. (Teledyne Isco 682970002).....	137.70	8.20
46 82 83 00-4065 EA Avalanche 2.5 gal (10 liter) glass bottle with PTFE lined caps. Includes two discharge tubes and adapter. (Teledyne Isco 682970006).....	231.99	13.81
46 82 83 00-4066 EA Avalanche 2.5 gal (10 liter) Nalgene bottle configuration. Includes two discharge tubes and adapter. (Teledyne Isco 682970009).....	231.99	13.81
46 82 83 00-4067 EA Avalanche 5.3 gal (20 liter) lightweight polyethylene bottle with caps. Includes two discharge tubes. (Teledyne Isco 682970008).....	88.09	5.24
46 82 83 00-4068 EA Glacier/Avalanche Mobility Kit. Includes frame with lifting handles, pneumatic tires, battery shelf, and pull handle. (Teledyne Isco 682960004).....	669.93	39.88
46 82 83 00-4069 EA Avalanche Distributor Arm (Teledyne Isco 602974025).....	74.43	4.43
46 82 83 00-4070 EA Avalanche 950 ml polypropylene wedge-shaped bottles with caps, quantity 14. (Teledyne Isco 682970012) .....	131.51	7.83
46 82 83 00-4071 EA Avalanche 950 ml polypropylene wedge-shaped bottles with caps, quantity 100. (Teledyne Isco 682970013) .....	1,027.22	61.14
46 82 83 00-4072 EA Avalanche 950 ml polypropylene wedge-shaped bottles with caps, quantity 500. (Teledyne Isco 682970015) .....	4,110.10	244.65
46 82 83 00-4073 EA 5.3 gallon (20 liter) lightweight polyethylene bottle with two caps - quantity 1. (Teledyne Isco 682960014).....	40.94	2.43
46 82 83 00-4074 EA Avalanche controller, includes pump tube. (Teledyne Isco 602974005).....	3,646.11	217.04
46 82 83 00-4075 EA Avalanche locking assembly. (Teledyne Isco 682970014) .....	137.70	8.20
46 82 83 00-4076 EA Connect cable for external 12 VDC source for powering Avalanche or Glacier Portable Refrigerated Sampler only from an external 12V DC source, such as an automotive or deep-cycle marine battery. Terminates in heavy-duty battery clips. (Teledyne Isco 602964021).....	119.10	7.09

46 82 83 00-4117 EA 500 ProPak caps with PTFE liners (Teledyne Isco 606700095).....	1,054.50	62.77
46 82 83 00-4118 EA ProPak disposable bags, 1-liter polyethylene - quantity 5,000. (Teledyne Isco 686700097).....	3,148.64	187.42
46 82 83 00-4119 EA ProPak disposable bags, 1-liter polyethylene - quantity 10,000. (Teledyne Isco 686700098).....	5,036.81	299.83
46 82 83 00-4120 EA Instruction sheet ProPak sample bags (Teledyne Isco 609003494).....	1.09	
46 82 83 00-4121 EA ProPak Holder and cap (Teledyne Isco 686700104).....	13.65	0.81
46 82 83 00-4122 EA SPA 1530. Custom ProHanger for up to 36" inch maximum manhole, custom built, state desired 6" span when ordering (Teledyne Isco 605314530).....	1,107.85	65.94
46 82 83 00-4123 EA 581 Rapid Transfer Device (RTD). Includes instruction manual, and power/data transfer cable to connect and power 581 RTD during data transfer to a PC. Power/data transfer cable powered by 120 VAC. (Teledyne Isco 686700056).....	894.47	53.24
Note: Requires Flowlink software.		
46 82 83 00-4124 EA 581 Rapid Transfer Device only. Without power/data transfer cable. Includes instruction manual. (Teledyne Isco 609004027).....	749.32	44.61
46 82 83 00-4125 EA SPA 1639. Power/data transfer cable only. (Teledyne Isco 605314639).....	384.58	22.89
Note: To connect and power a 581 RTD during data transfer to a PC with a USB port. Powered by 120 VAC.		

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-4126 EA Power/data transfer cable only. (Teledyne Isco 609004077)..... Note: To connect and power 581 RTD during data transfer to a PC with a DB-9 pin serial port. Powered by 120 VAC.	200.97	11.96
46 82 83 00-4127 EA Silicone rubber pump tubing, for 24 or 8 bottle sampling applications. Quantity 1. (Teledyne Isco 603704043) .....	48.39	2.88
46 82 83 00-4128 EA Silicone rubber pump tubing, for 2 bottle sampling applications. Quantity 1. (Teledyne Isco 603704053) .....	43.42	2.59
46 82 83 00-4129 EA Silicone rubber pump tubing for single bottle sampling in Model 3700R or 3710R. Quantity 1. (Teledyne Isco 603714018) .....	38.46	2.29
46 82 83 00-4130 EA Silicone rubber pump tubing, for 24 or 8 bottle sampling. Quantity 1. (Teledyne Isco 603704044) .....	49.63	2.95
46 82 83 00-4131 EA Silicone rubber pump tubing, for 2 bottle sampling. Quantity 1. (Teledyne Isco 603704056) .....	43.42	2.59
46 82 83 00-4132 EA Desiccant, 4 ounce Tyvek bag. Used in GLS, Glacier, 3700 Series samplers (two large internal bags); 4100 Series Flow Loggers; 201 and 270 parameter modules; AccQcomm modules and ADFM Pro-20 Canisters. (Teledyne Isco 99000208).....	9.93	
46 82 83 00-4133 EA Desiccant, large filled plastic cartridge. Used on 4230 reference air line. (Teledyne Isco 609004282) .....	78.16	4.65
46 82 83 00-4134 EA Desiccant, bulk 16 ounce bottle of loose yellow silica gel beads (2 to 5 mm). (Teledyne Isco 602004233) .....	59.55	3.55
Note: Used in 2100 Series module desiccant tubes, 4200 Series flow meters, and ADFM secondary depth sensors.		
46 82 83 00-4135 LF SPA 580. Cut to length 1/4" ID vinyl suction line. (Teledyne Isco 605304580) .....	1.11	0.07
Note: Not for use with 6700/6712 or 5800/4700 samplers. 200' maximum length.		
46 82 83 00-4136 EA SPA 1835. Old style 3/8 inch stainless steel strainer. Single piece stainless steel strainer. 7 inches long, 3/4 inches in diameter. (Teledyne Isco 605314835).....	214.62	12.78
46 82 83 00-4137 EA Signature® Ultrasonic flow meter system. Starting price includes base meter 624300005, TIENet 310 ultrasonic level sensor with 32.8 ft (10 m) cable, instruction manual, pocket guide, and coupon for Isco Open Channel Flow Meter Handbook. (Teledyne Isco 684310000).....	3,907.88	232.62
Note: Configured options may include mounting hardware, cable lengths, power, I/O, interfaces, communication, totalizer, and rain gauge connector.		
46 82 83 00-4138 EA Wall mount bracket for 710, 2110, 3010, 4210, and TIENet® 310 Ultrasonic level sensors. (Teledyne Isco 602003615) .....	40.94	2.43
46 82 83 00-4139 EA Floor mount hardware for 710, 2110, 3010, 4210, and TIENet® 310 Ultrasonic level sensors. (Teledyne Isco 602004611) .....	573.16	34.12
46 82 83 00-4140 EA Ultrasonic sensor cable straightener. Recommended when suspending sensor over the flow stream. (Teledyne Isco 604313009).....	71.96	4.29
Note: Attaches to sensor to straighten the cable.		
46 82 83 00-4141 EA Horizontal sensor mount bracket for TIENet 310 Ultrasonic level. (Teledyne Isco 604368020) .....	98.01	5.84
46 82 83 00-4142 EA Ultrasonic sensor sunshade. Shades ultrasonic sensor from direct sunlight in outdoor applications. (Teledyne Isco 603004142) .....	88.09	5.24
46 82 83 00-4143 EA Ultrasonic calibration target. Includes target, six 2-1/2 ft. pole sections, and instructions. (Teledyne Isco 603004143) .....	800.18	47.63
Note: Allows calibration of ultrasonic level measurement without entering the manhole.		
46 82 83 00-4144 EA Ultrasonic sensor cable clamp. (Teledyne Isco 603004129) .....	114.14	6.79
Note: For hanging sensor from spreader bar 603004110 or other horizontal pipe no greater than 1-1/8 inch O.D.		
46 82 83 00-4145 EA Battery backup kit for Signature® meter. Includes model 946 lead-acid battery, adapter cable, and mounting hardware. (Teledyne Isco 604307015) .....	296.50	17.65
46 82 83 00-4146 EA Power cord, 8 foot (2.5 m) long, for North America. Includes cord grip fitting (604304022). (Teledyne Isco 604304044) .....	31.01	1.85
46 82 83 00-4147 EA Power cord, 8 foot (2.5 m) long, for Europe. Includes cord grip fitting (604307022). (Teledyne Isco 604304045).....	31.01	1.85
46 82 83 00-4148 EA Power cord, 8 foot (2.5 m) long, for China. Includes cord grip fitting (604307022). (Teledyne Isco 604304046).....	31.01	1.85
46 82 83 00-4149 EA Power cord, 8 foot (2.5 m) long, for United Kingdom. Includes cord grip fitting (604307022). (Teledyne Isco 604304047) .....	31.01	1.85
46 82 83 00-4150 EA Power cord, 8 foot (2.5 m) long, for Australia. Includes cord grip fitting (604307022). (Teledyne Isco 604304048) .....	31.01	1.85
46 82 83 00-4151 EA Power cord, 8 foot (2.5 m) long, for Argentina. Includes cord grip fitting (604307022). (Teledyne Isco 604304049).....	31.01	1.85
46 82 83 00-4152 EA TIENet® 304 contact output option card, two isolated independent Form C relay circuits. (Teledyne Isco 604304069) .....	326.27	19.43
46 82 83 00-4153 EA TIENet® 307 analog 4-20 mA input option card, two isolated independent channels. (Teledyne Isco 604304054) .....	519.81	30.95
46 82 83 00-4154 EA TIENet® 308 analog 4-20 mA output option card, two independent channels. (Teledyne Isco 604304006) .....	400.71	23.85
46 82 83 00-4155 EA TIENet® 306 sampler interface cable with 32 ft (10 m) long cable. Includes one TIENet cord grip fitting (209-0073-12) for watertight connection to the Signature® meter. Connects to six-pin flow meter port to support sampler pacing and enable functions. (Teledyne Isco 604304007) .....	501.20	29.83
Note: Interfacing with a 5800/4700 refrigerated sample will require six-pin adapter 60-5314-697, ordered separately.		
46 82 83 00-4156 EA TIENet® 306 sampler interface cable with 75 ft (23 m) long cable. Includes one TIENet cord grip fitting (209-0073-12) for watertight connection to the Signature® meter. Connects to six-pin flow meter port to support sampler pacing and enable functions. (Teledyne Isco 604304008) .....	614.10	36.55
Note: Interfacing with a 5800/4700 refrigerated sample will require six-pin adapter 60-5314-697, ordered separately.		
46 82 83 00-4157 EA TIENet® 306 Sampler Interface with cut-to-length cable. (Teledyne Isco 604304088) .....	496.24	29.54
Note: Interface cable is unterminated. Supports flow pacing and sampler enabling.		
<i>For Each LF Of Extension Cable, Add</i>	2.30	
46 82 83 00-4158 EA TIENet® 301 pH and temperature sensor interface with 32 ft (10 m) long cable. Includes pH and temperature sensor (60-9004-126) with 25 ft (7.6 m) cable, calibration buffers and electrode rinse solution for initial commissioning. Also includes one TIENet cord grip fitting (209-0073-12) for watertight connection to the Signature® meter. (Teledyne Isco 604307018).....	1,466.39	87.29
46 82 83 00-4159 EA TIENet® 301 pH and temperature sensor interface with 75 ft (23 m) long cable. Includes pH and temperature sensor (60-9004-126) with 25 ft (7.6 m) cable, calibration buffers and electrode rinse solution for initial commissioning. Also includes one TIENet cord grip fitting (209-0073-12) for watertight connection to the Signature® meter. (Teledyne Isco 604307019).....	1,579.28	94.01
46 82 83 00-4160 EA TIENet® 301 pH and temperature sensor interface and cut-to-length cable with unterminated end. Includes pH and temperature sensor (60-9004-126) with 25 ft (7.6 m) cable, calibration buffers and electrode rinse solution for initial commissioning. Also includes one TIENet cord grip fitting (209-0073-12) for watertight connection to the Signature® meter in non-conduit applications. (Teledyne Isco 604307025) .....	1,466.39	87.29
<i>For Each LF Of Extension Cable, Add</i>	2.30	
46 82 83 00-4161 EA pH probe carrier to attach probe to Isco mounting rings or sensor mounting plate. (Teledyne Isco 603208001) .....	131.51	7.83
46 82 83 00-4162 EA CDMA cellular modem with magnetic mount antenna for Signature® meter. (Teledyne Isco 604307074).....	1,111.57	66.17
Note: Serial-Over-Internet-protocol (SOIP) technology eliminates need for computer telephone modems. Requires Verizon service. Contact the factory for details regarding Verizon service requirements.

46 82 83 00-4232 EA Spring Ring for 12 inch diameter pipe (Teledyne Isco 683200010) .....	117.86	7.01
46 82 83 00-4233 EA Spring Ring for 15 inch diameter pipe (Teledyne Isco 683200011) .....	117.86	7.01
46 82 83 00-4234 EA Scissors Ring for 16 inch to 23 inch diameter pipes. Includes base section, scissors mechanism, and one pair of 7.5 inch extensions. ( 683000042).....	616.57	36.70
46 82 83 00-4235 EA Scissors Ring for 16 inch to 36 inch diameter pipes. Includes base section, scissors mechanism, one pair of 7.5 inch extensions, and one pair of 20 inch extensions. (Teledyne Isco 683000043) .....	780.33	46.44
46 82 83 00-4236 EA Scissors Ring for 39 inch to 43 inch diameter pipes. Includes base section, scissors mechanism, one pair of 7.5 inch extensions, and one pair of 30 inch extensions. (Teledyne Isco 683000044) .....	818.79	48.74
46 82 83 00-4237 EA Scissors Ring for 45 inch to 49 inch diameter pipes Includes base section, scissors mechanism, one pair of 7.5 inch extensions, and one pair of 40 inch extensions. (Teledyne Isco 683000045) .....	843.61	50.22
46 82 83 00-4238 EA Scissors Ring for 50 inch to 54 inch diameter pipes. Includes base section, scissors mechanism, one pair of 7.5 inch extensions, one pair of 20 inch extensions, and one pair of 30 inch extensions. (Teledyne Isco 683000061).....	919.28	54.72
46 82 83 00-4239 EA Scissors Ring for 58 to 62 inch diameter pipes. Includes base section, scissors mechanism, one pair of 7.5 inch extensions, and two pairs of 30 inch extensions. (Teledyne Isco 683000046) .....	982.55	58.49
46 82 83 00-4240 EA Scissors Ring for 72 inch diameter pipes. Includes base section, scissors mechanism, one pair of 7.5 inch extensions and two pairs of 40 inch extensions. (Teledyne Isco 683000047) .....	1,044.58	62.18
46 82 83 00-4241 EA Scissors Ring for 16 inch to 80 inch diameter pipes. Includes base section, scissors mechanism, one pair of 7.5 inch extensions, one pair of 20 inch extensions, one pair of 30 inch extensions, and one pair of 40 inch extensions. (Teledyne Isco 683000048) .....	1,208.33	71.93
46 82 83 00-4242 EA Sensor mounting plate. Flat plate for mounting up to 3 sensors in rectangular, trapezoidal or irregular channels. Includes plastic ties to fasten the sensor cable, and installation instructions. (Teledyne Isco 603004196) .....	110.42	6.57
Note: Requires carriers for low profile area velocity sensors, submerged probes, pH probes, temperature probes, bubble lines, D.O. sensors, and pH sensors. Not recommended for ADFM/accQmin sensors.		
46 82 83 00-4243 EA Spreader bar. To suspend flow meter or logger in manhole. Adjusts from 22.5 inch to 48 inch. (Teledyne Isco 603004110) .....	440.41	26.22
46 82 83 00-4244 EA Cable joiner, IP68 rated. Includes three position terminal block and sealed housing suitable for making connections to the 2105 Universal Cable or other unterminated wires (14 AWG max). Assembled dimensions are 1.5 inches (38 mm) diameter by 4.25 inches (105 mm) length. (Teledyne Isco 602007580).....	81.88	4.87
46 82 83 00-4245 LF Cable, two conductor, 18 gauge with PVC jacket. (Teledyne Isco 480024200) .....	1.24	0.07
Note: Compatible with three-hole cord grip fitting 604304080.		
46 82 83 00-4246 LF Cable, three conductor, 22 gauge with PVC jacket. (Teledyne Isco 480144601) .....	1.24	0.07
Note: Compatible with three-hole cord grip fitting 604304080.		
46 82 83 00-4247 EA Cord grip fitting for cable diameters from 0.250 to 0.375 inches (6.35 to 9.53 mm). (Teledyne Isco 209007311) .....	26.05	1.55
Note: For user-supplied cables within this diameter range.		
46 82 83 00-4248 EA Three-hole cord grip fitting. Cable diameter range: 0.20 to 0.23 in. (5.0 to 5.84 mm). (Teledyne Isco 604304080) .....	26.05	1.55
46 82 83 00-4249 EA SPA 2018. External TIENet® bubbler module. (Teledyne Isco 605324018).....	2,171.04	129.23
Note: Order bubble tube, bubble line, and other accessories separately. Order TIENet bulk cable as necessary to support remote operation.		
46 82 83 00-4250 EA SPA 2023. Cut To Length Remote Totalizer Output Modification for Signature Series Flow Meter. Includes cut to length output cable, cord grip from Signature® meter and cord grip for routing the cable with pigtailed into box (not included). (Teledyne Isco 605324023).....	223.31	13.29
Note: Same count as optional front panel totalizer receives. The totalizer must be purchased separately; appropriate for use with 60-5314-655 mechanical totalizer.		
For Each LF Of Extension Cable, Add	1.29	
46 82 83 00-4251 EA SPA 1655. Remote Non-Resettable 12VDC 8-digit mechanical counter. Counter is in a weatherproof housing with an internal barrier block for connection to external equipment. (Teledyne Isco 605314655) .....	497.47	29.61
Note: Requires user-supplied weather-proof conduit or cord grip fitting to maintain weatherproof rating. Appropriate for connection to 4200 series flow meter with a 60-5304-899 (SPA 899) Remote Totalizer Output or Signature® series flow meter with a 60-5324-023 (SPA 2023) Remote Totalizer Output. Use 4200 series accessories for totalizers that count sample initiation signals (programmable volume flow pulses). Appropriate for connection to 4501 Pump Station Monitor or 3010 flow logger or other devices, contact factory for details.		
46 82 83 00-4252 EA SPA 2044. Cable, external 12 VDC to power Signature meter. This cut to length cable, 50-foot maximum length, is equipped with a TIENet® cord grip fitting (209-0073-11) for watertight connection to the Signature® meter in non-conduit applications, a fuse, pigtail wires to connect to the Signature meters internal barrier block and alligator clips for connection to an external 12 VDC source. (Teledyne Isco 605324044) .....	130.26	7.75
For Each LF Of Extension Cable, Add	2.38	
46 82 83 00-4253 EA SPA 2045. Cable, external 12 VDC to power Signature® meter. This cut to length cable, 50-foot maximum length, is equipped with a TIENet® cord grip fitting (209-0073-11) for watertight connection to the Signature meter in non-conduit applications, a fuse, pigtail wires to connect to the Signature® meters internal barrier block and 5/16-inch ring terminals for connection to an external 12 VDC source. (Teledyne Isco 605324045).....	122.82	7.31
For Each LF Of Extension Cable, Add	2.38

46 82 83 00-4254	EA			SPA 2046. SDI-12 Submersible temperature sensor probe for Signature® meter. Standard cable length is 59 feet, available with a submersible splice up to 200-foot maximum length for an additional fee. Equipped with pigtail wires for connection to one of two of the Signature meter's internal SDI-12 barrier blocks and a TIENet® cord grip fitting (209-0073-11) for watertight connection to the Signature meter in non-conduit applications. (Teledyne Isco 605324046).....	1,519.72	90.46
				<i>For Each LF Of Extension Cable, Add</i>	1.29	
46 82 83 00-4255	EA			SPA 2060. Barrier for Signature hazardous location approved TIENet® Ultrasonic (not included). (Teledyne Isco 605324060).....	4,258.97	253.51
				Note: Spa 2060 barrier is placed in a safe area and the associated sensor is located in a hazardous area. Provides weatherproof box with terminals and power supply for connection to external 120VAC and ground and terminals for connection to ultrasonic sensor. To connect between barrier and Signature use 60-4304-050 and 209-0073-12.		
46 82 83 00-4256	EA			SPA 2024. Signature power loss alarm, Supplied with cord grip and a 3' cable with pig tail wires that route into Signature from external weatherproof box, includes a 20' cable wired internally to non-powered contacts. Not a TieNet device, connects directly to DC voltage terminals. (Teledyne Isco 605324024).....	344.89	20.53

Note: Provides an external connection point for connecting the 3010 to an ultrasonic level sensor through conduit. Requires extension cable listed below. For non-conduit wiring, 3 watertight cord grip fittings (one part number 209-0076-03 and two part number 209-0076-08) are required.		
46 82 83 00-4299 LF SPA 922. 3010 Sensor Extension Cable, cut to length, per ft. (Teledyne Isco 605304922).....	3.08	0.18
Note: Normally used with 603404052 disconnect box to add distance between sensor and 3010. Maximum available length is 975 ft. Cable has spade lugs on one end, bare wires on other.		
46 82 83 00-4300 EA Connect cable, 3000 Series to Isco Sampler. 25 ft. length. (Teledyne Isco 603404051).....	192.29	11.45
Note: For non-conduit wiring, a watertight cord grip fitting (part number 209-0076-04) is required.		
46 82 83 00-4301 EA High/low alarm relays. For use with both 3000 and 4200 series. Two alarm relays with field settable trip points (based on flow rate), in conduit mount enclosure. Includes instructions. Requires customer supplied 3 conductor (18 ga. minimum) shielded wire with a 250 ft. maximum length. For non-conduit wiring, 2 watertight cord grip fittings are required. (Teledyne Isco 603404028).....	616.57	36.70
Note: Requires connect cable 60-3214-088 for use with 4200 Series Flow Meters.		
46 82 83 00-4302 EA Instruction manual for high/low alarm relays. (Teledyne Isco 603403071).....	28.42

46 82 83 00-4380 EA In-street antenna with improved connector for 2103ci/2103C/6712ci/6712C/6712G/6712Gi cellular telephone modems and 2105ci/2105C/2105G/2105Gi Network Interface modules manufactured in January 2010 and later. Designed for manhole applications. (Teledyne Isco 602004564) .....	235.71	14.03
Note: When using "ci" equipment, the 60-2004-550 dual band is recommended for optimal performance.		
46 82 83 00-4381 EA External magnetic mount antenna with improved connector for the 2103Gi cellular telephone modems and 2105Gi Network Interface modules manufactured in January 2010 and later. This general purpose antenna is recommended for enclosure installations. (Teledyne Isco 602004565).....	235.71	14.03
46 82 83 00-4382 EA External magnetic mount antenna with improved connector for the 2103ci/2103C cellular telephone modems and 2105ci/2105C CDMA Network Interface modules manufactured in January 2010 and later. Designed for enclosure applications. (Teledyne Isco 602004566).....	235.71	14.03
Note: When using "ci" equipment, the 60-2004-550 dual band antenna is recommended for optimal performance.		
46 82 83 00-4383 EA SPA 1820. Manhole-mounted Antenna. This bolt-on antenna mounts to the top of a manhole cover. This 6 inch wide by 0.705 inch tall antenna has a 0.75 by 4 inch threaded shank that secures the antenna through a 0.75 inch hole in the manhole cover. Includes special tool to tighten the mounting hardware. For use with 2103ci/2103C/2105G, 2105ci/2105C/2105G, and 6712ci/6712C/6712G modems with an SMB connector. (Teledyne Isco 605314820) .....	622.78	37.07
Note: When using "ci" equipment, the 60-2004-550 dual band antenna is recommended for optimal performance.		
46 82 83 00-4384 EA SPA 1908. Blade Antenna with SMB style connector. This 5 inch long by 13/16 inch wide by 1/4 inch tall antenna comes equipped with a 10 foot cable and the antenna body is normally attached to an external surface with customer supplied epoxy. This antenna is for new style 2103ci/2103C/2103G/2103Gi, 2105ci/2105C/2105G/2105Gi, or 6712C/6712ci modules with an SMB style connector. See 60-5314-935 Blade antenna with SMA connector for old style models 2103Ci/2103Gi. (Teledyne Isco 605314908).....	176.16	10.49
Note: When using "ci" equipment, the 60-2004-550 dual band antenna is recommended for optimal performance.		
46 82 83 00-4385 EA 2105 Universal Cable. This 10 ft. cable has a 12-pin connector that connects to the 2105 module. The unterminated end of the cable may be spliced to other wiring or attached to a terminal strip. Includes instruction sheet. (Teledyne Isco 692004580) .....	158.79	9.45
46 82 83 00-4386 EA 2105 to 674 Rain Gauge connect cable. This 50 ft. cable has a 12-pin connector that connects to the 2105 module. The other end of the cable is terminated with two spade connectors that attach to the terminals in a 674 Rain Gauge. (Teledyne Isco 692004581).....	196.01	11.67
Note: If the rain gauge already has a cable, consider 69-2004-583 instead.		
46 82 83 00-4387 EA 2105 to YSI Sonde interconnect cable. This 10 inch adapter cable has a 12-pin connector that connects to the 2105 module. The other end of the cable has a connector that mates with a YSI field cable. (Teledyne Isco 692004582) .....	146.39	8.71

46 82 83 00-4430 EA Alkaline Lantern Battery. Non-rechargeable, 6 VDC. For use with Isco 2191 Battery Module (2 required) or Isco 4100 Series Flow Loggers (2 required). (Teledyne Isco 340200602).....	34.74	2.07
46 82 83 00-4431 EA Model 945 Lead-Acid Lantern Battery. Rechargeable, 6 VDC. For use with Isco 2191 Battery Module (2 required). (Teledyne Isco 602004041).....	49.63	2.95
46 82 83 00-4432 EA Charging adapter for Model 945 Lead-Acid Lantern Batteries. Connects 2 Model 945 Batteries to Isco Model 963 or 965 Battery Charger. One required for every 2 batteries being recharged at one time. (Teledyne Isco 602004040) .....	163.76	9.75
46 82 83 00-4433 EA 2100 Power adapter cable, CE rated. Two-foot long cable includes connector for bottom of module stack and connector for an Isco model 934, 946, or 948 battery pack. (Teledyne Isco 692004451) .....	338.69	20.16
46 82 83 00-4434 EA Carrying handle with suspension strap. For 2100 System with one to four modules plus 2191 Battery Module. (Teledyne Isco 682000001).....	125.30	7.46
46 82 83 00-4435 EA Maintenance Kit for 2103 Modem Module. Includes three O-rings for connectors, silicon grease for O-ring lubricant, desiccant, and instructions. (Teledyne Isco 602009004) .....	58.31	3.47
46 82 83 00-4436 EA SPA 1232. 2100 Interrogate Cable, built to length. (Teledyne Isco 605314232) .....	362.25	21.56
Note: This is the interrogate cable for connection from the top connector of the 2100 series to a computer via 9 pin serial connector. Maximum length is 100 ft. Please specify length when ordering.		
	2.38	
46 82 83 00-4437 EA SPA 1290. 2100 Power Adapter Cable, Non CE rated. Allows use of standard 2-pin Isco power packs and batteries with 2100 systems. Built to length, per ft. Minimum length is 3 ft., maximum length is 25 ft. See part number 69-2004-451 for standard CE rated 2 ft. version. (Teledyne Isco 605314290).....	353.57	21.04
Note: Not for use with 2108 module.		
	2.38	
46 82 83 00-4438 EA SPA 1347. Solar Panel with bracket, 40 watts, for use with customer supplied battery; 100 amp-hour or greater recommended. Includes pole mount bracket and an 8 ft cable with two 5/16-inch terminal lugs for connection to lead acid battery. (Teledyne Isco 605314347).....	1,290.22	76.80
Note: Does not include a 12 VDC connect cable from the battery to an Isco device. Refer to connect cables 60-1394-023, 60-5314-189, or 60-5304-921 to power Isco devices excluding 2100 modules. For 2100 Series Module battery connect cables, use 60-5314-429 or 60-5314-456.		

**46 Water And Wastewater Equipment****46 80 Water Treatment Equipment****46 82 General Water Treatment Equipment**

MINOR CSI	UOM	DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-4439	EA	SPA 1377. Deep Stream Earth Anchor for Isco Sensors. Used to mount Isco sensors in saturated or deep stream beds. Screws into stream bottom. Includes quick connect tabs for mounting sensor carriers and the standard profile AV sensor. (Teledyne Isco 605314377).....	258.04	15.36
		Note: For a low profile AV probe also order part number 60-3204-029. Approximately 30 inches in length from top to bottom.		
46 82 83 00-4440	EA	SPA 1389. Aluminum Cable Shield, built to length. Aluminum shield for cable to protect from animal damage. (Teledyne Isco 605314389).....	119.10	7.09
		Note: Must be ordered in tandem with cut to length probe (commonly 60-5304-841, 60-5314-074, 60-5314-233, 60-5314-271 or 60-5314-646) Maximum length is 75 ft. Contact factory for longer lengths.		
		<i>For Each LF Of Aluminum Cable Shield, Add</i>	3.39	
46 82 83 00-4441	EA	SPA 1396. Two piece interrogator cable, cut to length, for 2100 Series devices. Mates to 60-2544-026 or 60-2544-027. (Teledyne Isco 605314396).....	310.14	18.46
		Note: 200 ft. maximum length.		
		<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-4442	EA	SPA 1461. 2108 Power Cable. Spans the distance from 2108 and rest of stack. (Teledyne Isco 605314461).....	198.48	11.81
		Note: Same as 602004219 50 ft. Power Node Cable, but built to length, per ft.		
		<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-4443	EA	SPA 1493. 2103 Modem Surge Protection. Includes surge protector with grounding strap, 50 ft. of cable with grounding plate to place on mounting ring of 2150. Contact factory for details if used with other Isco Instruments. (Teledyne Isco 605314493).....	719.55	42.83
46 82 83 00-4444	EA	SPA 1519. Shallow Stream Earth Anchor for Isco Sensors. Used to mount Isco sensors in dry or shallow stream beds. Screws into stream bottom. Includes quick connect tabs for mounting sensor carriers or the standard profile AV sensor. (Teledyne Isco 605314519).....	258.04	15.36
		Note: For a low profile AV probe also order part number 60-3204-029. Approximately 15 inches in length from top to bottom.		
46 82 83 00-4445	EA	SPA 1529. MODBUS Communications cable for use with 2100 System. Commonly used with TELOG 3307 System. Cable is built to length. (Teledyne Isco 605314529).....	130.26	7.75
		<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-4446	EA	SPA 1543. 10 watt solar panel and mounting bracket, without cable. Replaces 603004100. Connects with 603004097 cable. (Teledyne Isco 605314543).....	812.58	48.37
46 82 83 00-4447	EA	SPA 1603. 2100 Y Cable. This cable connects to the bottom port of the 2100 series and provides two bottom connectors from single 2100 on 2 ft. cables. (Teledyne Isco 605314603).....	286.58	17.05
46 82 83 00-4448	EA	SPA 1629. Solar Panel with bracket, 110 watts, for use with customer supplied battery; 12 VDC deep-cycle or lead-acid marine battery, 100 amp-hour or greater recommended. Includes pole mount bracket and an 8 ft cable with two 5/16-inch terminal lugs for connection to lead acid battery. Does not include a 12 VDC connect cable from the battery to an Isco device. Refer to connect cables 60-1394-023, 60-5314-189, or 60-5304-921 to power Isco devices excluding 2100 modules. For 2100 Series Module battery connect cables, see 60-5314-429 or 60-5314-456. (Teledyne Isco 605314629).....	2,833.52	168.66
46 82 83 00-4449	EA	SPA 1825. Cable for connection to top of 2100 series, provides all pins as bare wire ends. Similar to 60-2004-219 only connects to top connector. Useful if 2108 is employed because the 2108 module utilizes the bottom connector of the 2100 series stack. (Teledyne Isco 605314825).....	192.29	11.45
		<i>For Each LF Of Extension Cable, Add</i>	2.38	
46 82 83 00-4450	EA	SPA 1929. External Box Inputs Up To 8 Channels of 4-20 mA Analog Input Signals to Modbus Output Interface for 2105. Outdoor rated enclosure provides a single 10-foot cable with sixteen pig tail wires for up to eight 4-20 mA input signals and another 9-foot output cable for output connection to the 2105 side connector. (Teledyne Isco 605314929).....	2,791.34	166.16
46 82 83 00-4451	EA	SPA 1933. 2100 Sampler Interface with contact closure output for non-Isco sampler or PLC. Powered from 2150/2110/2105 bottom connection. Dry contacts change state momentarily every 1,000 gallons or 5,000 liters depending on 2100 set-up. (Teledyne Isco 605314933).....	463.98	27.62
46 82 83 00-4452	EA	SPA 1942. External Box Inputs Up To 4 Channels of 4-20 mA Analog Input Signals to SDI-12 convertor for the 2105. Outdoor rated enclosure provides four 10-foot cables with pig-tail wires for connection to four 4-20 mA input signals and a 9-foot cable for connection to the 2105 side connector. (Teledyne Isco 605314942).....	2,592.84	154.35
46 82 83 00-4453	EA	2150EX Flow Module with 2196EX Battery Module and carrying handle. Includes AV2150EX sensor with 3 meter (10 ft) level measurement range and 10 meter (33 ft) cable. Zone 1 and Cl I, Div 1 approved. (Teledyne Isco 682000043).....	9,371.46	557.85
46 82 83 00-4454	EA	2150EX Flow Module with AV2150EX probe, Zone 0 and Cl I, Div 1 approved. Requires a 2196EX Battery Module (Zone 1 and Cl I, Div1), or power from a 2194EX Network Interface Module (Zone 0). (Teledyne Isco 682000021).....	7,757.43	461.77
		Note: May also be used as an add-on module for a 2150EX system (up to two 2150EX Flow Modules per stack).		
46 82 83 00-4455	EA	2150EX Flow module only, Zone 0 and Cl I, Div 1 approved. (Teledyne Isco 602004330).....	6,103.74	363.33
46 82 83 00-4456	EA	2196EX Battery Module only, Zone 1 and Cl I, Div 1 approved. Includes permanently-installed rechargeable batteries. (Teledyne Isco 602004540).....	1,653.72	98.43
46 82 83 00-4457	EA	2194EX Network Interface Module, with up to 245 ft (75 m) CA75EX cable, Zone 0 approved. Includes Network Interface connector Kit (60-2004-468), Power Adapter Cable (69-2004-451), and 2100EX bottom plate. (Teledyne Isco 682000037).....	4,209.34	250.57
		Note: The 2194EX module is to be installed in the safe area where it can serve as a network isolator and power supply for a 2150EX module installed in a potentially explosive atmosphere. The 2194EX module can be networked with other 2100 series devices in the safe area and can be used to retrieve data through an Isco RS232 cable (60-2004-046 or 60-5314-232, not included). Can be powered by Isco 910/920 series power packs, Isco 934 or 940 series batteries, or a 12 or 24 VDC source rated for the power requirements. Customer must specify cable length (up to 245 ft).		
46 82 83 00-4458	EA	2194EX Network Interface Module, with up to 490 ft (150 m) CA150EX cable, Zone 0 approved. Includes Network Interface connector Kit (60-2004-468), Power Adapter Cable (69-2004-451), and 2100EX bottom plate. (Teledyne Isco 682000038).....	4,317.27	257.00
		Note: The 2194EX module is to be installed in the safe area where it can serve as a network isolator and power supply for a 2150EX module installed in a potentially explosive atmosphere. The 2194EX module can be networked with other 2100 series devices in the safe area and can be used to retrieve data through an Isco RS232 cable (60-2004-046 or 60-5314-232, not included). Can be powered by Isco 910/920 series power packs, Isco 934 or 940 series batteries, or a 12 or 24 VDC source rated for the power requirements. Customer must specify cable length (up to 490 ft).		
46 82 83 00-4459	EA	2194EX Network Interface Module Only, Zone 0 approved. (Teledyne Isco 602004333).....	3,242.91	193.04
		Note: The 2194EX module is to be installed in the safe area where it can serve as a network isolator and power supply for a 2150EX module installed in a potentially explosive atmosphere. Requires a power source, Network Interface connector Kit (60-2004-468), and a 2100EX bottom plate.		
46 82 83 00-4460	EA	AV2150EX Area Velocity EX Sensor for 2150EX, 2151, and 2151P, with 3 meter (10 ft) level measurement range and 10 meter (33 ft) cable, Zone 0 and Cl I, Div 1 approved. (Teledyne Isco 602004331).....	1,690.92	100.65

46 82 83 00-4477 EA CA ASSY CSA NTWK75 Network communication/barrier cable, 75 ft. (23 m). (Teledyne Isco 602004263) .....	628.98	37.44
Note: Connects 2151 area velocity flow system to 2100 series product located in the safe area.		
46 82 83 00-4478 EA Maintenance Kit for 2151 Flow System. Includes four O-rings for connectors, silicon grease for O-ring lubricant, hydrophobic filter, two O-rings for desiccant cartridge, desiccant, and instructions. (Teledyne Isco 602009005) .....	65.75	3.91
46 82 83 00-4479 EA Entity Rated Power Barrier. CSA approved power isolator. Converts 100-250 VAC to intrinsically-safe 12 VDC out. DIN rail mounted. (Teledyne Isco 341001201) .....	1,761.65	104.86
46 82 83 00-4480 EA Dummy Barrier. Secures and terminates unused wires in the hazardous area. DIN rail mounted. (Teledyne Isco 109022008) .....	192.29	11.45
46 82 83 00-4481 EA 2151 Flow System Instruction Manual. (Teledyne Isco 602004162) .....	72.13	
46 82 83 00-4482 EA Flowlink 5.1 Software, two user licenses. For retrieving measurement, parameter, and sample data from Isco 2100 Series Modules and 2101 Field Wizard, 4100 Series Flow Loggers, 4200 Series Flow Meters, Pulsed Doppler Flow Meters, 6700 Series/Avalanche Samplers, 676 and 677 Logging Rain Gauge Systems, and 581 Rapid Transfer Device. Stores data in a database and generates a variety of user-customizable graphs and tables. Data can also be exported in ASCII format for analysis by programs such as Microsoft Excel, HTML format for viewing in a web browser, and PDF format for viewing in Adobe Reader. Operates on Windows XP, Vista, 7, Server 2003, and Server 2008. Supplied on CD-ROM. Software supports multiple languages, one of which is selected during installation. (Teledyne Isco 682540200) .....	2,549.42	151.76
46 82 83 00-4483 EA Flowlink LE Software, single user license. For retrieving measurement, parameter, and sample data from Isco 2100 Series Modules, 4100 Series Flow Loggers, 4200 Series Flow Meters, Pulsed Doppler Flow Meters, 6700 Series/Avalanche Samplers, 676 and 677 Logging Rain Gauge Systems, and 581 Rapid Transfer Device. Stores data in a database and generates a graph and table of a single data series. Data can also be exported in ASCII format for analysis by programs such as Microsoft Excel. Operates on Windows XP, Vista, 7, Server 2003, and Server 2008. Supplied on CD-ROM. Software supports multiple languages, one of which is selected during installation. Note that Flowlink LE does not support the 2101 Field Wizard, data editing, and graphs using multiple data series. If these functions are needed, order Flowlink 5.1 instead. (Teledyne Isco 682540201) .....	372.17	22.16
46 82 83 00-4484 EA Flowlink 5.1 Software Lease, two user licenses for lease customers. Contact factory for pricing based on lease period. (Teledyne Isco 682540203) .....	2,549.42	151.76
46 82 83 00-4485 EA Flowlink 5.1 Software, One additional user license. (Teledyne Isco 682540204) .....	483.83	28.81
46 82 83 00-4486 EA Flowlink 5.1 software, two user licenses. Special pricing for Flowlink 5.0 users. (Teledyne Isco 682540209) .....	161.28	9.60
46 82 83 00-4487 EA Flowlink 5.1 Software. Special pricing to upgrade additional user licenses of Flowlink 5.0 previously purchased as catalog number 68-2540-204. (Teledyne Isco 682540275) .....	37.22	2.21
46 82 83 00-4488 EA Flowlink 5.1 Software, two user licenses. Special pricing for current Flowlink 4 users. (Teledyne Isco 682540205) .....	992.47	59.08
46 82 83 00-4489 EA Flowlink 5.1 Software, two user licenses. Special pricing for current Flowlink LE users. (Teledyne Isco 682540208) .....	2,208.25	131.46
46 82 83 00-4490 EA Flowlink Pro software, two total licenses. Supplied on CD-ROM. For retrieving flow, rainfall, parameter and sample data from Isco 2100 Series Modules and 2100 Field Wizard, 4100 Series Flow Loggers, 4200 Series Flow Meters, Pulsed Doppler Flow Meters, 6700 Series/Avalanche Samplers, 676 and 677 Logging Rain Gauge Systems, and 581 Rapid Transfer Device. Stores data in a Microsoft SQL or Oracle central database and generates a variety of graphs and tables from stored data. Data can also be exported in ASCII format for analysis by programs such as Microsoft Excel, HTML format for viewing in a web browser, and PDF format for viewing in Adobe Reader. Server software to support central database connections, pushed instrument data, server alarms, and web display of data. Flowlink Server operates on Windows Server 2003 and Server 2008. Enterprise database software required but not included. (Teledyne Isco 682540276) .....	3,827.24	227.82

For retrieving flow, rainfall, parameter and sample data from Isco 2100 Series Modules and 2100 Field Wizard, 4100 Series Flow Loggers, 4200 Series Flow Meters, Pulsed Doppler Flow Meters, 6700 Series/Avalanche Samplers, 676 and 677 Logging Rain Gauge Systems, and 581 Rapid Transfer Device. Stores data in a Microsoft SQL or Oracle central database and generates a variety of graphs and tables from stored data. Data can also be exported in ASCII format for analysis by programs such as Microsoft Excel, HTML format for viewing in a web browser, and PDF format for viewing in Adobe Reader. Server software to support central database connections, pushed instrument data, server alarms, and web display of data. Flowlink Server operates on Windows Server 2003 and Server 2008. Enterprise database software required but not included. (Teledyne Isco 682540277).....	8,938.48	532.08
46 82 83 00-4492 EA Flowlink Pro software, eight total licenses. Supplied on CD-ROM. For retrieving flow, rainfall, parameter and sample data from Isco 2100 Series Modules and 2100 Field Wizard, 4100 Series Flow Loggers, 4200 Series Flow Meters, Pulsed Doppler Flow Meters, 6700 Series/Avalanche Samplers, 676 and 677 Logging Rain Gauge Systems, and 581 Rapid Transfer Device. Stores data in a Microsoft SQL or Oracle central database and generates a variety of graphs and tables from stored data. Data can also be exported in ASCII format for analysis by programs such as Microsoft Excel, HTML format for viewing in a web browser, and PDF format for viewing in Adobe Reader. Server software to support central database connections, pushed instrument data, server alarms, and web display of data. Flowlink Server operates on Windows Server 2003 and Server 2008. Enterprise database software required but not included. (Teledyne Isco 682540270).....	12,771.93	760.26
46 82 83 00-4493 EA Flowlink Pro software, fifteen total licenses. Supplied on CD-ROM. For retrieving flow, rainfall, parameter and sample data from Isco 2100 Series Modules and 2100 Field Wizard, 4100 Series Flow Loggers, 4200 Series Flow Meters, Pulsed Doppler Flow Meters, 6700 Series/Avalanche Samplers, 676 and 677 Logging Rain Gauge Systems, and 581 Rapid Transfer Device. Stores data in a Microsoft SQL or Oracle central database and generates a variety of graphs and tables from stored data. Data can also be exported in ASCII format for analysis by programs such as Microsoft Excel, HTML format for viewing in a web browser, and PDF format for viewing in Adobe Reader. Server software to support central database connections, pushed instrument data, server alarms, and web display of data. Flowlink Server operates on Windows Server 2003 and Server 2008. Enterprise database software required but not included. (Teledyne Isco 682540278).....	21,077.71	1,254.67
46 82 83 00-4494 EA Flowlink Pro Software, one additional license. (Teledyne Isco 682540271).....	1,910.52	113.73
46 82 83 00-4495 EA Flowlink Pro Software, special pricing for current Flowlink 5 users, eight total licenses. Discounts pricing of Flowlink Pro software as described by part number 68-2540-270 for current Flowlink 5 users. (Teledyne Isco 682540272).....	10,216.31	608.14
46 82 83 00-4496 EA Flowlink Pro Software, special pricing for current Flowlink 5 users, two total licenses. Discounts pricing of Flowlink Pro software as described by part number 68-2540-276 for current Flowlink 5 users. (Teledyne Isco 682540279).....	1,277.82	76.06
46 82 83 00-4497 EA accQpulse Shallow Water ADFM. Includes sensor with 15m (49 ft.) cable, NEMA 6P (IP68) field housing, WinADFM software, and operation manual. Replaces 687400010 when 10m cable inventory is depleted. (Teledyne Isco 687400015).....	19,360.74	1,152.47
46 82 83 00-4498 EA accQpulse Shallow Water ADFM. Includes sensor with 45 m (147 ft.) cable, NEMA 6P (IP68) field housing, WinADFM software, and operation manual. (Teledyne Isco 687400045).....	20,632.34	1,228.16
46 82 83 00-4499 EA accQpulse Deep Water ADFM. Includes sensor with 15m (49 ft.) cable, IP68 field housing, WinADFM software, and operation manual. (Teledyne Isco 687400315).....	20,632.34	1,228.16
46 82 83 00-4500 EA accQpulse Deep Water ADFM. Includes sensor with 45 m (147 ft.) cable, IP68 field housing, WinADFM software, and operation manual. (Teledyne Isco 687400345).....	21,369.26	1,272.03
46 82 83 00-4501 EA accQpulse electronics assembly. (Teledyne Isco 627400010).....	14,878.46	885.66
46 82 83 00-4502 EA IS shallow water accQpulse sensor with 15 m (49 ft.) cable. (Teledyne Isco 607404915).....	4,514.53	268.73
46 82 83 00-4503 EA IS shallow water accQpulse sensor with 45 m (147 ft.) cable. (Teledyne Isco 607404945).....	5,644.71	336.00
46 82 83 00-4504 EA IS deep water accQpulse sensor with 15 m (49 ft.) cable. (Teledyne Isco 607904915).....	5,644.71	336.00
46 82 83 00-4505 EA IS deep water accQpulse sensor with 45 m (147 ft.) cable. (Teledyne Isco 607904945).....	6,885.32	409.85
46 82 83 00-4506 EA RS232 Communication Cable, 10 ft. (3 m). Connects accQpulse, ADFM Box, or ADFM Canister with Amp connectors to PC with 9-pin serial port connector. (Teledyne Isco 607004057).....	107.93	6.43
46 82 83 00-4507 EA Wall/Console mounting kit, accQpulse electronics. (Teledyne Isco 607409001).....	69.47	4.14
46 82 83 00-4508 EA SPA 1939. Extension cable for accQpulse sensor. Total cable length should not exceed 150 ft. without prior factory approval. (Teledyne Isco 605314939).....	880.82	52.43
<i>For Each LF Of AccQpulse Sensor Extension Cable, Add</i>	6.33	
46 82 83 00-4509 EA IS shallow water accQpulse flow meter system with QBADFM Barrier module. Base price includes accQpulse electronics assembly, IS shallow water accQpulse sensor with 15 m (49 ft.) cable, WinADFM software, operation manual, and 60-7404-023 QBADFM module pre-wired with cut-to-length Q75EXT-CTL barrier to sensor extension cable. (Teledyne Isco 687400115).....	22,057.78	1,313.01
Note: The Q75EXT-CTL cable can be cut to length up to 60 m (196 ft) for additional cost. Specify Q75EXT-CTL cable length on order. Total length of IS shallow water accQpulse sensor cable plus Q75EXT-CTL cable cannot exceed 75 m (245 ft). Order power accessories separately. Contact factory for assistance with conduit applications.		
<i>For Each LF Of Q75EX-CTL Cable, Add</i>	6.20	
46 82 83 00-4510 EA IS shallow water accQpulse flow meter system with QBADFM Barrier module. Base price includes accQpulse electronics assembly, IS shallow water accQpulse sensor with 45 m (147 ft.) cable, WinADFM software, operation manual, and 60-7404-023 QBADFM module with pre-wired cut-to-length Q75EXT-CTL barrier to sensor extension cable. (Teledyne Isco 687400145).....	23,496.88	1,398.68
Note: The Q75EXT-CTL cable can be cut to length up to 30 m (98 ft) for additional cost. Specify Q75EXT-CTL cable length on order. Total length of IS shallow water accQpulse sensor cable plus Q75EXT-CTL cable cannot exceed 75 m (245 ft). Order power accessories separately. Contact factory for assistance with conduit applications.		
<i>For Each LF Of Q75EX-CTL Cable, Add</i>	6.20	
46 82 83 00-4511 EA IS shallow water accQpulse flow meter system with QBADFM Barrier module and secondary pressure sensor. Base price includes accQpulse electronics assembly, IS shallow water accQpulse sensor with 15 m (49 ft.) cable, secondary pressure sensor (specify maximum pressure rating (2.5 to 30 psi), and cable length (250 ft. or 76.2 meters maximum) at time of order), WinADFM software, operation manual, and 60-7404-022 QBADFM module with secondary pressure sensor support pre-wired with cut-to-length Q75EXT-CTL and P75EXT-CTL barrier to sensor extension cables. (Teledyne Isco 687400215).....	26,511.52	1,578.13
Note: The Q75EXT-CTL and P75EXT-CTL cables can be cut to length up to 60 m (196 ft) for additional cost. Specify Q75EXT-CTL cable length on order. Total length of either sensor cable plus extension cable cannot exceed 75 m (245 ft). Order power accessories separately. Contact factory for assistance with conduit applications.		
<i>For Each LF Of P75EXT-CTL Cable, Add</i>	1.15	
<i>For Each LF Of Q75EX-CTL Cable, Add</i>	6.20

For Each LF Of Q75EX-CTL Cable, Add	6.20	
46 82 83 00-4516 EA IS deepwater accQpulse flow meter system with QBADFM Barrier module and secondary pressure sensor. Base price includes accQpulse electronics assembly, IS deepwater accQpulse sensor with 45 m (147 ft.) cable, secondary pressure sensor (specify maximum pressure rating (2.5 to 30 psi), and cable length (250 ft. or 76.2 meters maximum) at time of order), WinADFM software, operation manual, and 60-7404-022 QBADFM module with secondary pressure sensor support with pre-wired cut-to-length Q75EXT-CTL and P75EXT-CTL barrier to sensor extension cables. (Teledyne Isco 687400545) .....29,476.55	29,476.55	1,754.62
Note: The Q75EXT-CTL and P75EXT-CTL cables can be cut to length up to 30 m (98 ft) for additional cost. Specify Q75EXT-CTL and P75EXT-CTL cable lengths on order. Total length of either sensor cable plus extension cable cannot exceed 75 m (245 ft). Order power accessories separately. Contact factory for assistance with conduit applications.		
For Each LF Of P75EXT-CTL Cable, Add	1.15	
For Each LF Of Q75EX-CTL Cable, Add	6.20	
46 82 83 00-4517 EA QBADFM Barrier Module without secondary pressure sensor support. Base price includes module pre-wired with cut-to-length Q75EXT-CTL barrier to IS accQmin sensor extension cable. (Teledyne Isco 607404023) .....2,617.66	2,617.66	155.82
Note: Specify the Q75EXT-CTL cable length on order. Total length of IS accQmin sensor cable plus Q75EXT-CTL cable cannot exceed 75 m (245 ft).		
For Each LF Of Q75EX-CTL Cable, Add	6.20	
46 82 83 00-4518 EA accQpulse Secondary Pressure Sensor Kit for QBADFM Barrier Module 60-7404-023. Kit installs accQpulse Secondary Pressure Sensor Upgrade Kit (60-7407-001), Signal Barrier (109-0220-24) with mounting bracket, and cut-to-length P75EXT-CTL secondary pressure sensor extension cable. (Teledyne Isco 687400107) .....1,215.79	1,215.79	72.37
Note: Specify cable lengths on order. Total length of secondary pressure sensor cable plus P75EXT-CTL cable cannot exceed 75 m (245 ft). Requires IS secondary pressure sensor for accQpulse at desired cable length and depth range, ordered separately.		
For Each LF Of P75EXT-CTL Cable, Add	1.15	
46 82 83 00-4519 EA QBADFM Barrier Module with secondary pressure sensor support. Module includes accQpulse Secondary Pressure Sensor Factory Upgrade 68-7400-107. Module is pre-wired with cut-to-length Q75EXT-CTL barrier to IS accQmin sensor extension cable and cut-to-length P75EXT-CTL barrier to pressure sensor extension cable. (Teledyne Isco 607404022) .....3,796.21	3,796.21	225.98
Note: Specify cable lengths on order. Total length of each pair of sensor cable plus extension cable cannot exceed 75 m (245 ft).		
For Each LF Of P75EXT-CTL Cable, Add	1.15	
For Each LF Of Q75EX-CTL Cable, Add	6.20	
46 82 83 00-4520 EA accQpulse Secondary Pressure Sensor Kit for QBADFM Barrier. Allows use of any "MTL 700" barrier. Includes components to field upgrade IS accQpulse barrier for the secondary pressure option. Kit includes stand-alone signal barrier mounting bracket, scaling resistor, label, and input cable. (Teledyne Isco 607407001) .....260.53	260.53	15.51
Note: Order the signal barrier, secondary pressure sensor, and P75EXT-CTL secondary pressure sensor extension cable separately as needed.		
46 82 83 00-4521 EA Q75EXT-CTL IS accQpulse sensor extension cable, custom length. Base price includes 1 m (3 ft). (Teledyne Isco 607404975) .....322.56	322.56	19.20
Note: Total length of IS accQpulse sensor cable plus Q75EXT-CTL cable cannot exceed 75 m (245 ft). Specify extension cable length on order.		
For Each LF Of AccQpulse Sensor Extension Cable, Add	6.33

46 82 83 00-4531	EA		RS232 Communication Cable, 10 ft. (3 m). Connects ADFM Canister with Crown connector to PC with 9-pin serial port connector. (Teledyne Isco 607004027).....	133.98	7.98
46 82 83 00-4532	EA		SPA 1677. Cut to Length cable and custom length shaft Hot Tap, Specify shaft length (max 1.52 m/60 inches) and cable length (max 30 m/98 feet). (Teledyne Isco 605314677).....	14,477.74	861.80
46 82 83 00-4533	EA		H-ADFM 1200. Includes 1200 KHz 20 m (65 ft.) range Channel Master sensor with RS232 personality module and 25 m (82 ft.) cable, NEMA 4X box enclosure, accQcomm Digital Interface Module, WinHADFM software, and operation manual. (Teledyne Isco 687300232).....	26,703.81	1,589.58
46 82 83 00-4534	EA		H-ADFM 1200. Includes 1200 KHz 20 m (65 ft.) range Channel Master sensor with RS422 personality module and 25 m (82 ft.) cable, NEMA 4X box enclosure, accQcomm Digital Interface Module, WinHADFM software, and operation manual. (Teledyne Isco 687300422).....	26,052.51	1,550.81
46 82 83 00-4535	EA		H-ADFM slide mount kit. Kit includes spacers, top and bottom mounting brackets, mounting feet, and hardware. Customer must supply rails. (Teledyne Isco 607309001).....	540.89	32.20
46 82 83 00-4536	EA		accQcomm Digital Interface Module. (Teledyne Isco 687500010).....	2,569.28	152.94
46 82 83 00-4537	EA		accQcomm Digital Interface Module with one 4-20 mA output. (Teledyne Isco 687500011).....	2,746.68	163.50
46 82 83 00-4538	EA		accQcomm Digital Interface Module with two 4-20 mA outputs. (Teledyne Isco 687500012).....	2,950.14	175.61
46 82 83 00-4539	EA		accQcomm Digital Interface Module with three 4-20 mA outputs. (Teledyne Isco 687500013).....	3,147.39	187.35
46 82 83 00-4540	EA		accQcomm Digital Interface Module with four 4-20 mA outputs. (Teledyne Isco 687500014).....	3,350.85	199.47
46 82 83 00-4541	EA		SPA 1719. for mounting the accQcomm module remote from an ADFM or accQpulse. Includes RS-232 to RS-422 converter, NEMA 4X enclosure, power cable, and cut-to-length RS232 signal cable. (Teledyne Isco 605314719).....	563.23	33.53
			<i>For Each LF Of RS232 Signal Cable, Add</i>	3.74	
46 82 83 00-4542	EA		Power Supply Kit, 24 VDC, for analog output modules. Kit includes a 24 VDC, 15 watt power supply with interchangeable plugs for domestic or international use. (Teledyne Isco 607009001).....	74.43	4.43
			Note: Power supply plugs directly into a standard AC outlet (100-240 VAC, 50-60 Hz). Power supply cable terminates in a connector compatible with the jack on the analog output module circuit board. (Kit included with analog output module)		
46 82 83 00-4543	EA		Power Supply Kit, 24 VDC, for accQcomm. Kit includes a 24 VDC, 15 watt power supply with interchangeable plugs for domestic or international use. (Teledyne Isco 607504017).....	89.33	5.31
			Note: Power supply plugs directly into a standard AC outlet (100-240 VAC, 50-60 Hz). Power supply cable terminates in individual conductors prepared for wiring into the accQcomm DC +/- terminals. (Kit included with accQcomm)		
46 82 83 00-4544	EA		Power Supply Kit, 24 VDC, for accQpulse/ADFM. Kit includes a 24 VDC, 15 watt power supply with interchangeable plugs for domestic or international use. Power supply plugs directly into a standard AC outlet (100-240 VAC, 50-60 Hz). (Teledyne Isco 607504018).....	120.34	7.16
			Note: Power supply cable terminates in a connector compatible with the DC power supply connector on the accQmin, ADFM box electronics assembly, or ADFM canister electronics assembly with Amp connectors. (Not required if used with accQcomm)		
46 82 83 00-4545	EA		Power Supply Kit, 24 VDC, for non-IS ADFM canister. Kit includes a 24 VDC, 15 watt power supply with interchangeable plugs for domestic or international use. Power supply plugs directly into a standard AC outlet (100-240 VAC, 50-60 Hz). (Teledyne Isco 607104011).....	117.86	7.01
			Note: Power supply cable terminates in a connector compatible with the DC power supply connector on the non-IS ADFM canister with Crown connectors. (Not required if used with accQcomm)		
46 82 83 00-4546	EA		Power supply, 24 VDC DIN Rail Mount. This 45 watt power supply accepts universal AC input (100-240 VAC) and 24 VDC at 2 amperes maximum. Includes short circuit, overload, over voltage, and over temperature protection. (Teledyne Isco 109022019).....	130.26	7.75
46 82 83 00-4547	EA		ADFM Sensor Debris Fairing Kit, 3-inch lift. (Teledyne Isco 607004042).....	1,462.66	87.06
46 82 83 00-4548	EA		ADFM Sensor Debris Fairing Kit Spacer, 1-inch lift. (Teledyne Isco 607004043).....	415.60	24.74
46 82 83 00-4549	EA		ADFM Sensor Debris Fairing Kit Spacer, 2-inch lift. (Teledyne Isco 607004044).....	483.83	28.81
46 82 83 00-4550	EA		ADFM Sensor Debris Fairing Kit Spacer, 4-inch lift. (Teledyne Isco 607004045).....	638.90	38.03
46 82 83 00-4551	EA		Replacement Hardware Kit, ADFM fairing/spacer. Kit includes all hardware required to mount the ADFM sensor to the fairing and/or spacers and secure the fairing/spacers to the mounting rings. Kit accommodates up to 8 inches total fairing/spacer height. (Teledyne Isco 607619001).....	508.65	30.28
			Note: If greater height is required use multiple kits.		
46 82 83 00-4552	EA		Deep Water accQpulse Sensor Debris Fairing Kit, 3-inch lift (Teledyne Isco 60-7404-046).....	762.97	45.42
46 82 83 00-4553	EA		Deep Water accQpulse Sensor Debris Fairing only, 3-inch lift (Teledyne Isco 607403040).....	738.16	43.94
46 82 83 00-4554	EA		Deep Water accQpulse Sensor Debris Fairing Kit Spacer, 1-inch lift (Teledyne Isco 607004090).....	831.19	49.48
46 82 83 00-4555	EA		Deep Water accQpulse Sensor Debris Fairing Kit Spacer, 2-inch lift (Teledyne Isco 607004091).....	837.41	49.85
46 82 83 00-4556	EA		Deep Water accQpulse Sensor Debris Fairing Kit Spacer, 4-inch lift (Teledyne Isco 607004092).....	843.61	50.22
46 82 83 00-4557	EA		accQpulse shallow water flow conditioning platform for 8-inch round pipe. (Teledyne Isco 607404002).....	1,277.82	76.06
46 82 83 00-4558	EA		accQpulse shallow water flow conditioning platform for 12-inch round pipe. (Teledyne Isco 607404003).....	1,310.06	77.98
46 82 83 00-4559	EA		accQpulse shallow water flow conditioning platform for 18-inch round pipe. (Teledyne Isco 607404004).....	1,277.82	76.06
46 82 83 00-4560	EA		accQpulse shallow water flow conditioning platform for 24-inch round pipe. (Teledyne Isco 607404005).....	1,277.82	76.06
46 82 83 00-4561	EA		SPA 1763. Custom-length pressure sensor for accQpulse. (Teledyne Isco 605314763).....	2,651.78	157.85
			Note: Specify maximum pressure rating (2.5 to 30 psi), and cable length (250 ft. or 76.2 meters maximum) at time of order.

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-4607 EA SPA 1767. 18-inch Street Level Mounting Ring. Similar to our street level mounting rings, but for 18 inch pipes. Ring only, does not include poles. (Teledyne Isco 605314767).....	545.87	32.49
46 82 83 00-4608 EA SPA 928. 674 Rain Gauge Extension Cable, cut to length. Connects to existing 50 ft. cable on 674 Rain Gauges. Total length should not exceed 1,000 ft. Specify length when ordering. (Teledyne Isco 605304928) .....	130.26	7.75
Note: When ordering a new rain gauge, the standard 50 ft. cable can be increased without the use of this extension cable. Use 60-5304-781.		
For Each LF Of Extension Cable, Add	2.30	
46 82 83 00-4609 EA SPA 729 Rain Gauge Actuator for Model 5800/4700 refrigerated sampler or 3700 series, for direct connection to Model 674 Rain Gauge (not included) and sampler's flow meter port, enables the sampler to run a timed program after a rain event totaling 0.1 inches occurs (10 bucket tips) within a 90 minute period. (Teledyne Isco 605304729) .....	571.92	34.05
Note: This total of rainfall before sampler enable can be set by the customer from 0.01 to 0.99 inches through the use of 2 internally located switches. SPA 729 contains circuitry to automatically reset the internal counter every 90 minutes during events that total less than 0.1 inch. For connection to 5800/4700 sampler also order adaptor 60-5314-697 (5800/4700 to 6712 style 'flow meter' port) or adaptor 60-5314-704 (5800/4700 to 6712 style 'flow meter' port and duplicate of 16 pin 4700/5800 connector. No external disable/enable of sampler, contact factory for external flow pacing details.		
46 82 83 00-4610 EA SPA 739 Rain Gauge Actuator With Total Rainfall Display for Model 5800/4700 refrigerated sampler or 3700 series, for direct connection to Model 674 Rain Gauge (not included) and sampler's flow meter port, enables the sampler to run a timed program after a rain event totaling 0.1 inches occurs (10 bucket tips) within a 90 minute period. (Teledyne Isco 605304739) .....	643.88	38.33
Note: This total of rainfall before sampler enable occurs can be set by the customer from 0.01 to 0.99 inches through the use of 2 internally located switches. SPA 739 contains circuitry to automatically reset the internal counter every 90 minutes during events that total less than 0.1 inch. A resettable digital totalizer mounted in the front panel displays the total amount of bucket tips. For connection to 5800/4700 sampler also order adaptor 60-5314-697 (5800/4700 to 6712 style 'flow meter' port) or adaptor 60-5314-704 (provides 6712 style 'flow meter' port and duplicate of 16 pin 4700/5800 connector. No external disable/enable of sampler, contact factory for external flow pacing details.		
46 82 83 00-4611 EA SPA 822. Extra set of contacts for Model 674 Rain Gauge. Necessary if connecting to additional non-Isco device. Also required is 50 ft. rain gauge connect cable 60-3004-149 or cut to length version 60-5304-781. (Teledyne Isco 605304822).....	334.96	19.94
46 82 83 00-4612 EA Rain Logging System, 0.01 inch. Includes 674 tipping bucket rain gauge, 4120 Flow Logger to record rain events, and 50 ft. of connect cable. (Teledyne Isco 683280002) .....	2,040.78	121.47
46 82 83 00-4613 EA Rain Logging System, 0.1 mm. Includes 674 tipping bucket rain gauge, 4120 Flow Logger to record rain events, and 15.25 m of connect cable. (Teledyne Isco 683280003) .....	2,321.15	138.17
46 82 83 00-4614 EA SPA 781. Modification to 674 Rain Gauge for Custom Cable Length. Modifies the 674 rain gauge to have a custom length cable for connection to the 4100/4200 flow meter or 6712 sampler. (Teledyne Isco 605304781).....	40.94	2.43
Note: May be ordered in tandem with the 674 rain gauge or easily installed on an existing 674 rain gauge. May also be employed with the 676 Rain Logging System. Maximum length of 1,000 ft. For the 677 Rain Logging System use custom length cable part number 60-5314-752.		
For Each LF Of Extension Cable, Add	2.30	
46 82 83 00-4615 EA SPA 865. Stainless Steel Wall Mounting Bracket for 676 rainfall logger. Allows logger to be mounted to panel or wall. (Teledyne Isco 605304865).....	245.64	14.62
46 82 83 00-4616 EA 677 Rain logging system, 0.01 inch. Includes 674 tipping bucket rain gauge, 2105 Network Interface module, 2191 Battery Module, carrying handle, maintenance kits, and 2105 to 674 rain gauge connect cable. (Teledyne Isco 682000051).....	3,895.48	231.88
46 82 83 00-4617 EA 677ci Rain Logging System 0.01 inch/tip. Consists of 2105ci interface module, 674 rain gauge with 2105 connector and 2191 battery module. (Teledyne Isco 682000100).....	5,235.32	311.64
46 82 83 00-4618 EA 677ci Rain Logging System 0.1 mm/tip. Consists of 2105ci interface module, 674 rain gauge with 2105 connector and 2191 battery module. (Teledyne Isco 682000101).....	5,235.32	311.64
46 82 83 00-4619 EA 677 Rain logging system, 0.1 mm. Includes 674 tipping bucket rain gauge, 2105 Network Interface module, 2191 Battery Module, carrying handle, maintenance kits, and 2105 to 674 rain gauge connect cable. (Teledyne Isco 682000054) .....	3,895.48	231.88
46 82 83 00-4620 EA 677g Rain logging system, 0.1 mm, with GSM/GPRS cellular modem communication. Includes 674 tipping bucket rain gauge, 2105g GSM/GPRS Network Interface module, 2191 Battery Module, carrying handle, magnet mount antenna, maintenance kits, and 2105 to 674 rain gauge connect cable. (Teledyne Isco 682000056).....	5,235.32	311.64
46 82 83 00-4621 EA SPA 1752 Custom Length Cable for connection between 2105 and 674 rain gauge. May be easily installed on an existing 674 rain gauge. (Teledyne Isco 605314752) .....	229.52	13.66
Note: Maximum length of 1,000 ft.		
For Each LF Of Extension Cable, Add	2.30	
46 82 83 00-4622 EA Model 934 Nickel-Cadmium Battery. Rechargeable, 12 VDC, 4 amp-hours. For use with Isco GLS, 3700, 6100, and 6700 Series Portable Samplers; 4200 Series Flow Meters; and 150 Portable Peristaltic Pump. (Teledyne Isco 601684040).....	326.27	19.43
Note: Recharge using Model 961 or 965 battery charger.		
46 82 83 00-4623 EA Model 961 Battery Charger. Powered by 120 VAC, 60 Hz. For charging Isco 934 Nickel-Cadmium Batteries one at a time. (Teledyne Isco 603004059) .....	146.39	8.71
46 82 83 00-4624 EA Model 965 Five-Station Battery Charger with European 240 VAC power cord. Powered by 120 or 240 VAC, 50/60 Hz (user-switched). CE Approved. (Teledyne Isco 683000966) .....	860.97	51.24
Note: Charges five Isco 934 Nickel-Cadmium Batteries, or five Isco 946 or 947 Lead-Acid Batteries, simultaneously.		
46 82 83 00-4625 EA Connect cable, solar panel to sampler or flow meter, 25 ft. For connecting solar panel, battery, and sampler or flow meter. For use with Isco GLS, 3700, 6100, and 6700 Series Portable Samplers; 4200 Series Flow Meters; and 150 Portable Peristaltic Pump. (Teledyne Isco 603004097) .....	204.70	12.18
Note: This is for 10 watt solar panels only, panel not included.		
46 82 83 00-4626 EA Solar panel connect cable, 25 ft. For use with Isco 4100 Series Flow Loggers only. For connecting solar panel, battery, and Flow Logger. (Teledyne Isco 603114010).....	194.77	11.59
Note: Compatible with 10 watt solar panels only, panel not included.		
46 82 83 00-4627 EA Solar panel 'Y' cable, 6 ft. For connecting solar panels in parallel. Compatible with 10 watt solar panels only, panel not included. (Teledyne Isco 603004098).....	161.28	9.60
46 82 83 00-4628 EA Connect cable for external 12 VDC source. Six ft. cable for powering Isco flow loggers from an external 12 VDC source, such as an automotive or deep-cycle marine battery. Terminates in heavy-duty battery clips. (Teledyne Isco 603114016).....	107.93	6.43
Note: For use with 4100 Series Flow Loggers Only.		
46 82 83 00-4629 EA Flow Logger external power connect cable. Connects Flow Logger to external Isco power source with two-pin Amphenol connector, such as an Isco Power Pack. (Teledyne Isco 603114002) .....	107.93	6.43

MINOR CSI UOM DESCRIPTION	TOTAL DIRECT UNIT COST	DEMOLITION UNIT COST
46 82 83 00-4630 EA SPA 1478. Solar Panel Lead-acid Battery Charger. 10 watt. Directly charges Isco 946 and 948 12 VDC batteries. 947 battery requires 603114015. Do NOT charge NiCad Batteries with this charger. Includes pole mount bracket and 25 ft. connect cable. (Teledyne Isco 605314478).....	937.88	55.82
Note: Not recommended for non-Isco batteries. Use SPA 1629 or SPA 1347 for higher output solar panels recommended for use with non-Isco batteries.		
46 82 83 00-4631 EA SPA 1834. Current Solar Panel Regulator for all 10 watt and 40 watt solar panels. Model SK-6 voltage regulator. Not encased, for installation into existing junction box on solar panels. (Teledyne Isco 605314834).....	120.34	7.16
Note: This item is normally purchased for spare, replacement, or troubleshooting. May require alteration to junction box of solar panel.		
46 82 83 00-4632 EA Solar panel instruction manual. (Teledyne Isco 603003269).....	19.67	
46 82 83 00-4633 EA SPA 1061. Isco to Sigma flow meter to sampler connect cable, built to length. Allows for flow pacing and event marks. To enable/disable a Sigma sampler from an Isco flow meter see SPA 788. Maximum length is 1,000 ft. (Teledyne Isco 605314061).....	119.10	7.09
Note: Power supplies for the sampler and the flow meter must be separate. For use with 5800/4700 also order adapter 60-5314-697 or 60-5314-704.		
<i>For Each LF Of Extension Cable, Add</i>		
46 82 83 00-4634 EA SPA 1520. Modification to a 6712 full-size portable sampler's center section to replace the stainless steel bulkhead fitting with a PEEK fitting. Provides the connection between the pump tube and the discharge tube. This PEEK bulkhead fitting is often used when sampling trace metals. (Teledyne Isco 605314520).....	251.84	14.99
Note: This item may be installed as a field kit. Use also PTFE-coated strainer 60-5304-820 and PEEK tubing coupler 60-5304-983.		
46 82 83 00-4635 EA SPA 1556. SDI-12 Cable Assembly for 6712 sampler, terminates in pigtails. Connects to the 6712's I/O, Rain Gauge port. Built to customer desired length. (Teledyne Isco 605314556).....	136.47	8.13
<i>For Each LF Of Extension Cable, Add</i>		
46 82 83 00-4636 EA SPA 1411. Heavy-duty modem connect cable, cut-to-length. Connects to 5-pin internal modem connector, other end is unterminated. Cable jacket is suitable for burying or routing through manholes. Specify length when ordering. (Teledyne Isco 605314411).....	155.07	9.23
<i>For Each LF Of Heavy-duty Modem Connect Cable, Add</i>		
46 82 83 00-4637 EA SPA 1607. Suspension hardware. Used to hang the 2110 Ultrasonic sensor by its cable over the measuring point. Hardware keeps the sensor level. (Teledyne Isco 605314607).....	470.19	27.98
Note: Not for use in areas subject to wind.		
46 82 83 00-4638 EA SPA 588. Enclosure Heater. Provides a 30 watt, thermostatically controlled heater for the Signature (not portable) flow meters. Powered by its own AC line cord, this option will extend the useful function of the flow meter display. (Teledyne Isco 605304588).....	651.31	38.77
46 82 83 00-4639 LF SPA 121. Three conductor cable, 18 gauge, cut to length. (Teledyne Isco 605304121).....	1.89	0.11
46 82 83 00-4640 LF SPA 260. Two conductor cable, 18 gauge, cut to length. (Teledyne Isco 605304260).....	2.70	0.16
46 82 83 00-4641 EA SPA 1016. Area Velocity Simulator. This simulator used with 4150, 4250, and 750 modules to create a fixed, artificial velocity and level reading. (Teledyne Isco 605314016).....	528.51	31.46
Note: Used for field/lab testing and troubleshooting.		
46 82 83 00-4642 EA SPA 1071. Extension Cable for 581 Rapid Transfer Device (RTD), built to length. This cable would be used when access to the Isco 6712/Avalanche sampler is limited, yet RTD interrogation is desired. (Teledyne Isco 605314071).....	96.77	5.77
Note: A maximum of 200 ft. of cable can be routed to a point convenient for connection to the RTD. Not for use with 5800/4700 or sampler or flow meter with internal modem.		
<i>For Each LF Of Extension Cable, Add</i>		
46 82 83 00-4643 EA SPA 1125. 6700 Series Sampler YSI 600 Sonde Adapter cable, built to length. This cable is the same as 60-0604-001, but in a cut to length version, with a maximum length of 200 ft. Connects to YSI field cable, and to YSI units with integral connect cable. Please specify length when ordering. (Teledyne Isco 605314125).....	126.55	7.53
Note: For 6712 sampler use SPA 1400 for non 600 Sonde adapter cable.		
<i>For Each LF Of Extension Cable, Add</i>		
46 82 83 00-4644 EA SPA 1308. Single bottle, 10-liter size, poly with lids. This is the bottle used with SPA 1012. To achieve set of four bottles order (4x) 60-5314-308. (Teledyne Isco 605314308).....	33.50	1.99
46 82 83 00-4645 EA SPA 1730. Custom-length pressure sensor for ADFM. Specify maximum pressure rating (2.5 to 30 psi), and cable length (250 ft. or 76.2 meters maximum) at time of order. (Teledyne Isco 605314730).....	2,651.78	157.85
46 82 83 00-4646 EA SPA 1762. Custom-length pressure sensor for Intrinsically-safe ADFM. Specify maximum pressure rating (2.5 to 30 psi), and cable length (250 ft. or 76.2 meters maximum) at time of order. (Teledyne Isco 605314762).....	2,651.78	157.85
46 82 83 00-4647 LF SPA 720. PTFE Bubble Line, 1/16-inch ID, per ft. Comes with two silicon end tubes. Maximum available length is 200 ft. (Teledyne Isco 605304720).....	3.84	0.23
46 82 83 00-4648 EA SPA 840. 720 Module Interface to allow 4-20 mA input. This interface replaces the level sensor and allows an isolated 4-20 mA signal representing level or flow to be recorded by the 720. The 720 is programmed with a linear equation to allow proper reading of the 4-20 mA input. (Teledyne Isco 605304840).....	1,146.31	68.24
46 82 83 00-4649 EA SPA 1356. External Modem, CE approved, DC powered, for use with Isco instruments. Compliant with phones systems around the world. Cable to connect to interrogator port is included. Not intended for use with 2100 systems. Modem software included. Modem would require recasing at additional charge if to be used in wet environment. (Teledyne Isco 605314356).....	1,460.18	86.92
46 82 83 00-4650 EA SPA 1508. Sample Initiation Alarm with Auto Reset. Serves to provide an alarm at a predetermined total flow for customers with daily discharge limits. Counts sample initiation signals and triggers a FORM C relay when total is reached. Auto resets at customer determined interval. (Teledyne Isco 605314508).....	2,373.26	141.27
46 82 83 00-4651 EA SPA 1563. GSM Cell Phone Modem Package. This cell phone modem accepts SIM cards purchased by the customer from their preferred provider. Connects to 4100/4200 flow meters & 6712 samplers. Text message output capable for 6712 samplers. Primarily for use in overseas and select U.S. markets. (Teledyne Isco 605314563).....	3,022.09	179.89
46 82 83 00-4652 EA Dura Tracker + Battery box + battery holders + carrying handle with suspension strap + instruction manual+ coupon for free Isco Open Channel Flow Measurement Handbook. (Teledyne Isco 684800001).....	4,093.97	243.69
Note: Requires Flowlink software and computer connect cable (sold separately).		
46 82 83 00-4653 EA Dura Tracker without Battery Box + instruction manual+ coupon for free Isco Open Channel Flow Measurement Handbook. (Teledyne Isco 684800002).....	3,101.49	184.62
Note: Requires Flowlink software and computer connect cable (sold separately).		
46 82 83 00-4654 EA Dura Tracker + CDMA Modem+ Battery box + battery holders + carrying handle with suspension strap + instruction manual+ coupon for free Isco Open Channel Flow Measurement Handbook. (Teledyne Isco 684800011).....	5,272.52	313.85
Note: Requires Flowlink software and computer connect cable (sold separately).		
46 82 83 00-4655 EA Dura Tracker without Battery Box + CDMA Modem + instruction manual+ coupon for free Isco Open Channel Flow Measurement Handbook. (Teledyne Isco 684800012).....	4,280.05	254.78
Note: Requires Flowlink software and computer connect cable (sold separately).
